62270	Spinal puncture lumbar - diagnostic	\$ 155.74		
83916	CSF Oligoclonal bands	\$ 27.64		
82784	CSF Gammaglobulin; IgA, IgD, IgG, IgM, each	\$ 12.78		
89051	CSF cell count w differential	\$ 7.57		
84155	CSF protein	\$ 5.04		
82945	CSF glucose	\$ 5.39		

**\* MS Services:**

- MS services are limited to women enrolled in WWWP and who have a high probability of having MS.
- Only listed MS services are covered and when provided by WWWP providers participating in the new MS services.
- Non-listed procedures are not covered by WWWP and should be discussed with the client before they are provided.
