Monthly Premiums

- Premiums will help better align the member experience with that of private health care in Wisconsin.
- Requiring payments directly from members will help to actively engage members in appropriate health care utilization and value.
- If approved, the following premium policy will apply to the childless adult population:

Monthly Premiums

Household Income	Monthly Premium Amount
0 to 20 percent of FPL	No premium
21 to 50 percent of FPL	\$1 per household
51 to 80 percent of FPL	\$5 per household
81 to 100 percent of FPL	\$10 per household

Premium Payment Requirements

- Members with outstanding premiums will not be eligible for annual re-enrollment for six months or until all premiums are paid in full.
- Premiums can be paid at anytime during the six-month period to regain eligibility.
- After the six-month period, individuals may regain eligibility even if they have unpaid premiums.
- Premiums may be paid by third parties, including nonprofits, etc.

Healthy Behavior Incentives

- Members will be provided the opportunity to reduce their premiums by choosing healthy behaviors.
- Rewarding members' healthy behavior will empower them to be actively engaged in their health care.
- It will also improve accountability and lower health care costs and follow similar programs adopted in the private market.
- Those engaging in healthy behavior would have the standard premium reduced by 50%.

Health Risk Assessment (HRA)

An HRA will be required on an annual basis.

- Members will self-attest to their behaviors.
- If a member does not complete the HRA, then the member would be subject to the standard premium.
- Members can self-attest to their active management of a health risk behavior.
- Members can self-attest to an underlying health condition that affects a health risk measure.

Substance Abuse Identification and Treatment

Requires, as a condition of eligibility, that an applicant or member submit to a drug screening assessment and, if indicated, a drug test.

- Individuals will not lose coverage or eligibility if they test positive, as the policy goal is to connect those with substance use disorder to treatment.
- The drug screening assessment will be a questionnaire regarding members current and prior use of controlled substances.
- Screening will be completed at the time of application and annual redetermination.

Substance Abuse Identification and Treatment

Requirement	Impact of Requirement Results	Consequence for Refusal to Complete Requirement
Drug Screening Assessment	<u>Negative Result</u> : Eligible for health care benefits with no further action required <u>Positive Result</u> : Eligible for health care benefits AND required to submit to a drug test	Ineligible for health care benefits until the assessment is completed
Drug Test	<u>Negative Result</u> : Eligible for health care benefits with no further action required <u>Positive Result</u> : Eligible for health care benefits AND required to participate in substance abuse treatment	Ineligible for health care benefits until the drug test is submitted
Substance Abuse Treatment	Full completion of substance abuse treatment program	Ineligible for health care benefits and may reapply for benefits after a six-month period

Substance Use Disorder Residential Treatment

Under current federal policy, residential substance abuse treatment is not fully covered, presenting a barrier to continuity of care and limiting access to appropriate levels of care for individuals with substance use disorders.

Substance Use Disorder Residential Treatment

DHS is requesting the following for all BadgerCare Plus and Medicaid members:

- Residential substance use disorder treatment waiver of the federal exclusion for institution for mental disease (IMD) reimbursement.
- A waiver of the 15-day limit for IMD coverage found in Medicaid managed care regulations.

Budget Neutrality

- Federal policy requires Section 1115 demonstration waivers be budget neutral to the federal government.
- Wisconsin proposes to use a per-member per-month (PMPM) methodology to determine and achieve budget neutrality.
