

ASBESTOS OCCUPANT PROTECTION PLAN

This occupant protection plan is mandatory for asbestos abatement in an occupied or furnished facility and shall remain posted for the duration of the asbestos project.

Only certified persons using appropriate personal protection may enter regulated work areas.

Contractor - Describe the actions taken to ensure the health and safety of building occupants during this project in space below. If handwritten, **write clearly and legibly**. Post this plan in plain view outside the regulated area for the project.

Occupants – Asbestos is a hazardous substance. The actions described below are meant to protect you and others nearby during this asbestos removal project. It is important to stay out of work areas while work is in progress and until permission is given to re-enter upon completion. The contractor will do daily clean-up, but the regulated work area may still contain dangerous levels of asbestos until final cleaning is completed.

ASBESTOS COMPANY INFORMATION

Company Name		DHS company No.	
Address	City	State	Zip Code
Company Contact Person		Telephone No. ()	

ASBESTOS PROJECT INFORMATION

Property Type or Property Name			
Address		City	
Property Contact Person		Telephone No. ()	
Project start date (mm/dd/yy)	Project end date (mm/dd/yy)	Project work shifts <input type="checkbox"/> am <input type="checkbox"/> pm <input type="checkbox"/> night
