**2014 DPH Consolidated Contract Addendum**

This contract addendum is specific to Waupaca County Human Services whose principal business address is 811 Harding Street, Waupaca WI, 54981-2080. The contact for the GRANTEES Contract Administrator is:

Gail Yest  
811 Harding Street  
Waupaca WI, 54981-2080

Telephone: 715/ 258-6300  
Fax: 715/ 258-6409  
E-mail: gyst@co.waupaca.wi.us

**Section 6.D Funding Controls**

Payments through June 30, 2014 are limited to 6/12<sup>th</sup> of the contract with the balance paid after July 1, 2014 based on reported costs up to the contract level. This applies only to the following Profile IDs:

Profile IDs Subject to 6/12 <sup>th</sup> Funding Controls			
Profile ID	Name	Profile ID	Name
103010	Regional Radon Information Centers	157720	Childhood Lead
151734	Oral Health Supplement	159320	MCH
151735	Oral Health Mouth Rinse	159321	Reproductive Health
152002	Reproductive Health SLOH	159327	Family Planning
152020	Family Health-Women's	181012	Tobacco Prevention & Control Program
157000	WWWP		

Payments through September 30, 2014 are limited to 9/12<sup>th</sup> of the contract with the balance paid after October 1, 2014 based on reported costs up to the contract level. This applies only to Profile ID 154710.

**Section 34.A Special Provisions**

**1. Contract Period**

The contract period for Profile 159220 is limited to January 1, 2014 through August 31, 2014. No expenses incurred after August 31, 2014 will be reimbursed. The contract period for all other Profile IDs is January 1, 2014 through December 31, 2014.

**2. Final Report Dates**

The due date of the final fiscal report for Profile 154710 shall be sixty (60) days after the Grant Agreement Period ending date. Expenses incurred during the Grant Agreement period on Profile 154710, but reported later than sixty (60) days after the period ending date, will not be recognized, allowed or reimbursed under the terms of this Grant Agreement.

## **Contract Agreement Addendum: Exhibit I**

### **Program Quality Criteria**

Generally high program quality criteria for the delivery of quality and cost-effective administration of health care programs have been, and will continue to be, required in each public health program to be operated under the terms of this contract.

This Exhibit contains only applicable quality criteria for this contract.

## Contract Agreement Addendum: Exhibit I

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

### Program: Preventive Health and Health Services Block Grant Program Quality Criteria

- 1) Assessment and surveillance of public health to identify community needs and to support systematic, competent program planning and sound policy development with activities focused at both the individual and community levels.
  - A) Involvement of key policymakers and the general public in the development of comprehensive public health plans.
  - B) Development and implementation of a plan to address issues related to access to high priority public health services for every member of the community.
  - C) Identification of the scientific basis (evidence base) for the intervention.
- 2) Delivery of public health services to citizens by qualified health professionals in a manner that is family centered, culturally competent, and consistent with the best practices; and delivery of public health programs for communities for the improvement of health status.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 3) Record keeping for individual focused services that assures documentation and tracking of client health care needs, response to known health care problems on a timely basis, and confidentiality of client information.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 4) Information, education, and outreach programs intended to address known health risks in the general and certain target populations to encourage appropriate decision making by those at risk and to affect policy and environmental changes at the community level.
  - A) Provision of public information and education, and/or outreach activities focused on high-risk populations that increase awareness of disease risks, environmental health risks, and appropriate preventive activities.
  - B) Provision of public information and education and/or outreach activities should utilize strategies that have a scientific basis (best-practices) for delivery methods to assure maximum impact on the selected population.
  - C) All materials produced with PHHS Block Grant funds must include the following statement: "This publication was made possible by the PHHS Block Grant from the Centers for Disease Control and Prevention."
- 5) Coordination with related programs to assure that identified public health needs are addressed in a comprehensive, cost-effective manner across programs and throughout the community.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 6) A referral network sufficient to assure the accessibility and timely provision of services to address identified public health care needs.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 7) Provision of guidance to staff through program and policy manuals and other means sufficient to assure quality health care and cost-effective program administration.
  - A) Provision of written policy and program information about the current guidelines, standards, and recommendations for community and/or clinical preventive care.

## Contract Agreement Addendum: Exhibit I

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

- 8) Financial management practices sufficient to assure accurate eligibility determination, appropriate use of state and federal funds, prompt and accurate billing and payment for services provided and purchased, accurate expenditure reporting, and, when required, pursuit of third-party insurance and Medical Assistance Program coverage of services provided.
  - A) Program-specific data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
- 9) Data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
  - A) There are no separate sub-criterion to this Quality Criteria Category.

## Contract Agreement Addendum: Exhibit I

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

### Program: Wisconsin Well Woman Program Quality Criteria

- 1) Assessment and surveillance of public health to identify community needs and to support systematic, competent program planning and sound policy development with activities focused at both the individual and community levels.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 2) Delivery of public health services to citizens by qualified health professionals in a manner that is family centered, culturally competent, and consistent with the best practices; and delivery of public health programs for communities for the improvement of health status.
  - A) The following information applies only to breast cancer screening: 1) Each coordinating agency must ensure it focuses its breast cancer screening outreach efforts on women ages 50-64. Seventy-five percent of women receiving mammograms should be between the ages of 50 and 64. 2) Each coordinating agency must document attempts to contact annually 100% of the women enrolled in the program, where rescreening is clinically indicated, to arrange mammography rescreening examinations, and must assure that at least 50% of these women are rescreened for breast cancer. 3) Each coordinating agency must follow the program standards for median days between abnormal mammography results and final diagnosis for women enrolled in the program. The median days between an abnormal mammography result and final diagnosis shall be less than 60 days, with not more than 25% over 60 days. 4) Each coordinating agency must document attempts to follow-up 100% of the women reported to have abnormal or suspicious breast cancer screening findings to assure they understand the need for further evaluation and to assist and refer them for appropriate diagnosis and treatment.
  - B) The following information applies only to cervical cancer screening: 1) Each coordinating agency must follow the program standards for median days between abnormal Pap smear results and final diagnosis for women enrolled in the program. The median days between an abnormal Pap smear result and final diagnosis shall be less than 60 days, with no more than 25% over 60 days. 2) Each coordinating agency must document attempts to follow-up 100% of the women reported to have abnormal or suspicious cervical cancer screening findings to assure they understand the need for further evaluation and to assist and refer them for appropriate diagnosis and treatment.
- 3) Record keeping for individual focused services that assures documentation and tracking of client health care needs, response to known health care problems on a timely basis, and confidentiality of client information.
  - A) Each coordinating agency must maintain a paper system or a computerized tracking database of women from its county enrolled in the program. At a minimum, the database should include annual eligibility determination, results of screening services provided, documentation of follow-up in situations of abnormal screening results, and recommended rescreening dates.
- 4) Information, education, and outreach programs intended to address known health risks in the general and certain target populations to encourage appropriate decision making by those at risk and to affect policy and environmental changes at the community level.
  - A) Each coordinating agency must document contacts made to recruit new WWWP clients with special emphasis on women 50-64 years of age. The agency must provide information and education about covered services and rescreening at appropriate intervals.

## Contract Agreement Addendum: Exhibit I

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

- 5) Coordination with related programs to assure that identified public health needs are addressed in a comprehensive, cost-effective manner across programs and throughout the community.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 6) A referral network sufficient to assure the accessibility and timely provision of services to address identified public health care needs.
  - A) Each coordinating agency is responsible for recruiting new providers to the WWWP as needed.
  - B) Women diagnosed with breast and/or cervical cancer will be referred to Well Woman Medicaid as appropriate.
  - C) Each coordinating agency must document contacts with each of its WWWP providers as needed, but at least quarterly, to access program status, identify needs, and share information.
- 7) Provision of guidance to staff through program and policy manuals and other means sufficient to assure quality health care and cost-effective program administration.
  - A) There are no separate sub-criterion to this Quality Criteria Category.
- 8) Financial management practices sufficient to assure accurate eligibility determination, appropriate use of state and federal funds, prompt and accurate billing and payment for services provided and purchased, accurate expenditure reporting, and, when required, pursuit of third-party insurance and Medical Assistance Program coverage of services provided.
  - A) Each coordinating agency must ensure accurate eligibility determination whether completed by the local coordinating agency or the provider.
  - B) Each coordinating agency must document attempts to ensure that billing problems between the providers and the fiscal agent are resolved.
  - C) Each coordinating agency is responsible for educating clients on program-covered services and client responsibility for non-covered services.
  - D) Each coordinating agency is responsible for educating providers on the WWWP and billing practices.
- 9) Data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
  - A) There are no separate sub-criterion to this Quality Criteria Category.

## Contract Agreement Addendum: Exhibit II(A)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

### Childhood Lead

**Program Total Value \$5,915**

1 Template Objective 4 \$5,915

Throughout the 2014 contract period, residents from the jurisdiction of the Waupaca County Health Department will receive lead poisoning prevention and intervention services that are provided according to federal and state guidelines.

### Immunization

**Program Total Value \$14,544**

1 LHD Template Objective \$14,544

By December 31, 2014, 73% children residing in Waupaca County Health Department jurisdiction who turn 24 months of age during the contract year will complete 4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hepatitis B, 1 Varicella and 4 Pneumococcal Conjugate (PCV) vaccination by their second birthday.

### MCH

**Program Total Value \$23,252**

1 By December 31, 2014, The Keeping Kids Alive Initiative will be implemented by the Waupaca County Health Department in collaboration with community partners. \$23,252

### Prevention

**Program Total Value \$3,170**

1 Template Objective 3 - Healthy Weight in Children and Adolescents \$3,170

By August 31, 2014, the Waupaca County NuAct Coalition will implement 1 evidence based strategy to promote healthy weight in children and adolescents.

### WIC

**Program Total Value \$157,832**

1 Template Objective 1 \$157,832

During the contract budget period of January 1, 2014 through December 30, 2014, the Waupaca County WIC Project will maintain an average monthly participation that is at least 97% of the assigned case load.

### Well Woman

**Program Total Value \$23,961**

1 Template Objective 1: \$23,961

By December 31, 2014, 83 Waupaca County residents ages 35-64 years will be screened through the Wisconsin Well Woman Program.

---

<b>Total of Contract Objective Values</b>	\$228,674
<b>Total of Contract Statement Of Work Values</b>	\$0

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Childhood Lead Consolidated

Objective #: 1 of 1

Objective Value: \$5,915

### Objective: Primary Details

#### Objective Statement

Template Objective 4

Throughout the 2014 contract period, residents from the jurisdiction of the Waupaca County Health Department will receive lead poisoning prevention and intervention services that are provided according to federal and state guidelines.

**Deliverable Due Date:** 01/31/2015

#### Contract Deliverable (Evidence)

A report to document the extent to which assurance of each of the three follow-up components of this objective was provided, specifically: 1) the number of children with a capillary blood lead level greater than or equal to 5 micrograms per deciliter and the number who received a venous confirmation test; 2) the number of families with children with a venous blood lead level greater than or equal to 5 micrograms per deciliter and the number who received a home visit to provide information on lead poisoning prevention and treatment, and 3) the number of children with a venous blood lead level greater than or equal to 5 micrograms per deciliter and the number of environmental lead hazard investigations conducted on their primary residence and/or secondary properties, including accompanying work orders and property clearance. For evaluation purposes, those children whose families are non-responsive to outreach or moved from the jurisdiction before appropriate follow-up services could be provided can be removed from this cohort.

