

Definitions from Wisconsin's State Plan Amendment for each of the services covered by CRS. Use this definition as you prepare the outcomes form to indicate which services are indicated for your CRS Consumer, and who will be providing these services.

Defined Term: Community Living Supportive Services (CLSS)

Definition:

This service covers activities necessary to allow individuals to live with maximum independence in community integrated housing. Activities are intended to assure successful community living through utilization of skills training, cueing and/or supervision as identified by the person-centered assessment. Community Living supportive services consist of meal planning/preparation, household cleaning, personal hygiene, reminders for medications and monitoring symptoms and side effects, teaching parenting skills, community resource access and utilization, emotional regulation skills, crisis coping skills, shopping, transportation, recovery management skills and education, financial management, social and recreational activities, and developing and enhancing interpersonal skills. CLSS tasks, such as meal planning, cleaning, etc. are not done for the individual, but rather they are delivered through training, cueing, and supervision to help the participant become more independent in doing these tasks.

Wisconsin would make these services available in a variety of community locations that encompass residential, business, social and recreational settings. Residential settings are limited to an individual's own apartment or house, supported apartment programs, adult family homes (AFH), residential care apartment complexes (RCAC), and community based residential facilities (CBRF's) of from 5 to 16 beds (inclusive). The type of residential setting needed would be as agreed upon in the person-centered assessment. Individuals needing services in a CBRF setting would be those whose health and safety are at risk without 24hr supervision. Payment is not made for room and board including the cost of building maintenance.

The services provided under 1915(i) will not be duplicative of other State Plan services, including but not limited to personal care and transportation.
