Objective Statement (Template Objective)

Template Objective 4- Physical Activity in Adults

By August 31, 2015, Brown County Health Department(BCHD)will implement two (2) evidence based strategies to increase physical activity by adults.

Deliverable Due Date: 10/31/2015

Contract Deliverable (Evidence)

A report entered into an electronic data collection tool that describes:

1. Strategies implemented and outcomes measured
2. Challenges or barriers to success
3. Actions to address challenges

Agency Funds for this Objective:

Data Source for Measurement

Agency report to be entered into an electronic data collection tool to be provided by the WI Division of Public Health.

Baseline for Measurement

Report will detail evidence based strategies implemented in the two (2) communities.

Context

Over the years, BCHD has been working with communities, neighborhood associations and grassroots citizen groups including Friend of the Fox River Trail and Allouez Walks and Bikes through staff time, advocacy, and education to improve the infrastructure for biking and walking throughout Brown County. Past activities have included meeting communities to promote walking and biking trails, advocating for complete streets in municipal and countywide planning, funding bike safety classes for adults, funding law enforcement training regarding enforcement of passenger and biking laws, etc. One of the projects--the Fox River Trail--encompasses many communities within the county; there are several ongoing activities for advocacy with this project to facilitate its use year round. The department would like to continue its progress in at least two (2)communities in our jurisdiction. Another project would be working with a citizen group to improve Bike and Pedestrian Plans.