#### Programs Providing Funds for this Objective

Childhood Lead Consolidated: \$5,915

#### Agency Funds for this Objective:

#### Data Source for Measurement

An agency-generated report.

#### Baseline for Measurement

In 2012, 5 children in Waupaca County had a capillary blood lead level greater than or equal to 10 mcg/dl. Of these, 4 children had follow up venous lead testing done in 2012 with results less than 10 mcg/dl. The remaining child has not returned for follow up testing. The phone number of record is no longer in service. Waupaca County Public Health has recently sent a letter to the family concerning retesting this child.

In 2012, one family of a child with a blood lead level greater than or equal to 10 mcg/dl received a home visit providing them with information on lead poisoning prevention and treatment.

There were no children in Waupaca County with final blood lead levels of 15 mcg/dl or greater. One child, with a reading greater than 15 mcg/dl, whose follow up reading was less than 10 mcg/dl, has been under the care of a physician.

#### Context

There is no designated value range for this objective; it is automatically accepted if the entire Childhood Lead Poisoning Prevention Program (CLPPP) allocation is \$6000 or less. If the allocation is greater than \$6000 and the agency wants to select this objective, negotiation for the value of this objective is required. This assurance objective is intended to assure that the local health department is providing a comprehensive childhood lead poisoning prevention program. For this objective, a home visit will be conducted for all children with one or more venous blood lead levels greater than or equal to 5 micrograms per deciliter. For this objective, an environmental lead hazard investigation will be conducted for all children with one or more venous blood lead levels greater than or equal to 5 micrograms per deciliter. This environmental lead hazard investigation includes a risk assessment of the property, issuance of work orders to address the identified lead hazards, and a clearance report indicating that the hazards have been controlled. The intent is to provide early environmental intervention in response to a lead poisoned child to prevent more severe lead poisoning. The environmental lead hazard investigation can include a child's primary residence and pertinent secondary properties. The procedure for the investigation is outlined in Chapter 9 of the WCLPPP Handbook for Local Health Departments (<http://www.dhs.wisconsin.gov/lead/doc/WCLPPPHandbook.pdf>, 2002), and is conducted at lower blood lead levels than required by state statute (Wis Stat 254). Also see new reference: "Low Level Lead Exposure Harms Children: A Renewed Call for Primary Prevention" (CDC Advisory Committee on Childhood Lead Poisoning Prevention, January 4, 2012, ([http://www.cdc.gov/nceh/lead/ACCLPP/Final\\_Document\\_030712.pdf](http://www.cdc.gov/nceh/lead/ACCLPP/Final_Document_030712.pdf))).

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Immunization

Objective #: 1 of 1

Objective Value: \$14,544

### Objective: Primary Details

#### Objective Statement

LHD Template Objective

By December 31, 2014, 73% children residing in Waupaca County Health Department jurisdiction who turn 24 months of age during the contract year will complete 4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hepatitis B, 1 Varicella and 4 Pneumococcal Conjugate (PCV) vaccination by their second birthday.

**Deliverable Due Date:** 01/31/2015

#### Contract Deliverable (Evidence)

A Wisconsin Immunization Registry (WIR) generated population based standard benchmark report documenting the number of children in Waupaca County Health Department jurisdiction who turned 24 months of age in 2014 contract year. Reports should be run with a 45 day buffer to ensure that all updated data has been received by the WIR. If the objective is not met, include a report of the accountability targets and the progress achieved including the activities and interventions conducted; include any barriers that may have been identified.

For your information the cohort of children for this objective is:

Date of Birth 01/01/2012- 12/31/2012

Criteria for the 2014 End of the Year Report:

The date of birth for End of Year Benchmark: 01/01/2012 ; 12/31/2012

Evaluation date: 01/01/2015

Run date: 02/15/2015

#### Programs Providing Funds for this Objective

Immunization: \$14,544

#### Agency Funds for this Objective:

#### Data Source for Measurement

Wisconsin Immunization Registry Records.

#### Baseline for Measurement

The 2012 end of year population based standard benchmark report will be used to determine the baseline for the 2014 population based objective. There is no percentage increase for 2014. Health departments need to meet or exceed the baseline percentage.

For the baseline the following parameters will be used to run the benchmark report:

Birthdate Range: 01/01/2010 thru 12/31/2010

Evaluation Date: 01/01/2013

Run Date: After: 02/15/2013

Baseline benchmark: 73%

#### Context

Children will be assessed using the standard benchmark report for having 4 DTaP, 3 Polio, 1 MMR, 3 Hib 3 Hepatitis B, 1 varicella and 4 Pneumococcal Conjugate (PCV) vaccination by 24 months of age. Progress towards reaching 90% will be measured using a WIR Benchmark report. Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that a child has moved out of your jurisdiction, you cannot remove them from your cohort.

#### Context Continued

## Contract Agreement Addendum: Exhibit II(B)

**Contract #:** 24216  
**Program:** Immunization

**Agency:** Waupaca County Human Services, Health Services Division  
**Objective #:** 1 of 1

**Contract Year:** 2014  
**Objective Value:** \$14,544

### Input Activities

The Wisconsin Immunization Program recommends the following activities to help ensure success of this objective:

- Contacting parents of infants without immunization histories
- Tracking
- Coordination of immunization services with other LHD programs
- Sharing information with area physicians
- Requesting that information is entered into the WIR.
- Reminder/recall

The Wisconsin Immunization Program requires a minimum of 3 attempts to personally contact a responsible party.

Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that a child has moved out of your jurisdiction you cannot remove them from your cohort.

Reminder/recall activity is not listed in a particular order and we suggest you use the method that is the most successful for your community:

- Letter
- Phone call
- Home visit
- Email
- Text message

Additional interventions/activities are in an addendum to the Immunization Program Boundary Statement. These are suggested interventions/activities that LHD's may want to consider in order to achieve this objective.

Program: Maternal and Child Health Block Grant

Objective #: 1 of 1

Objective Value: \$23,252

### Objective: Primary Details

#### Objective Statement

By December 31, 2014, The Keeping Kids Alive Initiative will be implemented by the Waupaca County Health Department in collaboration with community partners.

**Deliverable Due Date:** 01/31/2015

#### Contract Deliverable (Evidence)

Reporting forms are available at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>]

1. A completed 2014 baseline assessment of agency core competencies by January 31, 2014, updated throughout the year and completed by marking 'Final for Contract Year' by January 31, 2015.
2. Documentation of participation in the MCH Annual Conference.(Nov. 5&6 2014 in Wisconsin Dells).
3. Documentation of participation in the webinar series: Data-driven Approach to Early Childhood System-building (4 sessions, 90 minutes each).
4. A completed Partnership Report for the Focus Area(s) that directly aligns with the objective.
5. A completed Planning, Implementation, and Sustainability Report.
6. Documentation of the number of life course trainings held, audience, and the number of participants.
7. Copy of completed standardized tool created by the Alliance to assess the current review team.

#### Programs Providing Funds for this Objective

Maternal and Child Health Block Grant: \$23,252

#### Agency Funds for this Objective:

#### Data Source for Measurement

Reporting forms are available at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>]

1. SPHERE Report of the MCH Core Competencies.
2. MCH Conference Attendee List
3. Webinar Evaluation
4. SPHERE Partnership Report to include data from the following tab/screen: Partnership Tool. Data entry on this screen includes Partner Representation and Contribution of Partnership.
5. KKA Planning, Implementation, and Sustainability Report.
6. Data entered in the national data base.
7. SPHERE Community Report to include data from the following screens: Community Activity (all appropriate fields), Intervention: Health Teaching; Subintervention: Life Course Framework.

#### Baseline for Measurement

Include the applicable items that were completed in 2013 for the Baseline for

Measurement:

1. Implementation is in progress on the establishment of a CDR team. The Health Department is a participating member and identified new partners and invited them to the team. Potential team members met two times - once for an informational meeting on 11/14/2013 08:44 AM

## Contract Agreement Addendum: Exhibit II(B)

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Maternal and Child Health Block Grant

**Objective #:** 1 of 1

**Objective Value:** \$23,252

September 26, 2013 and once for training on 10/31/2013.

2. Barriers were identified regarding potential stakeholders buy-in.
3. Initiated Assessment.
4. Developed a plan utilizing the Logic Model to guide the implementation of a CDR team.
5. Two team members attended data entry webinar.
6. Identified two team members that will analyze data.
7. Two team members attended the Keeping Kids Alive Summit 11/2013.
8. Health Department is a participating member of Waupaca County Suicide Prevention committee and offered training to the public in 2013.

### Context

Wisconsin Keeping Kids Alive Initiative Goal: To establish a sustainable, coordinated system to identify causes of all fetal, infant and child deaths, resulting in preventive strategies for community action. See <http://www.chawisconsin.org/kka.htm>

Note: preventive interventions will be implemented via the Healthiest Families Initiative.).

Local infant/child death review teams are part of public health surveillance and are critical to better understanding how and why a child died. We have statistics on how many children die and from what causes, <http://www.dhs.wisconsin.gov/health/injuryprevention>, but often know little about the circumstances leading up to the child's death. These multidisciplinary teams review and acknowledge all child deaths from a prevention standpoint.

In Wisconsin, the Division of Public Health (DPH) works with the Children's Health Alliance of Wisconsin (the Alliance) in an effort to assure all fetal, infant and child deaths have the opportunity to be reviewed with an emphasis on prevention. Current Child Death Review (CDR) teams are expected to follow the Wisconsin Model, known as Keeping Kids Alive in Wisconsin (outlined in the following manual: <http://www.chawisconsin.org/documents/CDRFinal10.13.08.pdf>). Counties will be expected to work with the Alliance and DPH to explore opportunities to review fetal and infant deaths (prior to 2015) to integrate the National Fetal and Infant Mortality Review (NFIMR) recommendations ([www.nfimr.org](http://www.nfimr.org)) into their reviews.

The Fetal and Infant Mortality Review (FIMR) is an action-oriented community process that continually assesses, monitors, and works to improve service systems and community resources for women, infants, and families. Through the review of all fetal and infant deaths we can both better understand the maternal and infant health and social risk factors contributing to these deaths and identify potential protective factors. The FIMR process brings private health care providers, public health, and community service providers together with the intention of examining the current systems that support families during pregnancy, infancy, preconception and interconception.

Local Health Departments may choose this objective to:

1. Initiate a new CDR team in their community where one previously did not exist

(taking into consideration fetal deaths along with infant and child deaths)

## Contract Agreement Addendum: Exhibit II(B)

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Maternal and Child Health Block Grant

**Objective #:** 1 of 1

**Objective Value:** \$23,252

2. Assess the fidelity of an existing CDR Team to the Keeping Kids Alive in Wisconsin Model
3. Assess the ability of the community, with an existing CDR Team, to review fetal deaths
4. Implement and evaluate a plan to address issues brought forth from one of the above assessments

Communities choosing this objective are expected to follow the Keeping Kids Alive model. It is anticipated that most communities can develop and implement a new CDR/FIMR team following this model within two years. Additional time may be negotiated as deemed appropriate.

