

ACCELERATED
DIAGNOSTIC
LABORATORIES
(ADL)

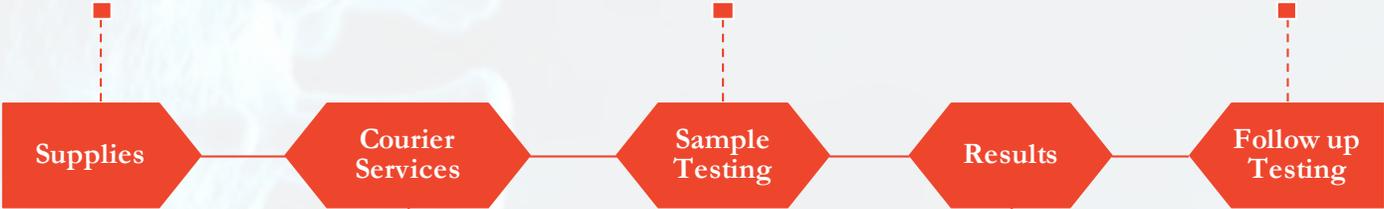

What are ADL Services?

We provide clients with the number of state approved sample collection kits, as well as the resources, they need to properly collect samples

High-complexity testing and well trained individuals are used to precisely and accurately test for SARS-CoV-2 RNA

We provide testing for our clients until their COVID-19 outbreak is eradicated safely

We provide courier services for easy transport

We quickly report positive samples to the WEDSS system and provide our client with fast accurate results
