Subject: Community and Provider Forums: Opportunity for Input

You are receiving this letter because you are identified as a provider authorized to deliver services to participants enrolled in the Children's Long-Term Support (CLTS) Waiver Program. The Wisconsin Department of Health Services (DHS) is implementing several changes that will impact CLTS service providers, including:

- Eliminating wait lists for services in the CLTS Waiver Program that is increasing the number of participants and creates a need for more waiver providers.
- Establishing statewide rates for supports and services in the CLTS Waiver Program.
- Implementing an updated provider registration process and launching a new online CLTS Waiver Provider Directory, available to the general public to search for waiver providers.

DHS is hosting regional community and provider forums and will be sharing information about these changes. This is an opportunity for you to receive information, ask questions, and share your input. Please see the following schedule for the CLTS community and provider forums.