Local public health departments will each participate in training and technical assistance, identification of new community partners and utilization of the Keeping Kids Alive Model.

The WI Healthiest Families Initiative will be utilized to assess the community's current prevention efforts and move review recommendations to action.

### **Context Continued**

Required Primary Activities: Local public health departments will complete the following activities. Moving to the Wisconsin Healthiest Families objective for prevention activities may be undertaken at any time, as the community sees fit.

#### Initiation of a New Team

1. Work with staff at the Alliance to receive training on the development and implementation of a death review team and use of the data collection system.
2. Identify and recruit appropriate partners to form a death review team.
3. Implement death reviews in accordance with the Keeping Kids Alive in Wisconsin model, including entering all deaths into the data collection system.
4. Select the Wisconsin Healthiest Families objective to support review recommendations moving to action within your community.

#### Improvement of a Current Team

1. Utilize the standardized tool created by the Alliance to complete an assessment of the current review team with fidelity to the Keeping Kids Alive Model.
2. Implement and evaluate strategies to improve the death review team according to needs identified in the assessment.

## Contract Agreement Addendum: Exhibit II(B)

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Maternal and Child Health Block Grant

**Objective #:** 1 of 1

**Objective Value:** \$23,252

3. Select the Wisconsin Healthiest Families objective to support review recommendations moving to action within your community.

**Input Activities**

1. Complete an initial agency assessment of MCH Core Competencies and enter in SPHERE by January 31, 2014; review at mid-year; and update in SPHERE by contract reporting deadline.
2. Participate in education to support the ongoing development of MCH Core Competencies.
3. Identify existing and new community partners, their contributions, and level of collaboration via the Partnership Tool in SPHERE.
4. Participate in training and technical assistance as well as the annual MCH Conference and the Keeping Kids Alive Summit.
5. Utilize the Keeping Kids Alive in Wisconsin model including entering data into the data collection system.
6. Participate in MCH Program evaluation efforts throughout the contract year.
7. Complete the webinar series: Data-driven Approach to Early Childhood System-building (4 sessions, 90 minutes each).
8. Incorporate the Life Course Theory in training potential stakeholders.
9. Continued participation in the Waupaca County Suicide Prevention committee and staff will attend offered community-wide training.
10. Implement and evaluate a plan to address issues brought forth from one of the above assessments.
11. Utilize the standardized tool created by the Alliance to complete an assessment of the current review team with fidelity to the Keeping Kids Alive Model.
12. Implement and evaluate strategies to improve the death review team according to needs identified in the assessment.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Preventive Health and Health Services  
Block Grant

Objective #: 1 of 1

Objective Value: \$3,170

### Objective: Primary Details

#### Objective Statement

Template Objective 3 - Healthy Weight in Children and Adolescents

By August 31, 2014, the Waupaca County NuAct Coalition will implement 1 evidence based strategy to promote healthy weight in children and adolescents.

**Deliverable Due Date:** 09/30/2014

#### Contract Deliverable (Evidence)

A report entered into an electronic data collection tool that describes:

1. Description of strategies implemented and outcomes measured
2. Challenges or barriers to success
3. Actions to address challenges
4. Indicate and describe if Prevention funded activities were used to obtain additional funding, donations or in-kind contributions

#### Programs Providing Funds for this Objective

Preventive Health and Health Services Block Grant: \$3,170

#### Agency Funds for this Objective:

#### Data Source for Measurement

Agency report to be entered into an electronic data collection tool to be provided by the WI Division of Public Health.

#### Baseline for Measurement

This initiative builds on previous strategies implemented.

#### Context

Describe why this objective was chosen and selected outcome measure(s).

This objective was chosen to build on existing and/or, create new partnerships to plan and implement initiatives for the prevention and management of obesity in children and adolescents. The strategies are either evidence based, best practices, or promising practices, and will look at affecting environmental and/or policy change.

#### Context Continued

#### Input Activities

CDC strongly encourages Preventive Health and Health Services Block Grant funds be used only on evidence based strategies, best practices or promising practices. Describe the strategies/practices to be used and identify the associated web links as available. Potential links to strategies for this objective include but are not limited to:

<http://whatworksforhealth.wisc.edu/>

<http://www.fruitsandveggiesmatter.gov/downloads/NationalActionGuide2009.pdf>

<http://www.dhs.wisconsin.gov/hw2020/evidence.htm>

Strategies will be implemented to improve the community nutrition environment by improving access to fruits and vegetables in community/school gardens.

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Women Infants Children Supplemental Nutrition

**Objective #:** 1 of 1

**Objective Value:** \$157,832

### Objective: Primary Details

#### Objective Statement

Template Objective 1

During the contract budget period of January 1, 2014 through December 30, 2014, the Waupaca County WIC Project will maintain an average monthly participation that is at least 97% of the assigned case load.

**Deliverable Due Date:** 01/31/2015

#### Contract Deliverable (Evidence)

The State WIC Office will be responsible for providing this deliverable. Monthly participation, 3-month average participation, and/or 12-month average participation per the monthly participation report will be maintained and monitored by the State WIC Office.

Programs Providing Funds for this Objective

Women, Infants, and Children (WIC) Supplemental Nutrition:

Agency Funds for this Objective:

Data Source for Measurement

WIC Participation Reports. Baseline for Measurement:

Current caseload is 801 participants.

#### Programs Providing Funds for this Objective

Women Infants Children Supplemental Nutrition: \$157,832

#### Agency Funds for this Objective:

#### Data Source for Measurement

#### Baseline for Measurement

#### Context

WIC participation means the number of "total participating" on the monthly participation report maintained and monitored by the State WIC Program Office. It is defined as the number of WIC participants, who receive WIC food instruments for one calendar month,

including the number of exclusively breastfed infants.

#### Context Continued

#### Input Activities

Policies and procedures as outlined in the Wisconsin WIC Operations Manual.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

### Exhibit I Division of Public Health (DPH) Women's Health-Family Planning and Reproductive Health Program

#### Service Plan and Agreement January 1, 2014 through December 31, 2014

A grant award was offered and accepted by the Agency identified in the attached 2014 DPH Women's Health-Family Planning and Reproductive Health Program Contract Agreement.

By acceptance of the 2014 DPH WH-FP/RH Contract Agreement, the Agency understands and agrees to follow Program guidelines, policies, and requirements agreed to in the Agency's Wisconsin DPH WH-FP/RH Program 2011-2015 RFP application (#G1675) and Business Plan.

Exhibit I outlines the **framework and scope** of DPH WH-FP/RH Program "community-based" services, reviews **key grant contract requirements** (agreed to in the Agency's 2011-2015 RFP application), and summarizes **performance measurement and reporting requirements**.

**Exhibit I is an integral part of the 2014 contract.**

**Exhibit I is organized into five (5) Sections:**

	<b>PAGE</b>
<b>I. Introduction and Overview</b>	<b>1</b>
<b>II. Framework and Scope of Services</b>	<b>2</b>
<b>III. Summary of Key Grant Service Requirements</b>	<b>5</b>
<b>IV. Performance Measurement and Reporting Requirements</b>	<b>9</b>
<b>V. Other</b>	<b>9</b>

## I. Introduction and Overview

The Division of Public Health-Family Planning and Reproductive (DPH WH-FP/RH) Program has the responsibility under Wisconsin statutes at s. 253.07 to develop and maintain a statewide system of community-based clinic services for quality, accessible, affordable, and confidential care.

Contraceptive, reproductive and sexual health, and early intervention care is available through this system of community-based clinics. These community-based clinics are available as a reproductive medical (health care) home for women (and couples) choosing to receive their family planning and related reproductive/sexual primary health care in a specialty care setting.

The DPH WH-FP/RH Program awards grants to enhance the quality, comprehensiveness, patient-responsiveness, and cost-effectiveness of FP/RH services in existing community-based clinics. Grant awards are made on the basis of competitive applications.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

DPH WH-FP/RH Program Grant Awards are intended only to **supplement** funding in existing community-based health organizations to provide FP/RH services *as part of* the statewide system of services. Grant awards are **not** intended to fully fund the provision of services. Grant funds assist in supporting infrastructure costs.

### II. Framework and Scope of Services

#### A. DPH WH-FP/RH Program Mission

1. Maintain a statewide system of community-based specialty clinic services to provide community access to contraceptive, reproductive/sexual health, and early intervention care.
2. Implement (and promote) standards of practice and quality improvement practice management guidelines to ensure quality, evidence-based, confidential, affordable, cost-effective, timely, and patient-responsive care.
3. Assure a medical (health care) home environment at community-based clinics for persons choosing to receive contraceptive and related-reproductive/sexual care in a specialty primary health care setting.
4. Increase community access to contraceptive, reproductive/sexual health, and preconception/inter-conception information and services to support optimal reproductive health and pregnancy planning.

**The Agency must implement and maintain policies and practices that support the DPH WH-FP/RH Program's mission.**

#### B. DPH WH-FP/RH Program Overarching Priorities: 2011-2015

1. Increased knowledge and skills among women, men, couples, and families for optimal reproductive health and pregnancy planning. (A Wisconsin Maternal and Child Health Program Priority).
2. Normalization of reproductive/sexual health for recognition and inclusion of reproductive/sexual health as a core component of public health and primary health care services. (A Healthiest Wisconsin 2020 priority).
3. Ensuring reproductive justice\*: that all people and communities have access to the information, resources and support they need to attain sexual and reproductive self-determination. (A HW2020 priority). \* From Kansas University Law School Reproductive Justice Project description of reproductive justice.

