2014 DPH Consolidated Contract Addendum

This contract addendum is specific to Vilas County Health Department whose principal business address is 302 W. Pine Street, Eagle River WI, 54521. The contact for the GRANTEES Contract Administrator is:

Gina Egan
302 W. Pine Street
Eagle River WI, 54521

Telephone: 715/ 479-3656
Fax: 715/ 479-3741
E-mail: giegan@co.vilas.wi.us

Section 6.D Funding Controls

Payments through June 30, 2014 are limited to 6/12th of the contract with the balance paid after July 1, 2014 based on reported costs up to the contract level. This applies only to the following Profile IDs:

Profile IDs Subject to 6/12 th Funding Controls			
Profile ID	Name	Profile ID	Name
103010	Regional Radon Information Centers	157720	Childhood Lead
151734	Oral Health Supplement	159320	MCH
151735	Oral Health Mouth Rinse	159321	Reproductive Health
152002	Reproductive Health SLOH	159327	Family Planning
152020	Family Health-Women's	181012	Tobacco Prevention & Control Program
157000	WWWP		

Payments through September 30, 2014 are limited to 9/12th of the contract with the balance paid after October 1, 2014 based on reported costs up to the contract level. This applies only to Profile ID 154710.

Section 34.A Special Provisions

1. Contract Period

The contract period for Profile 159220 is limited to January 1, 2014 through August 31, 2014. No expenses incurred after August 31, 2014 will be reimbursed. The contract period for all other Profile IDs is January 1, 2014 through December 31, 2014.

2. Final Report Dates

The due date of the final fiscal report for Profile 154710 shall be sixty (60) days after the Grant Agreement Period ending date. Expenses incurred during the Grant Agreement period on Profile 154710, but reported later than sixty (60) days after the period ending date, will not be recognized, allowed or reimbursed under the terms of this Grant Agreement.

Contract Agreement Addendum: Exhibit I

Program Quality Criteria

Generally high program quality criteria for the delivery of quality and cost-effective administration of health care programs have been, and will continue to be, required in each public health program to be operated under the terms of this contract.

This Exhibit contains only applicable quality criteria for this contract.

Contract Agreement Addendum: Exhibit I

Contract #: 24210

Agency: Vilas County Health Department

Contract Year: 2014

Program: Preventive Health and Health Services Block Grant Program Quality Criteria

- 1) Assessment and surveillance of public health to identify community needs and to support systematic, competent program planning and sound policy development with activities focused at both the individual and community levels.
 - A) Involvement of key policymakers and the general public in the development of comprehensive public health plans.
 - B) Development and implementation of a plan to address issues related to access to high priority public health services for every member of the community.
 - C) Identification of the scientific basis (evidence base) for the intervention.
- 2) Delivery of public health services to citizens by qualified health professionals in a manner that is family centered, culturally competent, and consistent with the best practices; and delivery of public health programs for communities for the improvement of health status.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 3) Record keeping for individual focused services that assures documentation and tracking of client health care needs, response to known health care problems on a timely basis, and confidentiality of client information.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 4) Information, education, and outreach programs intended to address known health risks in the general and certain target populations to encourage appropriate decision making by those at risk and to affect policy and environmental changes at the community level.
 - A) Provision of public information and education, and/or outreach activities focused on high-risk populations that increase awareness of disease risks, environmental health risks, and appropriate preventive activities.
 - B) Provision of public information and education and/or outreach activities should utilize strategies that have a scientific basis (best-practices) for delivery methods to assure maximum impact on the selected population.
 - C) All materials produced with PHHS Block Grant funds must include the following statement: "This publication was made possible by the PHHS Block Grant from the Centers for Disease Control and Prevention."
- 5) Coordination with related programs to assure that identified public health needs are addressed in a comprehensive, cost-effective manner across programs and throughout the community.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 6) A referral network sufficient to assure the accessibility and timely provision of services to address identified public health care needs.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 7) Provision of guidance to staff through program and policy manuals and other means sufficient to assure quality health care and cost-effective program administration.
 - A) Provision of written policy and program information about the current guidelines, standards, and recommendations for community and/or clinical preventive care.

