

# FAMILY PLANNING ONLY SERVICES

***This plan provides certain family planning related services.***

***The purpose of this plan is to stop unplanned pregnancies and sexually transmitted diseases (STDs).***

## **Covered Services**

The following family planning related services may be covered if provided at an initial or annual office visit:

- Contraceptive services and supplies (such as birth control pills, condoms, etc.)
- Natural family planning supplies
- Family planning pharmacy visits
- Pap tests
- Tubal ligation
- Tests and treatment for Sexually Transmitted Diseases (STD) including chlamydia, herpes gonorrhea and syphilis as well as certain other lab tests
- Routine preventive primary services only if related to family planning.

If you are able enroll in Family Planning Only Services, you may be able to get regular Badger-Care Plus which pays for more services.

Note: Only certain services are covered under this plan. For example, mammograms and hysterectomies are not covered. You should tell your health care provider you have this coverage before you get services. Your provider should tell you if a service is not covered. If your provider tells you a service is not covered and you still choose to get the service, you will have to pay for it. You may also call 1-800-362-3002, to ask if a service is covered.

Federal law allows members to choose their provider, including physicians and family planning clinics, for family planning services and supplies. Therefore, you can also go to any family planning clinic that will accept your ForwardHealth ID card, even if the clinic is not part of your HMO.

If you need health care services your family planning provider is unable to provide, s/he will refer you to a provider who can. You may also be referred to your local community health center if you need any follow up care. If you have questions about getting a referral, ask your family planning provider.

### To enroll, you must:

- Be a U.S. citizen, or have proof of immigration status,
- Be at least 15 years of age,
- Not be getting Medicaid for the Elderly, Blind or Disabled or BadgerCare Plus Standard or Benchmark Plans, and
- Have a family gross income of no more than 300% of the federal poverty level (For minors, parents' income is not counted).

Family Size	300% FPL
1	\$2,722.50
2	\$3,677.50
3	\$4,632.50

There is no asset test for this plan.

### Temporary Enrollment for Family Planning Only Services

Temporary Enrollment means that if a qualified provider decides you meet the program rules, you can get family planning services right away, even before you have applied Family Planning Only Services with the Enrollment Services Center.

A “qualified provider” is family planning approved and s/he can decide if you can get temporary family planning services. Your own doctor may be a qualified provider; if not, it is easy to find one. Member Services at 1-800-362-3002 can give you a list of family planning qualified providers in your area.

Note: If you are not a U.S. citizen, you must apply for Family Planning Only Services with the Enrollment Services Center and provide proof of immigration status.

### Temporary Enrollment Period

Temporary enrollment for this plan begins on the day you fill out the Temporary Enrollment for Family Planning Only Services application and a “qualified provider” finds you are able to enroll. The qualified provider will help you fill out the application.

You will stay enrolled until the last day of the month following the month you are temporarily enrolled.

For example, Jane goes to the clinic and her provider enrolls her for temporary Family Planning Only Services on March 10. If Jane does not file an application with her local agency, her temporary enrollment will end on April 30th.

### How to Apply

To keep getting coverage through Family Planning Only Services, you must apply for Family Planning Only Services with the Enrollment Services Center. You can apply online at [access.wi.gov](https://access.wi.gov), by phone or mail. To apply by phone, call the Enrollment Services Center at 1-800-291-2002 to set up an appointment or to apply by mail, you must complete an application. You can get an application by calling 1-800-291-2002 or online at [dhs.wi.gov/em/customerhelp](https://dhs.wi.gov/em/customerhelp).

### Confidentiality

If you apply for or get coverage from Family Planning Only Services, you will have the following protections:

- Written information can be sent to an address other than your home address.
- If you are under 18 years of age, you will not be referred to the child support agency.
- Your parent’s income will not be used to see if you can enroll in Family Planning Only Services, if you are under 18 years of age.
- The Enrollment Services Center will not contact parents or other caretakers.

### Getting Services

If you are enrolled temporarily in Family Planning Only Services the qualified provider will give you a temporary paper ID card. This card shows that you are temporarily enrolled in Family Planning Only Services. You should show your card to your family planning provider each time you get services.

A short period of time after you get your temporary ID card, you will get a plastic “ForwardHealth” card to use for family planning services. Use your ForwardHealth card once you get it, instead of the paper ID card.

If you are not enrolled in Family Planning Only Services by the local agency, the ForwardHealth card will be turned off once your temporary enrollment ends. You should keep your ForwardHealth card because if you apply for any ForwardHealth Plan at a later date and your application is approved, you will use the same ForwardHealth card to get services.

### Wisconsin Well Woman Medicaid

You may be able to enroll in Wisconsin Well Woman Medicaid if you are enrolled in Family Planning Only Services and:

- Are screened for, and diagnosed with, cervical cancer or a precancerous condition of the cervix, or
- Receive a clinical breast exam through Family Planning Only Services and through follow up medical testing outside of Family Planning Only Services are diagnosed with breast cancer, and are found to be in need of treatment for breast or cervical cancer or a precancerous cervical condition.

Wisconsin Well Woman Medicaid covers the same services as regular BadgerCare Plus. For more information on what is covered, call Member Services at 1-800-362-3002 or see the Forward-Health Enrollment and Benefits handbook (P-00079).