**The Agency must implement and maintain policies and practices that support these overarching DPH WH-FP/RH Program priorities.**

#### C. DPH WH-FP/RH Program Goals

1. Reduce unintended pregnancy, particularly among population segments most vulnerable to the adverse consequences of mistimed, unplanned, or unprepared-for pregnancy.
2. Reduce the prevalence of STD within the patient population and community

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

3. Increase access to STD screening and assessment, testing and treatment services
4. Increase behaviors that reduce reproductive/sexual health risk exposure and promote optimal reproductive/sexual health
5. Increase early access to care to prevent unintended pregnancy, to obtain early and appropriate pregnancy-related care, to promote pregnancy planning, and to support healthy birth spacing.
6. Increase access to health care coverage and affordable contraceptive and related-reproductive/sexual health care
7. Increase access to Medical/Health Care Homes for contraceptive and related-reproductive/sexual health care
8. Increase access to health care Intervention and messages that promote planned and prepared-for pregnancy (for pregnancies that are intended and wanted at the time of conception) including Reproductive Life Planning and healthy birth spacing)

**The Agency must implement and maintain policies and practices that support these overarching DPH WH-FP/RH Program goals.**

### *D. DPH WH-FP/RH Program Objectives*

1. Increase access to and availability of Emergency Contraception in advance of actual need (ECIA).
2. Increase STD screening and risk assessment, appropriate testing, and timely treatment
3. Increase STD Disease Intervention with partner treatment (partners of patients diagnosed with STD)
4. Increase access to and availability of condoms
5. Increase timeliness with initiation of contraception, particularly following negative pregnancy tests and after pregnancy (post-partum).
6. Increase access and timeliness with initiation of early intervention services.
7. Increase consistency with Reproductive Life Planning/Healthy Spacing messages, particularly coinciding with pregnancy test visits, and planning (as part of prenatal care) for post-partum contraception.
8. Increase correct and consistent condom use, particularly those at higher risk of STD and unintended pregnancy
9. Increase consistency with Dual Protection patient education and messaging
10. Increase FPW (and other Forward Health) enrollment among eligible patients
11. Establish medical (health care) home setting with continuity of care and linkages for other primary care needs
12. Increase post partum contraceptive practices and intervention

**The Agency must implement and maintain policies and practices that support these DPH WH-FP/RH Program objectives.**

### *E. DPH WH-FP/RH Program Core Services*

1. Contraceptive Services and Supplies
2. STD Detection and Treatment, and Prevention (Risk Reduction) Services
3. Reproductive/Sexual Health Screening and Assessment Services and Women's Preventive Health Services

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

4. **Early Intervention (EI) Services\*: Emergency Contraception; Pregnancy Tests; Postpartum Contraception; Preconception/Interception (Pregnancy Planning) Services**
5. **Health Care Coverage and Benefits Eligibility Screening and Enrollment/Re-enrollment) and Referral Services**
6. **Medical Home Screening and Referral Services**

**\*Early Intervention.** Early intervention, particularly when the risk of unintended pregnancy is higher, is critical to develop care plans for timely and appropriate care. Early intervention includes:

1. Early emergency contraception intervention following a contraceptive failure or no contraception to prevent an unintended pregnancy.
2. Early pregnancy testing with intervention to achieve timely and appropriate continuity of care, including pregnancy services or contraceptive services depending on a patient's pregnancy status and plans.
3. Early (third trimester) postpartum pregnancy (reproductive life) planning and contraceptive plans, supplies, and arrangements to ensure timely and successful initiation of contraception following delivery.
4. Early pregnancy planning and preparation favorable to healthy pregnancy and birth, and to ensure that pregnancy is planned and wanted at the time of conception.

**The Agency must provide these DPH WH-FP/RH Program core services.**

### *F. DPH WH-FP/RH Program Core Interventions*

1. **Contraceptive/Dual Protection evaluation and prescription management**
2. **Contraceptive/Dual Protection supplies (including primary and dual protection methods, and Emergency Contraception)**
3. **STD screening and risk assessment, appropriate testing, treatment, and follow-up care (including re-testing)**
4. **STD Disease Intervention for patients and partners diagnosed with STDs**
5. **Reproductive/sexual health screening and assessment to identify health risks and needs, and to promote to promote women's health.**
6. **Early Intervention Pregnancy-related intervention (including early Emergency Contraception intervention, early pregnancy testing with timely and appropriate continuity of care, post-partum contraception plans and care, and preconception care and reproductive life plans for healthy pregnancy and birth spacing.**
7. **FPW (and other Forward Health Program) eligibility screening and enrollment**
8. **Screening and referral to establish reproductive/sexual health care and primary care Medical Homes**

Intervention for identified needs and risks include includes patient information/messaging; motivation and support to reduce risks and adopt protective health behaviors; anticipatory guidance; treatment and/or referral; follow-up; and short-term care coordination.

**The Agency must provide these DPH WH-FP/RH Program core interventions.**

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

### G. DPH WH-FP/RH Program Core Components

1. **Components of Care:** Maintain the capacity and competency of community-based clinics to provide the essential **components of care** for contraceptive and related-reproductive/sexual health care, including
  - a. Screening and Assessment
  - b. Diagnosis and Treatment
  - c. Follow-up/Referral
  - d. Short-Term Care Coordination
  - e. Patient Education/Messaging and Anticipatory Guidance
2. **Community Engagement:** Establish and maintain a recognized role in the community with channels of communication to promote the mission, goals, and objectives of the program in the community. Maintain community engagement to increase awareness of reproductive health specialty care as an important part of health care, and marketing to segments of the population who may choose to obtain care through this system.
3. **Community Systems Development:** Establish and maintain partnerships with community health care providers: to promote the adoption of key standards of practices, to increase timely access to care, and to improve timely continuity of care.

The Agency must provide these DPH WH-FP/RH Program core components.

### III. Summary of Key Grant Service Requirements

The Agency must provide services and comply with policies and priority practices established by the DPH-Women's Health-Family Planning and Reproductive Health Program as agreed to as part of the DPH WH-FP/RH Program 2011-2015 RFP application.

DPH WH-FP/RH Program Guidelines were updated and distributed at the September, 2013 WH-FP/RH Program Business Meeting. A complete and current set of Guidelines are available on the Health Care and Education and Training (HCET) website.

The following is a summary of key grant service requirements organized under the following areas:

- A. Quality of Care
- B. Financial Sustainability
- C. Patient Responsiveness
- D. Quality Practices
- E. Quality Assurance: Performance Measurement and Quality Improvement

#### A. Quality of Care

1. The Agency must **comply with DPH WH-FP/RH Program Guidelines**, and must ensure that local program staff to understand all **patient care guidelines and standards of care**.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

2. The Agency must only use laboratory services through the Wisconsin State Laboratory of Hygiene (WSLH).
3. The local program Medical Director must agree to and support the DPH WH-FP/RH Program Guidelines, including ACOG cytology and STD guidelines (such as no routine cytology screening under age 21), and re-testing (following positive Ct or GC test results).
4. *Staff Development*
  - a. The local program must meet **personnel requirements** established by the DPH WH-FP/RH Program.
  - b. The nursing supervisor and lead staff in each clinic within the Agency must complete the Family Planning **“Just The Basics” Orientation** and the post-review, or must review the “Just the Basic” series IF previously completed.
  - c. New personnel assigned to the local program must register for and complete the **Family Planning Worker Training Program** (or alternative program(s) identified by Health Care Education and Training, Inc. (HCET). **(Contact HCET for information)**).
  - d. **NEW: New personnel must complete the WH-FP/RH Program Guidelines orientation and testing modules to be developed by HCET, as part of new staff orientation. Existing staff must also document an annual review of the Guidelines.**
  - e. ***[Clinics without on-site clinicians on staff (or “tele-medicine” clinician availability), including clinics with contract clinicians providing part time services on site].***
    - i. The agency must have at least one clinic staff at each site who has completed or currently enrolled in the Reproductive Health Nurse (RHN) program for the didactic coursework.
    - ii. The RHN course is currently available through Northern Technical College. Contact HCET for information about scholarships.
  - f. **Staff attendance at DPH-sponsored meetings, conferences, and symposiums** is required. (See 2011-2015 DPH WH-FP/RH Program Personnel Requirements).
  - g. Local agency staff must participate in **training and technical assistance** identified by the DPH WH-FP/RH Program as high priority.
  - h. The Agency is responsible for **acquiring information available through DPH WH-FP/RH Program trainings and updates** and provider forums and workgroups, and subsequently sharing information among staff within the local program.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

- i. The Agency must **acquire information** presented at DPH WH-FP/RH Program trainings (through HCET) related to core services and interventions and priority practices, and subsequently share information with local program staff).

### B. Financial Sustainability

1. Policies and practices must be in place to **maximize third party reimbursement** for services.
2. **Fee Exempt and other sources of payment** through the Wisconsin State laboratory of Hygiene (WSLH) must be used as the payment sources of last resort.
3. The Agency must manage **Program Generated Revenue (PGR)** in the following manner:
  - a. Retain all PGR (including third party reimbursements, and patient fees and donations) within the FP/RH program supported with grant funds under this contract;
  - b. Only use PGR to support FP/RH services supported with grant funds under this contract;
  - c. Account for PGR when earned and expended;
  - d. Maintain a PGR operating capital fund balance;
  - e. Maintain excess PGR in Fund Balance account; and
  - f. Establish and maintain a 3-6 month PGR operating capital Fund Balance.
4. All PGR must be retained within the local FP/RH Program to support and maintain services.
5. The Agency must ensure maximum “managed enrollment” performance for the Badger Care Family Planning Only Service Program (BC-FPOS).
6. An annual Cost Analysis report, using the standardized Relative Value Unit methodology, must be prepared.
7. Fee Schedules (including fees and discounts) must be updated at least annually have been updated to reflect the latest cost and revenue requirements. Costs must be determined (or verified) using the standard methodology for family planning clinics.
8. A process must be in place to routinely provide receipts to patients and explain fees, discounts, and charges for each visit, and an explanation that donations are accepted to support the services provided by the local program.
9. A patient financial system must be in place to maintain individual patient accounts.
10. *Forward Health Business Capacity*
  - a. **The Agency must have ACCESS Enrollment, Express Enrollment (for prenatal care), and Forward Health Community Access Partner (CAP) capacity** is in place.
  - b. **The Agency must have Forward Health Portal and/or PES Billing capacity** is in place.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

11. **NEW: The Agency must develop capacity to fully participate as provisions under the Affordable Care Act evolve, including negotiations to participate as providers in private insurance plans and to obtain reimbursement.**

### C. Patient Responsiveness

1. The Agency must develop and maintain an on-going process to improve patient-centered care: to maintain patient satisfaction and to increase patient recruitment and retention.

### D. Quality Assurance: Performance Measurement and Quality Improvement

1. The Agency must maintain a quality assurance/quality improvement program and include quality and performance indicators identified by the DPH WH-FP/RH Program.
2. The Agency must conduct an **annual** internal privacy review, and clinic personnel must review all confidentiality and privacy requirements. **Privacy protections and safeguards must be in place within the agency.**
3. The Agency must follow the chart selection methodology established by the DPH WH-FP/RH Program to ensure that record audits are randomly selected and represent the patient population and practice, and use the Record Audit Templates established to reflect the Program Guidelines.
4. The Agency must calculate performance measurements using the Quality Indicators/Performance Measurement template provided as part of the 2014 contract.
5. The Agency must update **local protocols and practices** to meet revised DPH-FP/RH Guidelines released in September, 2013. (A list of new policies that will require change in protocols and practices were distributed at the September, 2013, Annual DPH WH-FP/RH Program Business Meeting).
6. The Agency accepts responsibility to identify technical assistance needs and to communicate those requests directly to the DPH WH-FP/RH Program (including HCET).

### E. Quality Practices

1. The Agency must ensure that priority practices are in place, including the following **core priority practices**:
  - a. ECIA supplies
  - b. Dual Protection supplies
  - c. BCFPOS enrollment (TE and Continuous Application information obtained at the *same* visit) and Express Enrollment
  - d. Care coordination with completion of Continuous Enrollment, including submitting application on behalf of patient
  - e. STD screening and assessment and testing and re-testing (on-site)
  - f. Primary contraceptive methods initiated for new patients (first visit), including Depo

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

- g. Standing orders/protocols in place for contraceptive methods in advance of physical examination at initial visit. (Initial visit not delayed for physical examination or nurse practitioner encounter).
2. **The Agency must use standard messaging** developed by the DPH WH-FP/RH Program, including:
  - a. Emergency contraception (progestin only)
  - b. Post-partum contraceptive recommendations. (Please contact HCET for “Factsheets” that provide the required messaging).
3. *Integration of Services with the Wisconsin Maternal and Child Health Program.*

A substantial part of the grant funds that support this contract are part of the Wisconsin Maternal and Child Health Program. Therefore, agencies have an obligation to participate in and improve community systems of care that support maternal and child health care.