Contract Agreement Addendum: Exhibit I

Contract #: 24210

Agency: Vilas County Health Department

Contract Year: 2014

- 8) Financial management practices sufficient to assure accurate eligibility determination, appropriate use of state and federal funds, prompt and accurate billing and payment for services provided and purchased, accurate expenditure reporting, and, when required, pursuit of third-party insurance and Medical Assistance Program coverage of services provided.
 - A) Program-specific data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
- 9) Data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
 - A) There are no separate sub-criterion to this Quality Criteria Category.

Contract Agreement Addendum: Exhibit I

Contract #: 24210

Agency: Vilas County Health Department

Contract Year: 2014

Program: Wisconsin Well Woman Program Quality Criteria

- 1) Assessment and surveillance of public health to identify community needs and to support systematic, competent program planning and sound policy development with activities focused at both the individual and community levels.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 2) Delivery of public health services to citizens by qualified health professionals in a manner that is family centered, culturally competent, and consistent with the best practices; and delivery of public health programs for communities for the improvement of health status.
 - A) The following information applies only to breast cancer screening: 1) Each coordinating agency must ensure it focuses its breast cancer screening outreach efforts on women ages 50-64. Seventy-five percent of women receiving mammograms should be between the ages of 50 and 64. 2) Each coordinating agency must document attempts to contact annually 100% of the women enrolled in the program, where rescreening is clinically indicated, to arrange mammography rescreening examinations, and must assure that at least 50% of these women are rescreened for breast cancer. 3) Each coordinating agency must follow the program standards for median days between abnormal mammography results and final diagnosis for women enrolled in the program. The median days between an abnormal mammography result and final diagnosis shall be less than 60 days, with not more than 25% over 60 days. 4) Each coordinating agency must document attempts to follow-up 100% of the women reported to have abnormal or suspicious breast cancer screening findings to assure they understand the need for further evaluation and to assist and refer them for appropriate diagnosis and treatment.
 - B) The following information applies only to cervical cancer screening: 1) Each coordinating agency must follow the program standards for median days between abnormal Pap smear results and final diagnosis for women enrolled in the program. The median days between an abnormal Pap smear result and final diagnosis shall be less than 60 days, with no more than 25% over 60 days. 2) Each coordinating agency must document attempts to follow-up 100% of the women reported to have abnormal or suspicious cervical cancer screening findings to assure they understand the need for further evaluation and to assist and refer them for appropriate diagnosis and treatment.
- 3) Record keeping for individual focused services that assures documentation and tracking of client health care needs, response to known health care problems on a timely basis, and confidentiality of client information.
 - A) Each coordinating agency must maintain a paper system or a computerized tracking database of women from its county enrolled in the program. At a minimum, the database should include annual eligibility determination, results of screening services provided, documentation of follow-up in situations of abnormal screening results, and recommended rescreening dates.
- 4) Information, education, and outreach programs intended to address known health risks in the general and certain target populations to encourage appropriate decision making by those at risk and to affect policy and environmental changes at the community level.
 - A) Each coordinating agency must document contacts made to recruit new WWWP clients with special emphasis on women 50-64 years of age. The agency must provide information and education about covered services and rescreening at appropriate intervals.

Contract Agreement Addendum: Exhibit I

Contract #: 24210

Agency: Vilas County Health Department

Contract Year: 2014

- 5) Coordination with related programs to assure that identified public health needs are addressed in a comprehensive, cost-effective manner across programs and throughout the community.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 6) A referral network sufficient to assure the accessibility and timely provision of services to address identified public health care needs.
 - A) Each coordinating agency is responsible for recruiting new providers to the WWWP as needed.
 - B) Women diagnosed with breast and/or cervical cancer will be referred to Well Woman Medicaid as appropriate.
 - C) Each coordinating agency must document contacts with each of its WWWP providers as needed, but at least quarterly, to access program status, identify needs, and share information.
- 7) Provision of guidance to staff through program and policy manuals and other means sufficient to assure quality health care and cost-effective program administration.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 8) Financial management practices sufficient to assure accurate eligibility determination, appropriate use of state and federal funds, prompt and accurate billing and payment for services provided and purchased, accurate expenditure reporting, and, when required, pursuit of third-party insurance and Medical Assistance Program coverage of services provided.
 - A) Each coordinating agency must ensure accurate eligibility determination whether completed by the local coordinating agency or the provider.
 - B) Each coordinating agency must document attempts to ensure that billing problems between the providers and the fiscal agent are resolved.
 - C) Each coordinating agency is responsible for educating clients on program-covered services and client responsibility for non-covered services.
 - D) Each coordinating agency is responsible for educating providers on the WWWP and billing practices.
- 9) Data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
 - A) There are no separate sub-criterion to this Quality Criteria Category.

