If you need this material in a different format because of a disability or if you need this letter translated or explained in your own language, please call 1-555-555-5555. These services are free.

You Will Get Health Care Benefits as a Result of the COVID-19 Public Health Emergency

We recently told you that you could not get health care benefits because you did not answer the treatment needs question. This is a question you are required to answer to be enrolled in BadgerCare Plus. To help protect your health and safety during the COVID-19 public health emergency, we have temporarily changed BadgerCare Plus program rules. You are not being required to answer the treatment needs question at this time and will get health care benefits. We sent you another letter with information about these benefits, including when they started and how to report any changes to your circumstances.

In addition to not requiring an answer to the treatment needs question, we are also not charging premiums during the COVID-19 public health emergency. Once the public health emergency ends, you may need to pay a premium depending on your income.

We will let you know when you are required to answer the treatment needs question again and if you need to pay a premium.

If you do not want to get these health care benefits, please call the agency at the phone number listed at the top of this page.

COVID-19 Information