The Agency must continue coordination and integration of contraceptive intervention and services with PNCC and WIC services [and other appropriate community partners, such as home visitation] (in each county served) in 2014.

- a. **Under the 2014 DPH WH-FP/RH contract, and as part of responsibilities under Wisconsin Statutes s. 253.07, the Agency assumes increased accountability to increase PNCC participation (as part of its MCH “continuity of care” charge), to improve the content of PNCC intervention, to increase third trimester contraceptive intervention and supplies among PNCC and WIC clients), and to increase post partum primary contraceptive method intervention and supplies among PNCC and WIC clients.**
  - b. Contraceptive intervention includes (*at a minimum*) development of post partum contraceptive plan in third trimester, delivery of dual protection kit contraceptive kit in third trimester, information for initiating a primary method following delivery, and early (within three (3) weeks following delivery) follow-up to address post-partum primary contraceptive method needs.
  - c. The Agency is shares responsibility with other community partners to review PNCC Enrollment data. Agencies receiving grants under the DPH WH-FP/RH contracts must assess the need and feasibility of becoming PNCC certified and directly providing complete PNCC services based on community access and patient needs. In some instances, providing early or initial prenatal care intervention may be another service needed to meet patient needs.
  - d. Regardless of specific plans, the Agency will have increased accountability to increase and quality improve access to and participation in PNCC, and post-partum contraceptive intervention. The Agency is expected to participate in PNCC meetings as needed promote integration.
  - e. The Agency must summarize plans and implementation progress in the year-end narrative performance report.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

For more information, contact Katie Gillespie at 608-266-1538, or [Kate.Gillespie@dhs.wisconsin.gov](mailto:Kate.Gillespie@dhs.wisconsin.gov)

### IV. Performance Measurement and Reporting Requirements

- A. The Agency must maintain a quality assurance/quality improvement system, including performance measurements, patient record audits, and internal program reviews as required by the WH-FP/RH Program.
  - a. The Agency will maintain a process for “real-time” patient record review and quality control, including a **monthly review of 1-2 patient records** using patient record templates —to assure compliance with priority practices and guidelines and proper documentation. **(See Attachment B).**
  - b. The Agency will schedule **at least one conference call with WH-FP Program staff**, which will include a review of 1-2 patient records (as part of agency's monthly review).
  - c. The Agency will **organize and prepare for at least one program review/consultation visit** arranged by WH-FP/RH Program staff.
- B. The Agency will use SPHERE screens developed for Family Planning and Reproductive Health Services, **or** an agency information systems as the source for performance measurement and demographic reporting requirements.
- C. The Agency must submit performance measurement, demographic, and performance narrative reports to the DPH WH-FP/RH Program by January 31, 2015. See Attachment A.
- D. The Agency must conduct patient record audits in 2014, and submit report performance in relation to key quality indicators by August 31, 2014. See Attachment C.
- E. The Agency must prepare a Cost Analysis Report in 2014 (based on 2012 cost and utilization reports) using the standardized Relative Value Unit methodology, and submit a report by August 31, 2014.

### V. Other Grant Conditions

Any additional Agency-specific grant conditions and requirements are described in **Attachment D** (*if applicable*). The Agency must comply with and implement grant conditions and requirements described in **Attachment D**.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

### Attachment A (to Exhibit I)

#### Division of Public Health (DPH)

#### Women's Health - Family Planning and Reproductive Health Program

#### Reporting Requirements

January 1, 2014 through December 31, 2014

#### I. Year-End Patient Services Report

1. The **total unduplicated number** of *female* patients (*with ICD-9 code of v25 in the current cycle of care*).
  - a. The unduplicated number of *female* patients with **new** patient CPT coded Office Visits in the contract year, and
  - b. The unduplicated number of all other *female* patients with **established** CPT-coded Office Visits.
2. The **total unduplicated number** of *male* patients
3. The **unduplicated number** of patients who received pregnancy tests.
  - a. The unduplicated number of new patients who received a *negative* pregnancy test.
4. The unduplicated number of *female* patients enrolled in Badger Care Family Planning Only Services among (i.e., as a sub-set of) the **total** unduplicated number of patients reported under #1.

#### II. Year-End Demographic Reports

Title V required demographic data by type of individual

1. Type of individual includes:
  - A. Pregnant (includes CSHCN pregnant)
  - B. CSHCN patients < 22 years (non-pregnant)
  - C. Patients < 22 years (non-CSHCN or pregnant)
  - D. Other patients (non-pregnant 22 years or older)
2. Number of unduplicated patients (male and female) by race by type of individual served  
*Race includes:* Total, American Indian, Asian, Black, Hawaiian/Pacific Islander, White, Other, Unknown, or More than One Race Reported
3. Number of unduplicated patients (male and female) by ethnicity by type of individual served:  
*Ethnicity includes:* Total, Not Hispanic/Latino, Hispanic, Latino, Unknown
4. Number of unduplicated patients (male and female) with Primary Health Care Coverage by type of individual served:

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

*Primary Health Care Coverage includes:* Total, None, Medicaid, Forward Health family Planning Only Services, BadgerCare, Private, Other

5. Number of unduplicated patients (male and female) with Dental Coverage by type of individual served:  
*Primary Health Care Coverage includes:* Total, None, Medicaid, Forward Health family Planning Only Services, BadgerCare, Private, Other
6. Number of unduplicated patients (male and female) with Primary Care Provider and Dentist/Oral Health Provider by type of individual served:
  - a. Primary Care Provider includes: Total, Yes, No, Unknown
  - b. Dental/Oral Health Provider includes: Total, Yes, No, Unknown
7. Total number of CYSHCN patients (male and female) served:
  - a. Number of CYSHCN patients < 22 years
  - b. Number of CYSHCN patients < 16 years on SSI (0 to 16)
  - c. Number of CYSHCN patients with a Primary Care Provider

**NOTE: SPHERE users will obtain data for Title V required demographic data reports listed above by entering data into SPHERE Screens. See SPHERE Instructions.**

### ***Definitions***

1. Family Planning (FP): a patient with a CPT office visit code and an ICD-9 code of v25 (contraceptive management) as the primary or secondary diagnosis code within the current cycle of care.
2. Pregnant: a female from the time pregnancy is confirmed to 60 days after the birth, delivery, or expulsion of fetus. (MCH Block Grant definition for demographic data)
3. Children and Youth with Special Health Care Needs (CSHCN): a child birth through 21 years of age with long term, chronic physical, developmental, behavioral, emotional illness or condition. The illness or condition meets the following criteria: severe enough to restrict growth, development, or ability to engage in usual activities; has been or is likely to be present or persist for 12 months to lifelong; and is of sufficient complexity to require specialized health care, psychological, or educational services of a type or amount beyond that required generally by children.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

### Review Criteria

#### FINANCIAL INFORMATION:

**At end of visit, did patient have a pay source (e.g. BadgerCare/FPOS or Private Insurance)?**

Y	N
Y	N

**Prior to the visit**, did the patient have (i.e., come to visit with) a pay source (BadgerCare, FPOS or Private Ins.)?

**IF NO:** (IF Patient had NO pay source)

Was the patient screened for eligibility for FPOS?

Y	N
Y	N

Was the patient eligible for FPOS?

Y	N
Y	N

Was the patient temporarily enrolled?

Y	N
Y	N

Did you submit Continuous Enrollment application for the patient?

Y	N
Y	N

Did you submit documentation for the patient?

Y	N
Y	N

Did the patient obtain Continuous Enrollment?

**IF YES:** IF FPOS or BC expired in next 3 months, was the patient advised?

Y	N
Y	N

#### HISTORY:

**Was patient a new patient?**

Y	N
Y	N

Is there documentation indicating the pregnancy test was needed?

Y	N
Y	N

**Was pregnancy desired?**

Is the pregnancy test result documented?

Y	N
Y	N

#### LABORATORY ASSESSMENT/TESTING:

**Was the patient assessed using the chlamydia/gonorrhea selective screening criteria?**

Y	N
Y	N

Did the patient meet one or more SSC for chlamydia?

Y	N
Y	N

**Was the patient tested at the visit for Chlamydia**

#### EDUCATION AND ANTICIPATORY GUIDANCE:

Did the patient receive education/anticipatory guidance on the following?

Test validity?

Y	N
Y	N

Preconceptional Planning?

Y	N
Y	N

#### CONTRACEPTION:

**Was the patient currently using a method of birth control at the time of the pregnancy test?**

Y	N
Y	N

**Did the patient receive a prescription method at the time of the pregnancy test?**

Was Quick Start used?

Y	N
Y	N

#### PLAN:

A prescription/order in the chart for emergency contraception?

Y	N
Y	N

A prescription/order in the chart for male condoms?

Y	N
Y	N

A prescription/order in the chart for female condoms?

Y	N
Y	N

A prescription/order for patient's method of birth control?

#### SUPPLIES:

**Was Patient a NEW patient?**

Y	N
Y	N

**Did the new patient receive the standard dual protection kit?** (Skip to Line 53 IF patient is "Established")

NOTE: A standard Dual Protection Kit contains 2 EC, 3 dozen male condoms, and 2-3 female condoms.

NOTE: A self-pay patient can receive an EC prescription rather than supply.

**Was Patient and ESTABLISHED Patient?**

Y	N
Y	N

Was the patient's need for the following supplies assessed?

Emergency Contraception?

Y	N
Y	N

Male condoms?

Y	N
Y	N

Female condoms?

#### DOCUMENTATION:

The **Dispensing Log** documents that supplies were given?

Y	N
Y	N

The **Dispensing Log** includes prescription numbers as required?

Y	N
Y	N

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

Are the results of laboratory test(s) in the chart?

Y	N
---	---

Is the face-to-face time and education/counseling time documented?

Y	N
---	---

Are all entries signed and dated by staff?

Y	N
---	---

### BILLING:

Does the billing sheet reflect the services/supplies documented in the patient chart?

Y	N
---	---

Does the chart documentation support the charges for the office visit?

Y	N
---	---

Did the patient receive an explanation of their charges?

Y	N
---	---

Did the patient receive a copy/receipt of their charges?

Y	N
---	---

Is the pay source documented on the billing sheet?

Y	N
---	---

Is documentation for the health professional shortage area (AQ modifier) on the billing sheet?

