

22. I petition the court for the appointment of a temporary guardian with authority limited to those acts that are reasonably related to the reasons for appointment. The authority requested for the temporary guardian is as follows:

power to consent to medical evaluation, medications, and medical treatment; power to admit ward to a facility pursuant to 55.055; power to sign consents, waivers, or releases; power to receive and release records and information pertaining to ward; power to make social services decisions; power to apply for public benefits and T19, including access to review any accounts to complete applications.
