## **Important Notice About the Wisconsin Chronic Renal Disease Program Drug Benefit**

Please read the information below about Wisconsin Chronic Renal Disease Program (WCRDP) drug coverage policies.

### **If you are not eligible for Medicare**

When you submit your WCRDP application, you must **submit proof that you are not eligible for Medicare** in order to get drug coverage from WCRDP. If you are not eligible for Medicare, you will continue to get WCRDP drug coverage.

### **If you are eligible for Medicare**

- WCRDP does not provide full drug coverage but will provide wraparound coverage. Wraparound coverage will provide assistance for out-of-pocket drug expenses like deductibles and coinsurance.
- To get this drug wraparound coverage, you **must enroll** in Medicare Part D, SeniorCare, or another form of creditable drug coverage. Creditable drug coverage is drug coverage that is at least as good as standard Medicare Part D drug coverage.
- When you enroll in Medicare Part D, you need to choose the prescription drug plan that covers the drugs that you need.
- If you have SeniorCare or another type of creditable drug coverage and have not already done so, you must provide a certificate of credible coverage to WCRDP no later than **May 1, 2023**.

**Remember:** If you are eligible for and **choose not to enroll** in Medicare Part D, SeniorCare, or another form of creditable drug coverage, WCRDP **will not provide any** drug coverage after May 1, 2006.