Program: Childhood Lead Consolidated

Objective #: 1 of 1

Objective Value: \$0

Objective: Primary Details

Objective Statement

Template Objective 1

By December 31, 2014, 170 children at risk for lead poisoning who reside in (insert name of jurisdiction) will receive an age-appropriate blood lead test.

Deliverable Due Date: 01/31/2015

Contract Deliverable (Evidence)

A report to document the number of unduplicated children at risk for lead poisoning residing in Vilas County who received a blood lead test at the appropriate ages: age 1 and age 2, or, if no prior test was done at age 1 or 2, between the ages 3 to 5.

Programs Providing Funds for this Objective

Agency Funds for this Objective:

Data Source for Measurement

An agency-generated report; or a SPHERE Individual/Household Report, including information from the Lead-testing screen.

Baseline for Measurement

Context

Acceptable value for this objective is up to \$18 per blood lead test. Children at highest risk for lead poisoning are those eligible or enrolled in the Medicaid or WIC Program, those living or spending time in pre-1950 housing or pre-1978 housing that is undergoing renovation, or those with a sibling with lead poisoning. Age appropriate blood lead tests are done at around 12 months and around 24 months, or at least once between the ages of 3 to 5 years if the child has no previous test documented. Local health departments should seek third party reimbursement for testing Medicaid-enrolled children by billing Medicaid fee-for-service or the appropriate managed care organization. See new reference: CDC Advisory Committee on Childhood Lead Poisoning Prevention (ACCLPP) ; ;Low Level Lead Exposure Harms Children: A Renewed Call for Primary Prevention; (http://www.cdc.gov/nceh/lead/ACCLPP/Final_Document_030712.pdf, CDC, January 4, 2012) and the WCLPPP Handbook for Local Health Departments (<http://www.dhs.wisconsin.gov/lead/doc/WCLPPPHandbook.pdf>, 2002).

Contract Agreement Addendum: Exhibit II(B)

Contract #: 24210
Program: Immunization

Agency: Vilas County Health Department
Objective #: 1 of 1

Contract Year: 2014
Objective Value: \$7,411

Objective: Primary Details

Objective Statement

LHD Template Objective

By December 31, 2014, 79% of children residing in Vilas County Health Department jurisdiction who turn 24 months of age during the contract year will complete 4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hepatitis B, 1 Varicella and 4 Pneumococcal Conjugate (PCV) vaccination by their second birthday.

Deliverable Due Date: 01/31/2015

Contract Deliverable (Evidence)

A Wisconsin Immunization Registry (WIR) generated population based standard benchmark report documenting the number of children in (insert health department) jurisdiction who turned 24 months of age in 2014 contract year. Reports should be run with a 45 day buffer to ensure that all updated data has been received by the WIR. If the objective is not met, include a report of the accountability targets and the progress achieved including the activities and interventions conducted; include any barriers that may have been identified.

For your information the cohort of children for this objective is:

Date of Birth 01/01/2012- 12/31/2012

Criteria for the 2014 End of the Year Report:

The date of birth for End of Year Benchmark: 01/01/2012 ; 12/31/2012

Evaluation date: 01/01/2015

Run date: 02/15/2015

Programs Providing Funds for this Objective

Immunization: \$7,411

Agency Funds for this Objective:

Data Source for Measurement

Wisconsin Immunization Registry Records.

Baseline for Measurement

The 2012 WIR Benchmark report was run to determine the baseline. For the selected benchmarks: DTaP (4), HepB (3), Hib (3), MMR (1), Polio (3), Pneumo (4), Varicella (1)

Total clients: 197; 155 clients (79%) met all benchmark criteria, 42 clients did not.

The 2012 end of year population based standard benchmark report will be used to determine the baseline for the 2014 population based objective. There is no percentage increase for 2014; health departments need to meet or exceed the baseline percentage.

