

State of Wisconsin
Department of Health Services

Tony Evers, Governor
Kirsten Johnson, Secretary-Designee

Dear Prospective Council Member:

A position for a contracted agency representative is currently available on the Children's Long-Term Support Council, and the Department of Health Services (DHS) is in the process of recruiting a new member. DHS is interested in gathering additional information as part of the appointment process. We are interested in nominees who can make a commitment to be active participants on the Council during the term of the appointment.

Meetings of the Council are held in Madison, Wisconsin, on a quarterly basis. For more information on the CLTS Council meetings, please visit the webpage <https://www.dhs.wisconsin.gov/cltscouncil/index.htm>.

To assist DHS in the nomination process, we are requesting all candidates provide a résumé (if you have one) and your response to the following four questions:

1. List organizations (programmatic, business, political, voluntary, etc.) where you are currently an active participant. Describe your role in the organization.
2. Describe your experience, if any, working on legislative issues. What topics/concerns did you address, with whom, and what were the outcomes?
3. Please list specific experience or knowledge that you feel makes you a qualified candidate for this Council.
4. Please provide the names of two to three people who can be contacted as your references. They can be people who have worked with you as discussed in questions 1 and 2 or other individuals who know you well. Please include the person's name, title, address (work or home), and daytime phone number.

Applications are accepted on a continual basis. The Office of the Secretary will review all applications and appoint the new council member.

Please mail a completed application to the address below:
