ForwardHealth requires certain information to enable the programs to authorize and pay for medical services provided to eligible members.

Under Wis. Stat. § 49.45(4), personally identifiable information about program applicants and members is confidential and is used for purposes directly related to ForwardHealth administration such as determining eligibility of the applicant, processing prior authorization (PA) requests, or processing provider claims for reimbursement. Failure to supply the information requested by the form may result in denial of PA or payment for the services.

The use of this form is mandatory when requesting a PA for certain drugs. If necessary, attach additional pages if more space is needed.