For the baseline the following parameters will be used to run the benchmark report:

Birthdate Range: 01/01/2010 thru 12/31/2010

Evaluation Date: 01/01/2013

Run Date: After: 02/15/2013

Context

Children will be assessed using the standard benchmark report for having 4 DTaP, 3 Polio, 1 MMR, 3 Hib 3 Hepatitis B, 1 varicella and 4 Pneumococcal Conjugate (PCV) vaccination by 24 months of age. Progress towards reaching 90% will be measured using a

Contract Agreement Addendum: Exhibit II(B)

Contract #: 24210
Program: Immunization

WIR Benchmark report. Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that a child has moved out of your jurisdiction, you cannot remove them from your cohort.

Context Continued

Input Activities

The Wisconsin Immunization Program recommends the following activities to help ensure success of this objective:

- Contacting parents of infants without immunization histories
- Tracking
- Coordination of immunization services with other LHD programs
- Sharing information with area physicians
- Requesting that information is entered into the WIR.
- Reminder/recall

The Wisconsin Immunization Program requires a minimum of 3 attempts to personally contact a responsible party.

Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that a child has moved out of your jurisdiction you cannot remove them from your cohort.

Reminder/recall activity is not listed in a particular order and we suggest you use the method that is the most successful for your community:

- Letter
- Phone call
- Home visit
- Email
- Text message

Additional interventions/activities are in an addendum to the Immunization Program Boundary Statement. These are suggested interventions/activities that LHD's may want to consider in order to achieve this objective.

6. WHFI Assessment Report (Note: Assessment of multiple focus areas can be reported on one Assessment Findings form.
7. Reporting forms are available at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>.

Baseline for Measurement

CDR team has been in place for several years. We are transitioning from year 2 of CDR team to year one of assessment - safety and injury prevention. Current prevention activities are based upon findings of the CDR team. We will continue to re-assess and build upon this work.

Context

Note: This work will be accomplished over multiple years with progressive steps negotiated annually. The populations to be served are all infants and children, children and youth with special health care needs, and expectant and parenting families with young children with a special focus on those at risk for poor health outcomes.

All local health departments need to propose reasonable use of their allocated MCH dollars. Those agencies receiving greater allocations of MCH dollars will be expected to provide multiple steps, focus areas, input activities, and/or objectives.

Goal: To assure that all families in Wisconsin have access to a coordinated, integrated and sustainable system of services and

Contract Agreement Addendum: Exhibit II(B)

Contract #: 24210

Agency: Vilas County Health Department

Contract Year: 2014

Program: Maternal and Child Health Block Grant

Objective #: 1 of 1

Objective Value: \$10,043

supports focused on health promotion and prevention. For more information go to:
<http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>.

Focus Areas: The focus areas for the Wisconsin Healthiest Families Initiative includes: family supports, child development, mental health, and safety and injury prevention. Go to <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems/WHFdefinitions.htm> for definitions. Agencies need to identify separate objectives for each focus area selected.

Framework: Key concepts of the Life Course Framework link to the Wisconsin Healthiest Families Initiative. The focus is on early childhood because it is a critical, sensitive period with life-long impacts on health. The objective promotes a plan for a community system that supports early childhood health and development that can build on protective factors and reduce risk factors for young children and families. Collaborations with community partners are important because the broader community environment strongly affects the capacity to be healthy. The lead for this work may vary from one community to the next and from one focus area to the next. Strengths of community partners should be promoted and supported through strategies identified by the collaborating partners. It is expected that education and/or training and utilization of the Life Course Framework concepts will be provided and implemented on an ongoing basis with community partners.

Outcomes: See sample outcomes at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems/WHFdefinitions.htm>.

Context Continued

Steps: The Wisconsin Healthiest Families Initiative will be implemented in collaboration with community partners. Sequential steps will be implemented to complete: 1) assessment, 2) plan, 3) implementation, and 4) evaluation and sustainability. These steps will be completed over multiple years. Reporting documents for these steps are located at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>.

Step 1: Assessment - Complete a community, population focused assessment that identifies the community program needs or other resources related to family supports, child development, mental health, and/or safety and injury prevention within the agency's jurisdiction. Assessment of multiple focus areas can be reported on one Assessment Findings form.

