

## Evaluation Results Summary 2020 Strategic Leadership Team August 15 Meeting

**Summary:** Twenty-five meeting participants completed the evaluation questionnaire. In response to the overall evaluation question, "Would you rate this meeting as productive?" 19 (76%) indicated that the meeting was productive; one indicated the meeting was not productive; three did not answer this question; and two respondents offered other qualified responses, such as "somewhat."

### Summary of open-ended comments

Twenty-one meeting participants provided open-ended comments about the meeting. These are summarized below.

<b>Focus of open-ended comments</b>	<b>Number of respondents with comment</b>
More time wanted for group participation versus presentations.	7
Stressed importance of time for the discussions with entire group and/or small groups.	6
Need clearly stated objectives at the beginning of the meetings.	0
Small groups also need clear objectives and direction.	1
Need to reach resolution following discussions.	2
Suggested menu modifications.	1
Other logistical suggestions: Afternoon break; microphone issues; need for sending materials ahead, but not the PowerPoint presentations; seating order; ability to see screen for presentations; food.	2
Needed more focus on priorities versus "look and feel" of the model; avoid group wordsmithing; wanted data, not overviews.	6
Improvement needed in composition of participants with recommendations for greater representation from business/diverse populations.	2