Y	N
---	---

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division    Contract Year: 2014

Program: Women’s Health – Family Planning

### Attachment C to 2014 Contract Exhibit I

## Wisconsin Women’s Health-Family Planning/Reproductive Health Program Quality Assurance Performance Measurement

Audit Period: \_\_\_/\_\_\_/\_\_\_ to \_\_\_/\_\_\_/\_\_\_

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
<b>Pregnancy Testing</b> <b>Number of Charts Selected for Chart Audit:</b>					
<p><b>[1]: New patients receiving prescription contraceptive services and supplies at the same visit following a negative pregnancy test.</b></p> <p><b>Negative Pregnancy Test Audit</b> Numerator: Row 39 = “Y”</p> <p><b>Denominator:</b> Negative Test Result, <i>and</i> New Patient (Row 15 = “Y”), <i>and</i> Pregnancy Not Desired (Row 17 = “N”), <i>and</i> Prescription method not used at time of pregnancy test (Row 37 = “N”)</p>	<p>New patient; Pregnancy test; Negative test result; No current Rx method prior to pregnancy test visit; Pregnancy not desired</p>	<p>Percent: <b>[numerator]</b> # of patients who received a prescription method (at same visit as pregnancy test)</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of new patients with negative pregnancy test result (<i>and pregnancy not desired</i>)</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]</p> <p>Performance: ____%</p>	95%	<p>All new pregnancy test patients with negative pregnancy tests results (not desiring pregnancy) will receive a primary (prescription) method at the same visit. Quick start is recommended for method effectiveness.</p>
<p><b>[2]: New patients receiving a standard Dual Protection Kit following a pregnancy test.*</b></p> <p><b>Negative Pregnancy Test Audit</b> Numerator: Row 50 = “Y”</p> <p><b>Denominator:</b> <i>Pregnancy Test, and</i> New Patient (Row 15 = “Y”), <i>and</i> Payment Source (Row 4 = “Y”)</p> <p style="text-align: right;"><b>[AND]</b></p> <p><b>Positive Pregnancy Test Audit</b> Numerator: Row 44 = “Y”</p> <p><b>Denominator:</b> <i>Pregnancy Test, and</i> New Patient (Row 43 = “Y”), <i>and</i> Payment Source (Row 63 = “Y”)</p>	<p>New patient; Pregnancy test; Patient with payment source;</p>	<p>Percent: <b>[numerator]</b> # of patients (<i>with payment source*</i> for visit) who received a standard Dual Protection Kit</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of new patients (<i>with payment source for visit</i>).</p> <p>*payment source means a “third party” source such as Badger Care or private insurance.</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]</p> <p>Performance: ____%</p>	95%	<p>All new patients receiving a pregnancy test will receive a standard Dual Protection Kit.* Supplies provided to patients with health care coverage (payment source).</p> <p>A prescription is provided for emergency contraception if patient is private pay (no payment source) and unwilling to purchase supplies.</p> <p>Use of regular OHCs for emergency contraception (with instructions) is acceptable for private pay patients without health care coverage.</p>

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division    Contract Year: 2014

Program: Women's Health – Family Planning

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
<p><b>[3]: Patients (new or established) with positive pregnancy test result and assessed as likely to proceed with pregnancy.</b></p> <p>Receiving the following intervention:</p>	<p>New patient; Established patient; Pregnancy test; Positive test result; Likely to proceed or uncertain</p>				<p>All pregnancy test patients with positive test results and likely to proceed with pregnancy will receive intervention and formal (actively assisted and managed) referrals to facilitate timely continuity of care into pregnancy services. Patients should have health care coverage with broadest benefits to support pregnancy related care.</p> <p>Continuity of care is a core standard of practice within the WH-FP/RH Program. All family planning patients receive intervention to facilitate timely and appropriate continuity of care, including intervention that supports early entry into prenatal care and pregnancy support services, including PNCC.</p>
<b>See Quality Indicators Below: 3.1 – 3.8</b>					
<p><b>[3.1]: Receiving Badger Care Express Enrollment (at the clinic visit) for Forward Health prenatal care benefits</b></p> <p><b>Positive Pregnancy Test Audit</b> Numerator: Rows 61 = "Y"</p> <p><b>Denominator:</b> Positive test result, <i>and</i> No payment source for pregnancy <u>prior</u> to visit (Row 59 = "N"), <i>and</i> Eligible for BC-EE (Row 60 = "Y"), <i>and</i> Likely to proceed with pregnancy or uncertain (Row 12 = "Y")</p>	<p>New patient; Established patient; Pregnancy test; Positive test result; No payment source for pregnancy <u>prior</u> to visit; Eligible for BC-EE; Likely to proceed or uncertain</p>	<p>Percent: <b>[numerator]</b> # of patients who received Express Enrollment at the clinic visit</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients meeting the selection criteria.</p>	<p>Number of Charts that Met the <b>Quality Indicator</b>: ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria</b>: ___ [Denominator]</p> <p>Performance: ____%</p>	95%	<p>Pregnant patients are screened for Forward Health eligibility and provided the opportunity to complete (with assistance) Express Enrollment. Patients receive anticipatory guidance and assistance to complete the enrollment process.</p> <p>Patients will be assessed for health care coverage eligibility with broadest benefits to support pregnancy related care.</p>
<p><b>[3.2]: Receiving a formal referral** (including written consent for PNCC follow-up)</b></p> <p><i>**Referral within or outside agency</i></p> <p><b>Positive Pregnancy Test Audit</b> Numerator: Row 36 = "Y"</p> <p><b>Denominator:</b> Positive test result, <i>and</i> Eligible for BC-EE (Row 60 = "Y"), <i>and</i> Likely to proceed with pregnancy (Row 12 = "Y")</p>	<p>New patient; Established patient; Pregnancy test; Positive test result; Eligible for BC-EE; Likely to proceed with pregnancy</p>	<p>Percent: <b>[numerator]</b> # of patients who received a formal referral for PNCC</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients meeting the selection criteria.</p>	<p>Number of Charts that Met the <b>Quality Indicator</b>: ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria</b>: ___ [Denominator]</p> <p>Performance: ____%</p>	To Be Determined	<p>Coordination of services between family planning and pregnancy-related services, including PNCC and WIC, is critical for the Continuity of Care standard.</p> <p>Patients will be screened for PNCC eligibility.</p> <p>A "managed referral" to facilitate connection with PNCC is the standard of care: more than only patient information and recommendations and health teaching.</p> <p>A "formal" (or "managed") referral has the following components: the provider is actively involved in facilitating the connection with the referral source, provides anticipatory guidance and logistical assistance, and provides follow-up to determine if the referral connection was made.</p>

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division    Contract Year: 2014

Program: Women’s Health – Family Planning

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
<p><b>[3.3]: Receiving a PNCC Pregnancy Assessment* by the clinic at same or subsequent visit</b></p> <p><i>*(PNCC Pregnancy Questionnaire)</i></p> <p><b>Positive Pregnancy Test Audit</b> Numerator: Row 34 = “Y”</p> <p><b>Denominator:</b> Positive test result, <i>and</i> Eligible for BC-EE (Row 60 = “Y”), <i>and</i> Likely to proceed with pregnancy (Row 12 = “Y”)</p>	<p>New patient; Established patient; Pregnancy test; Positive test result; Eligible for BC-EE; Likely to proceed with pregnancy</p>	<p>Percent: <b>[numerator]</b> # of patients who received PNCC Pregnancy Assessment by clinic</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients meeting the selection criteria.</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]</p> <p>Performance: ____%</p>	<p>To Be Determined</p>	<p>Family planning providers are strongly encouraged to directly provide all or partial PNCC services to ensure patient access, convenience, and responsiveness. The pregnancy assessment is an important intervention for short-term care coordination into pregnancy related care.</p>
<p><b>[3.4]: Receiving follow-up to determine status of Forward Health enrollment and PNCC connection</b></p> <p><b>Positive Pregnancy Test Audit</b> Numerator: Row 73 = “Y”</p> <p><b>Denominator:</b> Formal Referral for PNCC (Row 36 = “Y”)</p>	<p>Patients receiving a PNCC referral</p>	<p>Percent: <b>[numerator]</b> # of patients who received follow-up feedback to verify PNCC referral connection</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients eligible for PNCC.</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]</p> <p>Performance: ____%</p>	<p>To Be Determined</p>	<p>Continuity of care requires actively managed referral and follow-up to support and motivate successful connections with pregnancy-related services. This is particularly important for patients eligible for PNCC and therefore considered at higher pregnancy risk.</p> <p>The WH-FP/RH Program is part of the Wisconsin Maternal and Child Health Program. Continuity of care throughout the life cycle of reproduction, growth and development is a key principle of practice.</p>
<p><b>[3.5]: PNCC patients receiving third trimester family planning intervention through the clinic (including post-partum contraceptive plans and supplies)</b></p> <p><b>Positive Pregnancy Test Audit</b> Numerator: Row 75 = “Y”</p> <p><b>Denominator:</b> Formal Referral for PNCC (Row 36 = “Y”)</p>	<p>Patient referred for PNCC;</p>	<p>Percent: <b>[numerator]</b> # of PNCC patients who received third trimester family planning services</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients who received formal referral for PNCC</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]</p> <p>Performance: ____%</p>	<p>To Be Determined</p>	<p>Pregnant patients, eligible for PNCC, will receive actively managed referral and follow-up to support and motivate connections with a PNCC provider. anticipating pregnancy will</p>

### Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division    Contract Year: 2014

Program: Women’s Health – Family Planning

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
<p><b>[3.6]: Patients returning to the clinic for contraceptive services and supplies post pregnancy test</b></p> <p><b>Positive Pregnancy Test Audit</b>  <b>Numerator:</b> Row 76 = “Y”</p> <p><b>Denominator:</b> Patients with positive pregnancy test results</p>	<p>Patients with positive test results</p>	<p>Percent: <b>[numerator]</b> # of patients who returned to clinic for services and supplies</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients who received pregnancy test and positive test result at clinic</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b>            ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b>            ___ [Denominator]</p> <p>Performance: ____%</p>	<p>?%</p>	<p>Health birth spacing is a key maternal and child health/reproductive health practice. Continuity of care into and through prenatal care and delivery and into inter-conceptional care is essential for optimal reproductive health.</p> <p>Timely initiation of a primary contraceptive method following delivery requires coordination of care for post partum contraceptive plans and supplies (or service if method is provider initiated, such as depo).</p> <p>Patients will have the opportunity to develop a post partum contraceptive plan (initiated by a health care provider) in the third trimester, and have dual protection and patient initiated supplies on hand prior to delivery.</p> <p>Patients will receive Now and Beyond intervention and patient education.</p> <p>Patients will receive intervention following delivery to address initiation of a primary method.</p>
<p><b>[3.7]: Patients receiving a STD (SSC) risk assessment for Chlamydia at same visit as pregnancy test.</b></p> <p><b>Negative Pregnancy Test Audit</b>  <b>Numerator:</b> Row 27 = “Y”  <b>Denominator:</b> <i>Negative Pregnancy Test</i></p> <p style="text-align: right;"><b>[AND]</b></p> <p><b>Positive Pregnancy Test Audit</b>  <b>Numerator:</b> Row 15 = “Y”  <b>Denominator:</b> <i>Positive Pregnancy Test</i></p>	<p>New or Established Patient;            Pregnancy test</p>	<p>Percent: <b>[numerator]</b> # of patients who received a STD risk assessment (SSC for Chlamydia)</p> <p style="text-align: center;">÷</p> <p><b>[denominator]</b> # of patients receiving a pregnancy test.</p>	<p>Number of Charts that Met the <b>Quality Indicator:</b>            ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria:</b>            ___ [Denominator]</p> <p>Performance: ____%</p>	<p>95%</p>	<p>All pregnancy test patients will receive risk assessment for Chlamydia and testing as indicated. The need for a pregnancy test is a critical reproductive health event and opportunity for intervention to protect fertility and reproductive health.</p> <p>The need or request for a pregnancy test probably indicates sexual activity without a condom. The circumstances surrounding the need for a pregnancy test often involve a behavior placing patient at increased risk of STD exposure.</p> <p>A pregnancy test service in the WH-FP/RH Program is more than a laboratory procedure.</p>

