Buprenorphine Treatment of Opioid Addiction

NIDA Trained National Speaker

Presenter - Marvis Doster
Marvis Doster is a Certified Addictions Registered Nurse who has worked in the addiction field since 1971 with a private non-profit agency who provides out-patient and residential services. She is currently serving as Residential Director of a 12 bed adult addiction treatment program. Marvis has conducted training on local, state, and national levels on a variety of addiction related topics including Social Setting Detoxification, Addiction in the Elderly, and many other special interests. Marvis received endorsement from the National Institute on Drug Abuse and The Addiction Technology Transfer Center focused on the dissemination of pharmacological therapy in treating opioid addiction. Marvis has extensive professional experience in the administration of buprenorphine as a medical therapy and a broad knowledge in program administration.

Don't Just Do Something, Sit There!

Steven Dakai, AD NCAC I, SAC, ICS, RAS,
(Consultant, Ala Mana Awen, Shawano, WI)
Many human beings confuse inactivity with relaxation. Active relaxation involves becoming aware of your body and your physiological reactions. The use of mindfulness in **RELAPSE PREVENTION** allows each new experience to be felt fully, without the reactive, self-critical, controlling mind. All of which sends an alcohol and/or drug troubled human being back down a path with dangerous consequences.

Clinical Supervision

Lorie A. Goeser, BA, ICS, CSAC
Lorie Goeser has 26 years of experience in the addiction field doing direct care, trainings, program development, consultation, and direct clinical supervision. This training will cover competencies for supervisors & counselors, and problem solving on how to deal with difficult scenarios that arise in the scope of clinical supervision. Participants will be asked to bring their own situations for discussion.

Mindfulness for Self Care

Thomas Roberts, LCSW, LMFT
Thomas Roberts has gained widespread recognition in the field of health and healing as a healer, educator, author, and speaker who translates mindfulness techniques into practical strategies for enjoying a healthier, happier, more fulfilling everyday life. This training will take the focus of mindfulness and instruct on how to care for you as a clinician.

The State Counsel on Alcohol and Other Drug Abuse Public Forum (SCAODA)

The Public Forum is an opportunity for the State Council to gather input from the general public and/or conference participants for directions on utilization of the Substance Abuse Block Grant funds and programmatic changes. Input will be taken from the public by State Council representatives.
