

Date: February 12, 2026

DPH Numbered Memo EMS 26-04

To: Emergency Medical Technicians with Licenses Expiring on June 30, 2026

From: Wisconsin EMS Section

Emergency Medical Technician Renewal Information

If you currently hold an Emergency Medical Technician (EMT) license that will expire on June 30, 2026, you will receive an email notification to the email address that you have currently listed in your [E-Licensing](#) (login required) account when the renewal applications are released. Renewal applications can only be used to renew your current EMS license. You cannot upgrade or downgrade your current licensure level using a renewal application.

To be eligible for renewal of your current license, you must meet the requirements of [Wis. Admin. Code § DHS 110.07](#). The 2026–2029 certification or licensure triennium is from July 1, 2023 through June 30, 2026. To successfully renew your license, you will need to complete all requirements and application processes by the end of June 30, 2026. You will need to provide supporting documentation as part of the application process.

If you do not complete the renewal requirements of [Wis. Admin. Code § DHS 110.07](#) by June 30, 2026 and you want to obtain current certification or licensure, you will need to meet the requirements for late renewal under [Wis. Admin. Code § DHS 110.09](#). All refresher training to support a late renewal application must still be completed during the triennium for which the current certification or license expires. The licensure triennium is from July 1, 2023 through June 30, 2026.

Please make sure that you can access your [E-Licensing](#) (login required) account in the Wisconsin [E-Licensing](#) (login required) system. If you do not remember your username or password, there is a username and password reset option available. To use this option, you must have access to the email address listed in your [E-Licensing](#) (login required) account. If you still cannot access your [E-Licensing](#) (login required) account, email the Wisconsin EMS Section at dhsemssmail@dhs.wisconsin.gov so we can assist you. Be sure to include your:

- Name as it appears in [E-Licensing](#) (login required).
- Date of birth.
- Email address to use with [E-Licensing](#) (login required).

Please review your [E-Licensing](#) (login required) account information to ensure it is current and correct. [Wis. Admin. Code § DHS 110.13\(4\)](#) states “An EMS professional shall notify the department of any [change in his or her name](#), address, or other information kept by the department within 30 days of the change, using the department's electronic licensing system or, at the department's request, submitting updated information to the department in paper form.” You can update your mailing address and other contact information in your [E-Licensing](#) (login required) account.

Emergency Medical Technician license renewal

To apply for renewal of your EMT license you will need to meet the following eligibility and training requirements:

- You must be 18 years of age or older.
- You are capable of performing the actions authorized by the department in the [Wisconsin scope of practice](#) for EMT.
- You have completed the continuing education requirements through one of the following options:
 - You have current [National Registry of Emergency Medical Technicians \(NREMT\)](#) certification that is valid on the first day of the renewal triennium (July 1, 2023); or
 - You have completed a 40-hour EMT refresher course based on the Wisconsin EMT curriculum at a [Wisconsin EMS Training Center](#); or
 - You have completed 40 hours continuing education that is based on the Wisconsin EMT curriculum and covers the subject areas identified by the department; or
 - Recertification through examination by the [NREMT](#) during this period may be used to fulfill the refresher course requirement; or
 - Successful completion of an initial training course at or above the current license level of the individual may be used to fulfill the refresher requirements of this paragraph.
- The training shall be obtained during the triennium for which the current license expires, July 1, 2023, through June 30, 2026.
- You will need to provide documentation of successful completion of a cardiopulmonary resuscitation (CPR) course at the health care professional level within the last two years by a CPR organization specified under [Wis. Admin. Code § DHS 110.17 \(1\)](#).
- Subject to [Wis. Stats. §§ 111.321, 111.322, and 111.335](#), you do not have an arrest or conviction record that is substantially related to performing the duties of an EMS professional, as determined by the department.
- You will need to submit a “2026–2029 EMS Practitioner EMT Renewal” application to [E-Licensing](#) (login required) for review for processing.

Education and training options for EMT renewal

Following this paragraph, you will find the educational options that you have to renew your EMT license and will be available options in your “2026–2029 EMS Practitioner EMT Renewal” application. The training shall be obtained during the triennium for which the current license expires, July 1, 2023, through June 30, 2026.

You will be required to provide documentation of your completed education as declared in your “2026–2029 EMS Practitioner EMT Renewal” application.

If you have current [NREMT](#) certification that is valid on the first day of the renewal triennium (July 1, 2023), you will be asked to add the NREMT certification number assigned to you by the NREMT and the certification expiration date in your “2026–2029 EMS Practitioner EMT Renewal” application. The [E-Licensing](#) (login required) system links directly to the NREMT.

If you successfully completed an initial training course at or above the EMT level at an approved [Wisconsin EMS Training Center](#):

- You will be able to select the training center where you completed your education and training and enter your course completion date in your “2026–2029 EMS Practitioner EMT Renewal” application.

- Your EMS training center will enter your education directly into your account in [E-Licensing](#) (login required) and you will not be required to provide education documentation.

If you have completed a 40-hour EMT refresher course based on the Wisconsin EMT curriculum at a [Wisconsin EMS Training Center](#):

- You will be able to select the training center that you completed your education and training at and enter your course completion date in your “2026–2029 EMS Practitioner EMT Renewal” application.
- Your EMS training center will enter your education directly into your account in [E-Licensing](#) (login required) and you will not be required to provide education documentation.