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division    Contract Year: 2014

Program: Women’s Health – Family Planning

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
<p><b>[3.8]:</b> Patients receiving a Chlamydia test (based on the Chlamydia SSC risk assessment) <i>at same visit</i> as pregnancy test.</p> <p><b>Negative Pregnancy Test Audit</b>                      Numerator: Row 30 = “Y”                      Denominator: Patients meeting 1 or more Chlamydia SSC (Row 26 = “Y”)</p> <p style="text-align: center;"><b>AND</b></p> <p><b>Positive Pregnancy Test Audit</b>                      Numerator: Row 18 = “Y”                      Denominator: Patients meeting 1 or more Chlamydia SSC (Row 16 = “Y”)</p>	<p>New or Established Patient;                      Pregnancy test;                      Meets 1 or more SSC</p>	<p>Percent: : <b>[numerator]</b> # of patients who received a Chlamydia test (based on SSC for Chlamydia)  <math>\div</math> <b>[denominator]</b> # of patients receiving a Chlamydia SSC risk assessment and test recommended.</p>	<p>Number of Charts that Met the <b>Quality Indicator</b>:                      ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria</b>:                      ___ [Denominator]</p> <p>Performance: ____%</p>	<p>90%-95%</p>	<p>All patients meeting one of more of the established Selective Screening Criteria (SSC) for Chlamydia will be tested. Urine-based tests for Chlamydia at the time of pregnancy can be conveniently performed.</p>
<b>Number of Charts Selected for Chart Audit:</b>					
<b>Contraceptive Services and Supplies</b>					
<p><b>[4]: New female patients receiving a standard Dual Protection Kit.</b></p> <p><b>New Patient Audit</b>                      Numerator: Rows 60, 61, and 62= “Y”</p> <p><b>Denominator:</b> New Patients, and Payment Source for visit (Row 5 = “Y”)</p>	<p>New patient;                      With payment source for visit;</p>	<p>Percent: <b>[numerator]</b> # of patients (with payment source) who received a standard Dual Protection Kit  <math>\div</math>  <b>[denominator]</b> # of new patients (<i>with payment source for visit</i>).</p>	<p>Number of Charts that Met the <b>Quality Indicator</b>:                      ___ [Numerator]</p> <p>Number of Charts that Met <b>Selection Criteria</b>:                      ___ [Denominator]</p> <p>Performance: ____%</p>	<p>95%</p>	<p>Dual protection is a core standard of care. All new female patients will receive a standard Dual Protection kit and standard messaging on importance of dual protection, backup contraception, and benefits of female condoms.</p> <p>Supplies provided to patients with health care coverage (payment source) or prescription for emergency contraception if private pay and unwilling to purchase supplies. The use of regular OHC for emergency contraceptive use is an option for private pay patients for whom the cost of even discounted Plan B is not affordable.</p> <p>Use of regular OHCs for emergency contraception (with instructions) is acceptable for private pay patients without health care coverage.</p> <p>All family planning patients are offered and strongly encouraged to have condoms on hand, for back-up or “dual protection,” as recommended by the DPH WH-FP/RH Program and ACOG. New patients received the standard dual protection kit.</p>

Program: Women's Health – Family Planning

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
<p><b>[5]: Established female patients assessed for dual protection supplies on hand at last office visit or supply visit.</b></p> <p><b>Returning Patient Audit</b>                      Numerator: Rows 55, 56, and 57 = "Y", AND                      Rows 61, 62, and 63 = "Y"</p> <p><i>Denominator: Returning patients</i></p>	Established patient; With payment source for visit; Without payment source for visit	Percent: <b>[numerator]</b> # of patients with documentation of assessment of dual protection supplies on hand at last office (M/E) or supply visit $\div$ <b>[denominator]</b> # of returning patients	Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]  Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]  Performance: ____%	100%	All family planning patients are offered and strongly encouraged to have condoms on hand, for back-up or "dual protection," as recommended by the DPH WH-FP/RH Program and ACOG.  All established female patients will be assessed for supplies on hand and the need to replenish supplies. Supplies are provided as needed, unless refused. New prescription provided for emergency contraception if private pay and unwilling to purchase supplies.
<p><b>[6]: Initiating new prescription contraceptive methods using Quick Start</b></p> <p><b>New Patient Audit</b>                      Numerator: Row 64 = "Y"</p> <p><i>Denominator: New prescription Method (Row 63 = "Y")</i></p>	New patient; New prescription method	Percent: <b>[numerator]</b> number of new patients initiating* prescription contraceptive methods at the clinic (Quick Start) $\div$ <b>[denominator]</b> number of new patients receiving prescription methods of contraception  <i>*initiating a new method</i>	Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]  Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]  Performance: ____%	95%	WH-FP/RH providers will be responsive to patient contraceptive preferences (for initiating contraceptive methods). Quick start is an evidence-based approach of method management, is safe and effective, has demonstrated increased initial success with contraception.  WH-FP/RH providers will provide patients the opportunity to initiate prescription methods using quick start.
<p><b>[7]: New patients with no current method, initiating a new prescription method of contraception at first visit.</b></p> <p><b>New Patient Audit</b>                      Numerator: Row 63 = "Y"</p> <p><i>Denominator: New patients, AND Row 53 = "N"</i></p>	New patient; First visit; New prescription method	Percent: <b>[numerator]</b> number of new patients initiating new prescription methods at first visit $\div$ <b>[denominator]</b> number of new patients	Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]  Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]  Performance: ____%	95%	WH FP/RH providers will not routinely require an examination prior to initiating a new primary method of contraception, i.e., will not routinely postpone or defer initiating a new primary method of contraception until an examination is completed. A physical examination will not routinely be a prerequisite for initiating a new method per WH-FP/RH Clinical Guidelines.  Providing patients timely and convenient care and access to services is an important element of community-based services. When examinations are indicated but not immediately available, examinations will be deferred to accommodate the initiation of a contraceptive method.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division    Contract Year: 2014

Program: Women’s Health – Family Planning

Quality Indicators	Selection Criteria	Measurement	Performance	Benchmark	Standard of Practice
					The intent of this standard is to enable the maximum percent of new patients to leave first visit with their chosen prescription method.
<b>STD Screening, Testing, and Treatment</b>					
<p><b>[8]: New female patients receiving a risk assessment for Chlamydia using SSC</b></p> <p><b>New Patient Audit</b>                      Numerator: Row 34 = “Y”</p> <p><b>Denominator:</b> New patients <u>and</u> first visit</p>	New patients; First visit	Percent: <b>[numerator]</b> # of new patients with documented Chlamydia risk assessment using SSC at first visit $\div$ <b>[denominator]</b> # of new patients (at first visit)	Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]  Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]  Performance: ____%		Sexually transmitted disease (STD) services (including patient education, screening, testing, treatment, and re-testing) are essential components of community-based family planning/reproductive care accompanying contraceptive services. Epidemiologic-based screening criteria are used to identify patients at a higher relative risk of infection and a priority for testing. Throughout each STD service component, the goals are to: 1) Increase patient awareness of personal STD exposure risk, and 2) Motivate and support patients to adopt behaviors to reduce the risk of STD exposure. Dual Protection is a primary prevention goal toward maintaining reproductive health and protecting fertility.
<p><b>[9]: Established female patients receiving a risk assessment using Chlamydia SSC within the most recent 12 month cycle of care.</b></p> <p>Note: NOT including a returning visit in the year in which patient became a New patient, i.e., NOT including the first 12 month cycle of care that included the initial visit.</p> <p><b>Returning Patient Audit</b>                      Numerator: Row 28 = “Y”</p> <p><b>Denominator:</b>                      Established patients, at least 12 months since new patient first visit (Row 15 = “Y”)</p>	Established patients; Returning visit.  NOTE: Returning visit in the latest 12 month cycle of care as an established patient.	Percent: <b>[numerator]</b> # of established patients with documented Chlamydia risk assessment using SSC $\div$ <b>[denominator]</b> # of established patients with returning visit ( <i>excluding the 12 month cycle of care in which patient had initial visit</i> )*  <i>*established patients beyond the first 12 month cycle of care in which they had their New patient initial visit.</i>	Number of Charts that Met the <b>Quality Indicator:</b> ___ [Numerator]  Number of Charts that Met <b>Selection Criteria:</b> ___ [Denominator]  Performance: ____%		Patients are assessed at least annually for potential risk of STD (Chlamydia) exposure.  Patient are routinely asked at office visits if they have had any changes with “sex partners” that might have increased their risk of STD exposure.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division Contract Year: 2014

Program: Women's Health – Family Planning

### NOTES

#### Patient Visits

Patient Status during audit period is based on the CPT definition of “new” and “established” patient:

- New patient during the audit period. **Patient's First Visit** is audited unless selection criteria specifies otherwise.
- Established patient prior to the audit period. **Patient's care within the last 12 months (excluding the first 12 months of services unless** selection criteria specifies otherwise.

#### Selection Criteria

Patients are assumed to be receiving contraceptive services unless otherwise noted by the selection criteria.

Patients are female unless otherwise specifically noted.

#### Measurement

Measurement is based on documentation of the intervention (quality or performance indicator) *for visit to be audited*.

#### Core Services

- Contraceptive Services and Supplies
- STD Screening, Testing, and Treatment
- Cytology
- Pregnancy testing
  - Pregnancy-related services
  - Post-partum services
- Health Care Coverage
- Other Health Related Services

#### Standard Dual Protection Kit

- a. Emergency Contraception in advance of actual need is provided (2 cycles)
- b. Condoms (3 dozen male and 2 female condoms) are provided
- c. Basic information is provided: use of EC; use of condoms; re-supply instructions

#### OTHER

This document outlines performance measurement against quality and other performance indicators.

Other reports will address other capacity and performance issues, such as:

- New patients as percent of total unduplicated patients
- Established patients (established prior to audit period) as percent of unduplicated patients

## **Contract Agreement Addendum: Exhibit II(B)**

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Women's Health – Family Planning

### **Attachment D (to Exhibit I)**

#### **Division of Public Health (DPH)**

#### **Women's Health - Family Planning and Reproductive Health Program**

#### **Other Conditions and Requirements**

**January 1, 2014 through December 31, 2014**

#### **Waupaca County Department of Human Services**

#### **Summary of 2014 Grant Allocations**

\$ 49,377	Base Allocation for services through Healthy Connections Program
\$ 27,657	<i>Regional leadership, technical assistance and support, and allocation management</i>
\$ 376,170	Regional allocations (through sub-contracts) with authorized agencies with approved business plans (See Attachment B to Exhibit III)

#### **Regional Leadership, Technical Assistance and Support, and Allocation Management**

Waupaca County Department of Human Services, as a regional business partner and fiscal agent with the WH-FP/RH Program, will maintain and demonstrate a quality improvement initiative to enhance patient service and practice management program components identified below.

