EMPLOYER HEALTH INSURANCE VERIFICATION INDIVIDUAL FOLLOW-UP HEALTH INSURANCE INFORMATION

Wisconsin Stat. § 49.471(9) requires employers to verify health insurance benefits the employers offer to their employees and employees' families. Failure to respond to the request may result in a financial penalty. The Wisconsin Department of Health Services verifies if BadgerCare Plus applicants or family members have access to employer-sponsored insurance through an Employer Verification of Health Insurance (EVHI) database. This data is collected through an Employer Verification of Health Insurance form (F-10181).

You must return this form even if you answer "No" to any of the questions below. Thank you for your cooperation.
