Registration requirements

A non-refundable \$200 deposit is required at registration.

Total tuition is \$750 per person, payable in full by the first day of course. Checks or Money Orders ONLY for payment. Make check or money order payable to Gundersen Health System. Also include copies of your required license/certification as noted under "Course eligibility."

Mail to:

Rick Barton
Emergency Medical Services
Gundersen Health System
1900 South Ave, Mailstop C01-004
La Crosse, WI 54601

If you have any questions, contact Rick Barton at rkbarton@gundersenhealth.org or (608) 775-6315.

Please note: Enrollment confirmation and course materials will be sent to you once we receive copies of current certification/licensure and your \$200 deposit. Tuition balance must be paid in full by the first day of class.

Refund policy

Requests for refunds (less the deposit) must be made in writing at least four weeks before the start of class. Any course materials received must be returned in like-new condition prior to a refund. Gundersen Health System and/or UMBC reserve the right to cancel the course. In this event, your payment, including deposit, will be refund in full or can be applied a future course.

Registration deadline is March 2, 2015

Please fill out the CCEMTP® Registration form on the reverse side and mail it to the address listed, along with the required copies of your license/certifications as noted under the "Course Eligibility", and a check or money order for at least the minimum required deposit, in order to receive a seat in the course.

Early registration is recommended and highly encouraged, because class size is limited. A non-refundable \$200 deposit is required at registration. Tuition is \$750 per person. Tuition includes student manual and certification fee. Meals are not included.

Tuition must be paid in full by the first day of class or you will not be allowed to enter the classroom.

CRITICAL CARE EMERGENCY MEDICAL TRANSPORT PROGRAMSM

April 2 to May 21, 2015
8 a.m. – 5 p.m.

Course sponsored by:

UMBC
AN HONORS UNIVERSITY IN MARYLAND

GUNDERSEN
HEALTH SYSTEM®
Where Caring Meets Excellence

A nationally recognized training program

Critical Care Emergency Medical Transport Program (CCEMTP®) offers experienced paramedics and nurses a foundation that will prepare you to become a critical care transport specialist.

This intense 100-plus hour course, presented at Gundersen Health System in La Crosse, WI was developed by the Department of Emergency Health Services at the University of Maryland, Baltimore County (UMBC); The curriculum has such an excellent reputation that it is accepted as the base course for many other state and national level certification training.

The CCEMTP® course includes a variety of topics including:

- Critical Care Environment
- Airway Management
- Medical
- Trauma
- Special Considerations

This product meets the highest standard set forth by the NAEMSE Endorsement Committee and is the first nationally recognized course for critical care.

CCEMTP® has been approved by the Air and Surface Transport Nurses Association (ASTNA) for 100 CECH hours.

Course eligibility

The CCEMTP® course is open to any licensed/certified paramedic or registered nurse (RN):

- Copies of current state license and/or National Registry of EMT's certification.

You must have at least one year of experience in emergency/critical care and you should be current on adult and pediatric resuscitation and trauma care. We recommend current certification in CPR, ACLS, PALS (or PEPP, PPC, ENPC) and ITLS/PHTLS (or TNCC, TNATC). You are also expected to have a working knowledge of medical math, anatomy and physiology as well as strong knowledge in pharmacology.

Nationally recognized certification

If you complete this course with perfect attendance and proof of a current license, you will be evaluated with a written examination at the end of the course. If successfully completed, you will receive a renewable certificate from UMBC that is valid for three years.

This course is nationally recognized and will meet the requirements for critical care paramedic endorsement in Wisconsin.

Taught by working professionals

You will be taught by professionals working in their respective fields including Gundersen Health System and Mayo Clinic Health System – La Crosse physicians, nurses, paramedics, respiratory therapists and other specialists experienced in critical care and emergency services. UMBC and Gundersen Health System approve all instructors.

This continuing education activity is approved by UMBC, an organization accredited by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS).
