You, or a representative of this hospital, are encouraged to provide feedback to management personnel of the Bureau of Health Services (BHS) regarding this inspection visit. Our agency is committed to continuous quality improvement. We expect it from the providers we regulate and we expect it of ourselves.

We will use the information submitted via this survey tool to review, revise and improve our inspection systems and practices. Due to the nature of ongoing and often simultaneous construction projects within hospitals, BHS staff may be multiple project inspections on one visit. Therefore, it is necessary for the respondent to provide the specific project number on the questionnaire. You may submit multiple questionnaires for these events.

If you have any questions relating to this, feel free to contact Mark Andrews, Section Chief at 608/264-9894 or Jan Heimbruch, Section Chief at 608/266-0371.
