Additionally, the following qualitative data will attempt to be tracked as well including:

Any salient or unique cases or new environmental health concerns.

Any trends of increases or decreases of certain issues

Prevention efforts to reduce or prevent future issues.

Baseline for Measurement

In 2012 a total of 1,630 contacts were made relating to various environmental health issues. Additionally, 359 human health hazard and/or public health nuisances were investigated.

Context

The five county region of Grant, Iowa, Lafayette, Richland and Vernon Counties have worked in consortium for many years in several programs. Grant County serves as the fiscal agent. These counties have pooled their Prevention funding as well as other resources for years to hire an Environmental Health Coordinator who is a Registered Sanitarian to respond to, investigate, and work toward resolving the issues identified in this region. The health departments will provide signed MOUs so that Prevention allocations from Iowa County Lafayette County Richland County and from Vernon County will be added to the Grant County allocation in the Grant County contract. This sanitarian position responds to approximately 2,000 issues per year in the five county region. Examples of issues include flood damage response and clean up, solid waste problems, hazardous waste, water quality issues, and indoor air quality issues.

Input Activities

CDC strongly encourages Preventive Health and Health Services Block Grant funds be used only on evidence based strategies, best practices or promising practices. Describe the strategies/practices to be used and identify the associated web links as available. Potential links to strategies for this objective include but are not limited to:

<http://www.healthypeople.gov/2020/topicsobjectives2020/ibr.aspx?topicId=12>

<http://www.dhs.wisconsin.gov/hw2020/evidence.htm> www.dhs.wisconsin.gov/eh/ehdir/index.htm

The Environmental Health Coordinator will respond to complaints, investigate, and attempt to resolve them according to individual county nuisance ordinances or state statute in Grant, Iowa, Lafayette, Richland and Vernon Counties. The strategies will include consultations and on-site investigations. Additionally, Grant, Iowa, Lafayette, Richland, and Vernon Counties will continue to explore options that will allow them to expand environmental health services in their communities. All services will be provided or overseen by a Registered Sanitarian.
