**Agenda:**

Time:	Topic:	Lead:	Follow-up Items:	Notes:
10:00am	Meeting called to order			
10:01am	CoAEMST and NREMT Changes			CoAEMST updated their standards. Training Centers are drafting a letter to meet with CoAEMST regarding challenges and concerns. Changes will go into effect 1/1/17.
10:10am	EMR to EMT Bridge			Fox Valley Technical College is working on an EMR to EMT bridge class. Will be a 100 hour course and will start Fall 2016.
10:15am	Curriculum Hours		Greg West to discuss with the Training Center Board the option of having a 49 hour EMT class without advanced skills would be beneficial for recruitment.	There are some concerns that the courses have too many hours in them. Services are having trouble obtaining volunteers due to this. Wisconsin meets or exceeds the National averages for those that take the National Registry Test. Established common understanding: <ul style="list-style-type: none"> <li>• WI is not able to move away from National Registry.</li> <li>• Having option to get 49 hour EMT class without advanced skills would be beneficial.</li> </ul>

10:25am	S & P Manual		Greg West to discuss with the Training Center Board about the Education and Training Committee reviewing the S & P Manual biannually. The committee would develop a mechanism to make edits to the document in between reviews.	Training Centers previously made the decision to retain and expanded to include all of the levels. It is an EMS Office document. Need the document to be a living document. Develop a mechanism to make edits as needed to sections. EMS Office will release memos to providers when an edit has been made to the manual.
10:35am	Flexible Content Hot Topics			Did not discuss.
10:45am	NREMT EMR Testing Results			Did not discuss.
11:00am	Adjourn			<b>Motion by Jim Austad, second by Steven Zils to adjourn. <u>Motion carried.</u></b>
			Next meeting date is June 7, 2016.
