

Attachment: CMS Frequently Asked Questions Website

The screenshot shows a Microsoft Internet Explorer browser window displaying the CMS Frequently Asked Questions website. The browser's address bar shows the URL: <http://questions.cms.hhs.gov/cgi-bin/cmsshhs>. The website header includes the U.S. Department of Health & Human Services logo and the CMS logo. The main navigation menu includes: Home, Medicare, Medicaid, SCHIP, About CMS, Regulations & Guidance, Research, Statistics, Data & Systems, People with Medicare & Medicaid, Questions, Careers, Newsroom, Contact CMS, Acronyms, and Help. The page content features a search section with a dropdown menu for "Section" (currently set to "Disasters & Emergencies"), a search input field, and a "Search" button. Below the search section, there are 4 answers found, displayed in a table:

ID	Summary	Date Updated	Weight
1	6499 I am a provider who has been adversely impacted by Hurricane Katrina and I am unable to contact full	10/18/2006 09:56 AM	100

The Windows taskbar at the bottom shows the Start button, Desktop, My Documents, My Computer, and several open applications: Calendar - Microsoft..., S&C_EPMemo_All Haz..., S&C EP Letters, and Find Answers - Micr... The system tray shows the time as 12:54 PM on Tuesday.
