- To date, there are 226 students enrolled in training for WisCaregiver Careers.

Email From the Secretary

WISCONSIN DEPARTMENT
of HEALTH SERVICES

Dear Participant,

Congratulations on your acceptance into the WisCaregiver Careers program, and thank you for taking your first step toward becoming a nurse aide.

As the number of people getting older grows, your job will be more important than ever. Nursing homes are working hard to find dedicated, caring workers to provide their residents with the quality care they need and deserve.

Email From the Secretary

You belong to the first class of the WisCaregiver Careers program. This means you get your training and testing paid for, and will receive a \$500 bonus from the nursing home after six months on the job. This program will not only help you begin your career as a caregiver, you will also have the opportunity to make a profound impact in the lives of many Wisconsin residents.

I'm very pleased you have accepted this challenge. I know you will enjoy your classes and find your work rewarding.

Sincerely,

Linda Seemeyer

Secretary

Wisconsin Department of Health Services