Step 2: Plan In collaboration with community partners, develop a plan that addresses the strengths and gaps identified in the assessment completed in Step 1. The plan should promote integrated, multi-sector service systems to assure services are easily accessed by expectant families and families with infants and young children, with special focus on those at risk for poor health outcomes. Coalitions/collaboratives will identify strategies and specific activities that map out their process to complete the initiative. The plan will be reported as a Community Logic Model (with one logic model submitted for each focus area) and must reflect the activities of the agency and partners.

Step 3: Implementation The agency and partners will implement strategies and activities identified in the plan completed in Step 2 to strengthen the system of early childhood services. Step 3 will be reported on the Implementation Report with one report submitted for each focus area addressed by the agency and partners.

Step 4: Evaluation and Sustainability Evaluate the impact on the community of the strategies and activities implemented and identify how this system will be sustained long term.

Input Activities

REQUIRED SUPPORT ACTIVITIES:

1. Complete an initial agency assessment of MCH Core Competencies and enter in SPHERE by January 31, 2014; review at mid-year; and update in SPHERE by contract reporting deadline.
2. Participate in education to support the ongoing development of MCH Core Competencies.
3. Identify existing and new community partners, their contributions, and level of collaboration via the Partnership Tool in SPHERE.
4. Provide and implement education and/or training and utilization of the Life Course Framework on an on-going basis with community partners and enter in SPHERE.

5. Participate in MCH Program evaluation efforts throughout the contract year.
6. Participate in training and technical assistance, as well as the 2014 MCH/KKA Conference.
7. Complete the webinar series: Data-driven Approach to Early Childhood System-building (4 sessions, 90 minutes each).
8. CDR team will continue to meet. Meeting time will be expanded to include prevention assessment and planning strategies/activities. The collaborating partners will be members of the death review team and others if needed.

Objective Statement

Template Objective 1

During the contract budget period of January 1, 2014 through December 30, 2014, the Vilas County WIC Project will maintain an average monthly participation that is at least 97% of the assigned case load.

Deliverable Due Date: 01/31/2015

Contract Deliverable (Evidence)

The State WIC Office will be responsible for providing this deliverable. Monthly participation, 3-month average participation, and/or 12-month average participation per the monthly participation report will be maintained and monitored by the State WIC Office.

Women, Infants, and Children (WIC) Supplemental Nutrition:

Agency Funds for this Objective:

Data Source for Measurement

WIC Participation Reports. Baseline for Measurement:

Current caseload is ___ participants.

Programs Providing Funds for this Objective

Women Infants Children Supplemental Nutrition: \$56,064

Agency Funds for this Objective:

Data Source for Measurement

Baseline for Measurement

Context

WIC participation means the number of "total participating" on the monthly participation report maintained and monitored by the State WIC Program Office. It is defined as the number of WIC participants, who receive WIC food instruments for one calendar month,

including the number of exclusively breastfed infants.

Context Continued

Input Activities

Policies and procedures as outlined in the Wisconsin WIC Operations Manual.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 24210
Program: Wisconsin Well Woman

Agency: Vilas County Health Department
Objective #: 1 of 1

Contract Year: 2014
Objective Value: \$15,849

Objective: Primary Details

Objective Statement

Template Objective 1:

By December 31, 2014, forty seven Vilas County residents ages 35-64 years will be screened through the Wisconsin Well Woman Program.

Deliverable Due Date: 01/31/2015

Contract Deliverable (Evidence)

An agency generated report to document an unduplicated count of Vilas County residents ages 35-64 years who received screening services through the Wisconsin Well Woman Program.

Programs Providing Funds for this Objective

Wisconsin Well Woman: \$15,849

Agency Funds for this Objective:

Data Source for Measurement

Agency records.

Baseline for Measurement

In 2013, 60 Vilas County residents ages 35-64 were screened through the Wisconsin Well Woman Program.

Context

Screening services supported by the Wisconsin Well Woman Program include breast cancer and cervical cancer. Refer to the program boundary statement and program updates for exceptions for women ages 35-44.

The Wisconsin Well Woman Program also provides staged assessment for Multiple Sclerosis for high risk women.
