

FSET POLICY CHANGE

Here is additional clarification about the employment and training provisions as allowable under the Farm Bill, which became effective Oct 1, 2008:

1. Job Retention services are allowable for up to 90 days only for employment obtained as a result of FSET participation.
2. Persons who are currently employed full time or part time are eligible to volunteer for FSET. This provision allows employed persons to seek FSET services to build job skills, increase earnings, and/or improve job security.
