**FRAUD PREVENTION AND INVESTIGATION PROGRAM ALLOCATIONS  
AND GUIDELINES FOR CALENDAR YEAR 2026**

**PURPOSE**

The Wisconsin Department of Health Services (DHS) has published Administrator's Memo 2025-04 to provide information on calendar year (CY) 2026 Fraud Prevention and Investigation Program (FPIP) operations and funding. This includes

- Allocations to Income Maintenance (IM) agencies based on unduplicated caseloads.
- Key contacts in the Office of the Inspector General (OIG) for FPIP, eligibility fraud investigations, Public Assistance Reporting Information System (PARIS), QUEST card trafficking, and State Law Enforcement Bureau Investigations (SLEB) inquiries.

**RESPONSE REQUIRED**

In order to meet contract deadlines and secure funding by January 1, 2026, county and tribal Income Maintenance (IM) agencies must designate and submit their consortium name, consortium manager, and IM agency FPIP supervisor **within 15 days of this memo's release date** at <https://survey.alchemer.com/s3/8621556/2026-FPIP-Contact-Information>

The goal of this survey link is to make it easier for IM agencies to submit, and DHS to manage responses.

**BACKGROUND**

The FPIP model focuses on fraud prevention and detection and supports all investigative activities under a single funding source through the efforts of IM agencies and/or private

contracted investigators. This model has been in place statewide since 2011, helping state and local partners maintain:

- Direct communication channels with program integrity staff at the state level.
- Consistent entry of fraud related data.
- Payment error reduction.

## CY 2026 FPIP

DHS has earmarked \$3 million dollars (all funds) in calendar year (CY) 2026 to support statewide fraud prevention and investigation activities in the MA, BC+, and FS programs for all FPIP agencies, except Milwaukee Enrollment Services (MilES). DHS will allocate an amount based on each agency's percentage of the statewide IM caseload for 2026. If IM agencies contribute additional non-IM funding to FPIP, all allowable costs within the total local contribution will be eligible for federal match.

## FPIP EXPECTATIONS

FPIP contractual expectations are contained in the DHS Consortium IM Contract. FPIP Guidelines are updated as necessary each contract year and can be found at [dhs.wi.gov/dms/memos/admin/dms-admin-2025-04-exhibit-a.pdf](https://dhs.wi.gov/dms/memos/admin/dms-admin-2025-04-exhibit-a.pdf). The FPIP Consortium Manager is expected to maintain and produce any documentation relevant to the program's administration in the event of an audit or inquiry.

FPIP consortiums may include the same agencies in IM consortiums. Under this model, one IM agency must be selected as administrative agency for each FPIP consortium. It does not have to be the same agency that leads the IM Consortium. Each consortium determines which staff will conduct FPIP investigations, utilizing agency staff, state staff, contract staff, local law enforcement, or any combination that is most effective for each consortium. All contract and law enforcement agencies must abide by FPIP guidelines.

In accordance with current DHS policy regarding consultation with tribes, tribal agencies are the only agencies with the option to operate an FPIP independently. If a tribal agency chooses to operate independently, the tribal agency still receives an FPIP allocation.

The following table describes roles and responsibilities under the FPIP model:

FPIP Model Roles and Responsibilities		
DHS	IM Agencies	FPIP Staff
Manage contract with local agency.	Track referrals, claims, and investigations through the DHS approved investigation tracking system (BRITS).	Complete thorough fact-finding investigations and refer suspected cases of fraud for administrative or criminal proceedings.

Assist with the Intentional Program Violation (IPV) process.	Calculate claims for trafficking, misuse and over issuance of public assistance benefits.	Provide agency education on Front End Verifications (FEV) and Fraud investigation processes.
Deliver guidance and technical assistance on trafficking enforcement policy and processes.	Ensure timely and thorough reporting of actions taken on cases investigated.	Support Administrative Disqualification Hearing (ADH) process for cases suspected of fraud.
Maintain statewide fraud hotline and refer cases to agencies as appropriate. The Office of Inspector General (OIG) will retain and work cases as requested per agency or upon criteria set forth by the Inspector General and/or the Governor's Office.	Support administrative or criminal prosecution of IPV.	Attend and participate in regular meetings and program and policy update discussions with DHS.
Annually inform each FPIP consortium of their cost-benefit ratio performance.	Inform DHS of last year's local agency contribution towards FPIP activities.	Perform and track all program integrity related activities as directed in the FPIP Guidelines.

All agencies must comply with requirements in current FPIP Guidelines (see attachment), which emphasize:

- Enhancing program integrity and reducing payment errors through fraud prevention, monitoring, and training.
- Addressing instances of fraud quickly through mitigation and containment to prevent ongoing fraud.
- Pursuing FS administrative sanctions or criminal referrals depending on the facts of the case.
- Aiming for cost neutral solutions to help ensure total administrative costs do not exceed total program savings.
- Allowing IM/FPIP consortiums and tribal agencies to designate agency staff, contracted staff, law enforcement, or any combination of them to most effectively serve as the Fraud Investigation Specialist and other FPIP staff. DHS OIG also offers assistance with investigations upon request.
- Monthly monitoring of FPIP performance by DHS, focusing on the cost savings ratio and the number and timeliness of completed investigations.

The consortium is not responsible for the failure to meet any guidelines when the failure arises out of a cause that directly affects the Consortium's ability to meet its guidelines and that is beyond the reasonable control and without the fault or negligence of the consortium.