You have completed 40 hours continuing education that is based on the Wisconsin EMT curriculum and covers the subject areas identified by the department:

- If you completed the 40 hours continuing education at an EMS service that you hold a current EMS local credential agreement (LCA) with, you will need to provide a completed [F-01933 Wisconsin EMS Continuing Education Record](#) into your “2026–2029 EMS Practitioner EMT Renewal” application.
- The form needs to be signed by you (the applicant), your [Service Director](#), and your [Medical Director](#).

You have completed 40 hours continuing education that is based on the Wisconsin EMT curriculum and covers the subject areas identified by the department:

- You can complete this educational opportunity by completing the education from an educational provider accredited by the [Commission on Accreditation for Prehospital Continuing Education \(CAPCE\)](#). CAPCE accredits educational providers that provide online courses, live courses and virtual instructor-led training courses. Wisconsin does not have limits on distributive learning. In Wisconsin you can complete all online courses for renewals.
- You will need to upload your course completion documentation from your CAPCE-accredited educational provider of 40 hours of continuing education that is based on the Wisconsin EMT curriculum and covers the subject areas identified by the department into your “2026–2029 EMS Practitioner EMT Renewal” application.

Recertification through examination by the [NREMT](#) during this period may be used to fulfill the refresher course requirement. You will need to upload documentation of your successful completion of the NREMT recertification examination into your “2026–2029 EMS Practitioner EMT Renewal” application.

CPR documentation for 2026–2029 renewal triennium

You will be required to provide documentation of successful completion of a CPR course at the health care professional level within the last two years by a CPR organization specified under [Wis. Admin. Code § DHS 110.17\(1\)](#) in your “2026–2029 EMS Practitioner EMT Renewal” application. You will be asked to select your CPR organization specified under [Wis. Admin. Code § DHS 110.17\(1\)](#), provide the expiration date of your CPR, and upload a current copy of your CPR document.

Arrest or conviction record

[Wis. Admin. Code § DHS 110.07\(1\)\(e\)](#) states “Subject to ss. [111.321](#), [111.322](#), and [111.335](#), Stats., the individual does not have an arrest or conviction record that is substantially related to performing the duties of an EMS professional, as determined by the department.”

[Wis. Admin. Code § DHS 110.13\(7\)](#) states “An EMS professional shall notify the department of a felony or misdemeanor conviction in writing within 48 hours after the entry of the judgement of conviction, including the date, time, place, and nature of the conviction of finding. Notice shall include a copy of the judgement of conviction and a copy of the complaint or other information which describes the nature of the crime in order that the department determine whether the circumstances of the crime of which the person was convicted are substantially related to the practice of emergency medical services.”

If you answer "yes" to any [criminal history questions](#) in your “2026–2029 EMS Practitioner EMT Renewal” application, you must submit documentation for each conviction, offense, or charge. Details on the type of documentation are provided in the application.

“2026–2029 EMS Practitioner EMT Renewal” application process

To complete the “2026–2029 EMS Practitioner EMT Renewal” application, you will need to log into your [E-Licensing](#) (login required) account. You will be directed to “My Account.” You will want to navigate to “Profile” and review your demographic information and make any changes as needed. You will then navigate to the “Applications” tab and select the “2026–2029 EMS Practitioner EMT Renewal” application by selecting the “Apply Now.”

Please read and review the information in your application carefully. When prompted by the application, please ensure that you upload any requested documentation into the application.

If you cannot complete the application in one session, you can save the application and return to it by using the “Save” option in the “2026–2029 EMS Practitioner EMT Renewal” application. When you return to complete the application, it will be available in the “Applications” tab of your [E-Licensing](#) (login required) account under “Continue.” Remember to complete your EMS renewal application by June 30, 2026. If you do not complete the renewal requirements of [Wis. Admin. Code § DHS 110.07](#) by June 30, 2026, and you want to obtain current licensure you will need to meet the requirements of [Wis. Admin. Code § DHS 110.09](#).

Once you successfully complete the “2026–2029 EMS Practitioner EMT Renewal” application you will need to submit it to [E-Licensing](#) (login required). To submit your “2026–2029 EMS Practitioner EMT Renewal” application you will electronically sign the application by entering your [E-Licensing](#) (login required) account username and password. Before the final submission of the application, you will be asked if you want to submit the application.

Once the application is submitted, you will receive email communication to the email address listed in your [E-Licensing](#) (login required) account. You will be notified if the application is incomplete and missing supporting documents and what items are needed to complete the application process.

If your application is complete, you will receive an approval email with a copy of your renewed EMT license attached.

Tactical EMS and community EMS practitioner endorsements

To renew a tactical EMS or community EMS practitioner endorsement on an EMS practitioner license, you will only need to complete the renewal process for your core EMS practitioner license. There are no continuing education requirements for a Tactical EMS or Community EMS Practitioner endorsement.

Non-renewal of certification or licensure

If you are not renewing your current EMT license, your license will expire on June 30, 2026. You can request to have your [E-Licensing](#) (login required) account made inactive. If you wish to inactivate your [E-Licensing](#) (login required) account please email dhsemssmail@dhs.wisconsin.gov. In your email, please include your name as it appears in your [E-Licensing](#) (login required) account and written notification that you are not renewing your current license.

If you need assistance, please email dhsemssmail@dhs.wisconsin.gov.
