PURPOSE

The purpose of this memo is to provide information regarding DHS Fraud Prevention and Investigation Program (FPIP) operation and funding for calendar year (CY) 2016.

BACKGROUND

The FPIP model focuses on fraud prevention, using investigative staff dedicated to provide all investigation activities under a single funding source, utilizing local agency and/or private contracted investigators.

This model has been implemented statewide since 2011. The FPIP has helped DHS and local income maintenance (IM) agencies to realize:

- Consistent entry of fraud prevention data in CARES.
- Payment error reduction.
- Increased revenue from benefit recovery retention.
- Measurable cost savings.

An ad hoc DHS/IM agency workgroup formed at the request of the Income Maintenance Advisory Committee ((IMAC) in 2012 unanimously recommended that by 2014 FPIP Consortia should align with the IM Consortia for several reasons:

- *Improved integration of the FPIP with the current IM service delivery model*
- *Simplified overall administration*
- *Coordinated sharing and tracking of IM and FPIP services*

The alignments of IM and FPI Consortia have been completed successfully. This work has shown process improvements and overall cost savings.

CY 2016 FRAUD PREVENTION AND INVESTIGATION PROGRAM

DHS has earmarked \$1,000,000 (all funds) to support statewide fraud prevention activities in all agencies, excluding Milwaukee Enrollment Services (MilES), that administer Wisconsin FoodShare, Wisconsin Medicaid, and BadgerCare Plus programs in CY 2016. MilES will still follow the same FPIP guidelines.

The Department will allocate an amount based on each agency's percentage of the statewide IM caseload; consistent with the data used for 2016 IM administrative allocations (IMAA). Local agency contributions are encouraged and are still eligible for federal matching funds.

Your 2016 FPIP Consortium must be comprised of the same agencies in your IM Consortium.

Under this model one agency must assume the role of administrative agency for the FPIP Consortium. Each IM Consortium will have the option to choose who the administrative agency will be for the FPIP; it does not have to be the same agency that leads the IM Consortium.

Each consortium will determine what staff will conduct FPIP investigations. You can utilize agency staff, contract staff, local law enforcement or whatever combination is most effective for your consortium.

In accordance with current DHS policy regarding consultation with tribes, tribal agencies are the only agencies that will have the option to operate their FPIP independently. If a tribal agency chooses to operate independently they will still receive their FPIP allocation.

The table below breaks down the responsibilities for the FPIP.

Roles and Responsibilities under DHS 2015 FPIP Model		
DHS	Local Agencies	FPIP Staff
Contract with local agency.	Front End Verification using an updated Error Prone Profile.	Investigations.
Policy and process guidance for agencies as well as fraud related trainings/guidance.	FPIP referrals to investigator.	Enter FPIP data in CARES.
Assist with Intentional Program Violation Process	Claims establishment for overpayments.	Agency education on FEV and Fraud referrals.
Guidance/technical assistance on trafficking enforcement.	Timely report of action taken on case(s) investigated.	Administrative Disqualification Hearing process for FPIP cases.
Maintain statewide fraud hotline and refer cases warranting investigation to agencies. OIG will keep and work cases as requested per agency.	Criminal prosecution of intentional program violations.	Regular meetings/updates with DHS.

This model is based on the following assumptions:

1. DHS will allocate funding specified in Schedule A for each agency to the administrative agency identified for the FPIP Consortium
2. Local agencies may contribute additional funding to the FPIP and the total local contribution will be eligible for the federal match for all allowable costs.

3. Schedule A allocations are based upon unduplicated IM caseload data from November 2014 to May 2015. This is a point-in-time representative month and is the same data used for CY 2016 IMAA.
4. All agencies must comply with the requirements of the FPIP Guidelines (see attachment).
 - a. The FPIP emphasizes fraud prevention over fraud detection.
 - b. The FPIP must be cost neutral such that total program costs do not exceed total program savings as measured by future savings, claims established and sanctions. FPIP areas should target a ratio of savings to costs at 5:1.
 - c. FPIP investigations will be categorized a pre-certification (FEV) or post-certification (FRD) primarily for federal reporting purposes.
 - d. DHS will monitor FPIP performance relative to cost-benefit ratio, timeliness of completions and number of investigations completed.
 - e. To ensure timely and accurate data, FPIP staff shall be responsible for entering all data related to fraud investigation activities on the CARES fraud investigation tracking screens (FITS).
 - f. FPIP Consortia will submit an Error Prone Profile.

YOUR CONSORTIUM

- In order to meet contract deadlines and have funding in place by January 1, 2016, agencies must submit all necessary documents (see Schedule B) to Wendy Metcalf at DHS no later than 12/18/15.
- Local agencies may contribute their own funding to the FPIP and the total local contribution will be eligible for the federal match for all allowable costs.

TRIBAL AGENCIES

- Tribal agencies must inform DHS in writing, to the e-mail address listed below, if you do not intend to participate in a consortium by 12/18/15.
- You are still required to submit all necessary documents (see Schedule B) to Wendy Metcalf at DHS no later than 12/18/15. Independent agencies must still abide by FPIP guidelines.
