

FORWARDHEALTH PRIOR AUTHORIZATION / ENVIRONMENTAL LEAD INSPECTION INSTRUCTIONS

ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

Members of ForwardHealth are required to give providers full, correct, and truthful information for the submission of correct and complete claims for reimbursement. This information should include, but is not limited to, information concerning enrollment status, accurate name, address, and member number (HFS 104.02[4], Wis. Admin. Code).

Under s. 49.45(4), Wis. Stats., personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing prior authorization (PA) requests, or processing provider claims for reimbursement. Failure to supply the information requested by the form may result in denial of PA or payment for the service.

The use of this form is mandatory when requesting PA for certain services. If necessary, attach additional pages if more space is needed. Refer to the applicable service-specific publications for service restrictions and additional documentation requirements. Provide enough information for ForwardHealth to make a determination about the request.

Providers may submit Prior Authorization/Environmental Lead Inspection requests in one of the following ways:

- 1) For Specialized Transmission Approval Technology-Prior Authorization (STAT-PA) requests, providers should call (800) 947-1197.
- 2) For paper PA requests by fax, providers should submit a Prior Authorization Request Form (PA/RF), F-11018, and the Prior Authorization/Environmental Lead Inspection form, F-11062, by fax to ForwardHealth at (608) 221-8616.
- 3) For paper PA requests by mail, providers should submit a PA/RF and the PA/Environmental Lead Inspection form to the following address:

ForwardHealth
Prior Authorization
Ste 88
6406 Bridge Rd
Madison WI 53784-0088

Providers should make duplicate copies of all paper documents sent to ForwardHealth. The provision of services that are greater than or significantly different from those authorized may result in nonpayment of the billing claim(s).

Environmental Lead Inspection Information and Requirements (Technical Aspects of Inspections)

1. Determine the most likely sources of high-dose exposure to lead.
2. Investigate the child's home, giving special attention to painted surfaces, dust, soil, and water.
3. Advise parents about identified and potential sources of lead and ways to reduce exposure.
4. Notify the property owner immediately that a child residing on the property has lead poisoning.
5. Monitor the effectiveness and timeliness of abatement procedures closely.
6. Coordinate environmental activities with those of other public health and social management agencies.
