

Risk Mitigation Resources for Rural Wisconsin

Naloxone

Find naloxone near you!	Use the DHS interactive map at https://www.dhs.wisconsin.gov/aoda/naloxone.htm to find a nearby naloxone provider.
Check if your local health or Tribal health department is a Naloxone Direct recipient.	Naloxone Direct is a program offered by the Wisconsin Department of Health Services (DHS) that provides naloxone to local or Tribal health departments and community organizations to give out to their community for free.
Ask your local pharmacist.	Many pharmacies offer over-the-counter naloxone without needing a prescription from a doctor.
Get naloxone mailed to you.	Through Next Distro, Bad River Harm Reduction supplies Wisconsin residents with free naloxone via mail. https://nextdistro.org/widistro

Risk mitigation supplies

Individuals can purchase supplies online.	Many overdose and infectious disease prevention supplies can be purchased online at various common merchants.
Become a supplier of risk mitigation materials and services for your community.	Organizations interested in offering risk mitigation services can purchase supplies from: * SmokeWorks: https://smokeworks.org * Remedy Alliance / For the People: https://remedyallianceftp.org * Points of Distribution: https://pointsofdistribution.org/ * Dance Safe: https://dancesafe.org/shop/ * North American Syringe Exchange Network (NASEN): https://nasen.org/buyers-club/

Risk mitigation technical assistance

Wisconsin Department of Health Services' Public Health Outreach and Response Team (PHORT)	Call or text 608-504-7700 or email DHSDPHPHResponseTeams@dhs.wisconsin.gov to talk with the PHORT! The PHORT offers mobile services, can answer questions, provide resources and guidance, and offer trainings throughout Wisconsin.
Wisconsin Harm Reduction Alliance (WIHRA)	WIHRA is a group of people practicing risk mitigation throughout Wisconsin. Email them at WIharmreduction@gmail.com to connect with someone who can assist with your specific questions or issues.
Wisconsin Technical Assistance Centers for Overdose Prevention at Vivent Health and Bad River	Vivent Health and Bad River have overdose and infectious disease prevention technical assistance programs for Wisconsinites. Vivent Health: https://viventhealth.org/hrtac and Bad River: https://badriverharmreduction.squarespace.com/
National Alliance of State and Territorial AIDS Directors (NASTAD)	NASTAD provides technical support to HIV and hepatitis programs: https://nastad.org/technical-assistance

Overdose prevention hotlines

Safe Spot 1-800-972-0590	Safe Spot connects people who are using drugs with a trained operator who can call for help in case of overdose. https://safe-spot.me/
Never Use Alone 1-877-696-1996	Call Never Use Alone before you use for support and emergency assistance, potentially saving your life. https://neverusealone.com/