Key areas for exemplary performance include:

- Quality assurance (performance measurement and patient record audits)
- Quality control and quality improvement
- BC-FPOS managed enrollment and Continuous Enrollment
- WH-FP/RH integration with PNCC and WIC
- High levels of PNCC enrollment and participation, and family planning intervention as part of PNCC services
- Consistent "Continuity of Care" for post-partum contraceptive supplies and WH-FP/RH continuing care following delivery
- Patient financial and billing system accountability and tracking
- Access to care and patient responsiveness, including colposcopy services
- Accountability data collection/surveillance
- Coordination and collaboration with community partners, including integration with primary care
- Effective patient recruitment and retention strategies

The purpose of this role is to enhance regional and statewide program services and provide regional leadership support.

Regional business partners are expected to be "centers of excellence and innovation", and to demonstrate enhanced levels of practice within key WH-FP/RH patient and program management areas.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

Regional business partners will assist the DPH WH-FP/RH Program to provide technical guidance to other WH-FP/RH providers to enhance service delivery, priority practices, fiscal accountability and data collection/reporting.

Agency will consult with the DPH Women's Health-Family Planning/Reproductive Health Program as part of statewide program development, data collection and reporting, and quality improvement to support quality and sustainability in the statewide program.

Agency will report on the above activities and progress toward improved performance at periodic 2014 consultations (on-site or conference call) by DPH WH-FP/RH Program staff, and in its 2014 Annual Year-end Narrative Report.

### Patient and Service Volume

The Healthy Connections' 2014 grant award (\$49,377) is projected to be **29%** of its total 2014 operating budget (\$49,377 ÷ \$170,800). **This grant-to-total operating budget ratio is slightly higher than desirable for future sustainability.**

The **maximum** grant percentage (of total operating budget. i.e., grant allocation plus program generated revenue-not including in-kind) that will be acceptable in future grant years is **25%**. Grant allocations will be expected – at a minimum – to leverage three (3) times the amount of Program Generated Revenue (PGR).

Agency will continue to increase patient and service volume, and increase Program Generated Revenue (PGR) in 2014 to the targeted PGR performance level.

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

### Exhibit II

## Division of Public Health (DPH) Women's Health-Family Planning and Reproductive Health Program Service Plan and Projections January 1, 2014 through December 31, 2014

Name of Agency: **Waupaca County**

### Agency agrees to:

Maintain for all required core services, intervention, and components agreed to in its Wisconsin DPH WH-FP/RH Program 2011-2015 RFP application and Business Plan.

Deliver services and provide care according to the standards of care, standards of practice, and other requirements in the Wisconsin DPH WH-FP/RH Program Guidelines.

Meet all requirements and grant conditions as required by Wisconsin DPH WH-FP/RH Program and specified in the 2014 Contract Exhibit I.

**Failure to comply with the above requirements is basis for non-continuation (non-renewal) of the DPH WH-FP/RH Program grant contract.**

### 2014 Projections

By December 31, 2014, **275** women of reproductive age (*total unduplicated number*) are projected to receive contraceptive, reproductive health, and/or early intervention care through the agency's family planning and reproductive health clinic services in **Waupaca County**.

### Agency's Patient Projections for 2014:

1. the *total unduplicated number of female patients: 275*  
(NOTE: List number for each clinic if a multi county agency)
2. the *total unduplicated number of pregnancy test patients: 50*  
(NOTE: List number for each clinic if a multi county agency)
3. the *total unduplicated number of male patients: 30*  
(NOTE: List number for each clinic if a multi county agency)

### Agency's Total Operating Budget Projections for women's health-family planning services for 2014:

**\$ \$170,800.00** [NOTE: Include Grant + Program Generated Revenue (PGR) BUT NOT In-Kind].

Agency's Grant Award is projected to be **29 %** of the total operating budget above. [NOTE: Divide the Grant award by the total projected operating budget above].

**Contract Agreement Addendum: Exhibit II(B)**

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Women's Health – Family Planning

**Amount of Program Generated Revenue Projected to be on-hand (after program expenses) at the end of 2014: \$0.**

**2013 Baseline Performance**

***2013 YTD Performance through 9/30/2013***

**Number of total unduplicated female patients receiving services through 9/30/2013: 206**

### Attachment A (to Exhibit III)

## Fiscal Agent Template Agreement and Service Plan for Women's Health-Family Planning/Reproductive Health Services between [Health Department Name] and [Provider Name]

January 1, 2014 through December 31, 2014

### Service Plan and Agreement: Introduction

The purpose of this Agreement is for delivery and provision of women's health-family planning and reproductive health services by [Agency Name] in the following geographical area: [Counties].

This Agreement is entered into for the period **January 1, 2014 through December 31, 2014**, by and between [Health Department Name], whose principal business address is [Address], hereinafter referred to as FISCAL AGENT, and [Agency Name], whose principal business address is [Address], hereinafter referred to as PROVIDER.

The FISCAL AGENT designates [Name; telephone number; E-mail] to be the primary contact responsible for management and coordination of this Agreement, whose principal business address is [Address]. PROVIDER designates [Name; telephone number; E-mail] to be the primary contact responsible for management and coordination of this Agreement, whose principal business address is [Address]. FISCAL AGENT and PROVIDER will designate new primary contracts in the event that a change becomes necessary.

WHEREAS, FISCAL AGENT wishes to administer the funding of services as it is authorized to do so under contract with the Wisconsin Division of Public Health- Women's Health-Family Planning/Reproductive Health Program; and WHEREAS, PROVIDER is an established community-based family planning provider, eligible to receive funds under Wisconsin Statutes (s. 253.07), and has demonstrated the experience and capacity to provide and maintain services in the above geographical area;

NOW, THEREFORE, in consideration of the mutual undertaking and agreements hereinafter set forth, FISCAL AGENT and PROVIDER agree as follows:

The maximum amount available under this agreement is [\$\$\$\$\$], subject to the availability of funds under FISCAL AGENT'S contract with the Wisconsin Division of Public Health's Women's Health-Family Planning and Reproductive Health Program.

All services provided under this Agreement are subject to the conditions and requirements specified in the FISCAL AGENT'S contract with the Wisconsin Division of Public Health.

This Agreement is subject to approval by the DPH-Women's Health-Family Planning and Reproductive Health Program following review of PROVIDER'S 2012 Contract Checklist and Exhibits, and is subject to subsequent amendments as specified in FISCAL AGENT's contract with the Wisconsin Division of Public Health.

All services under this Agreement shall comply with all contract requirements and conditions, reporting requirements, performance measurements, and quality assurance reports required by the DPH-Women's Health-Family Planning and Reproductive Health Program in FISCAL AGENT's contract with the Wisconsin Division of Public Health.

All services under this Agreement shall comply with DPH-Women's Health-Family Planning and Reproductive Health Program guidelines, standards of care, standards of practice, and personnel standards.

The DPH-Women's Health-Family Planning and Reproductive Health Program is responsible for determination of the PROVIDER'S performance, quality assurance, and compliance with all Program requirements under this Agreement. Any disputes or disagreements under this Agreement will be subject to resolution by the DPH-Women's Health-Family Planning and Reproductive Health Program.

Service Plans under this Agreement can be modified under mutual agreement between PROVIDER and the DPH-Women's Health-Family Planning and Reproductive Health Program.

This Agreement can be terminated by mutual agreement or by either party (FISCAL AGENT or PROVIDER) upon 30 days notice to the other party and to the Wisconsin Division of Public Health.

### Responsibilities of Provider

## Contract Agreement Addendum: Exhibit II(B)

Contract #: 24216

Agency: Waupaca County Human Services, Health Services Division

Contract Year: 2014

Program: Women's Health – Family Planning

PROVIDER has identical responsibilities as would be in effect under a contract directly with the DPH-Women's Health-Family Planning and Reproductive Health Program. (See Attachments: DPH-Women's Health-Family Planning and Reproductive Health Program Contract, Exhibits and Attachments, and 2014 Contract Checklist).

PROVIDER is solely responsible and liable for the accuracy and completeness, content, and timeliness of performance reports and expenditure reports.

PROVIDER is accountable and liable for all fiscal practices and financial obligations under this Agreement.

PROVIDER must submit monthly expenditure reports in the format and manner specified by FISCAL AGENT necessary for completion of a DHS CARS Expenditure Report. Cost reports must be received by Purchaser by the [Day, e.g., 20<sup>th</sup>] of the following month for timely reimbursement. Failure to provide Expenditure Reports will result in at least an additional one (1) month delay in reimbursement.

PROVIDER will submit regular reports of Earned and Expended Program Generated Revenue (PGR) as required under the FISCAL AGENT'S DPH-Women's Health-Family Planning and Reproductive Health Program contract.

PROVIDER shall follow all Division of Public Health-Women's Health Family Planning Program Guidelines and other contract requirements.

PROVIDER will be responsible for identifying all technical assistance, training, and continuing education needs, and arranging for appropriate support through Health Care Education and Training, Inc. PROVIDER and FISCAL AGENT will maintain regular communication on programmatic and service delivery matters, and will collaborate as needed to maintain an integrated system of services within the combined Service Area.

PROVIDER will complete and submit all required program reports to the DPH-Women's Health-Family Planning and Reproductive Health Program.

PROVIDER must submit to Purchaser a final expenditure report 60 days following the end of Agreement, unless an alternative time is mutually agreed upon by FISCAL AGENT and PROVIDER.

### Responsibility of FISCAL AGENT

FISCAL AGENT will transmit initial pre-payments to PROVIDER at the beginning of this Agreement (on or after 1/1/2015) after pre-payments are received by the FISCAL AGENT under its contract with the Wisconsin Division of Public Health. Thereafter, FISCAL AGENT will submit payments to PROVIDER based on actual expenditure reports, after acceptance and reimbursement to FISCAL AGENT by the Wisconsin Department of Health Services.

FISCAL AGENT is responsible for billing the Department of Health Services CARS monthly on behalf of PROVIDER, and reimbursing PROVIDER accordingly in a timely manner after receiving reimbursements from DHS CARS.

FISCAL AGENT will maintain communication with PROVIDER and participate in meetings coordinated by the DPH-Women's Health and Family Planning Program as needed to develop and maintain an integrated system of quality and cost effective services within the combined Service Area.

FISCAL AGENT is not liable for any fiscal practices and financial obligations by PROVIDER under this Agreement.

**Contract Agreement Addendum: Exhibit II(B)**

**Contract #:** 24216

**Agency:** Waupaca County Human Services, Health Services Division

**Contract Year:** 2014

**Program:** Women’s Health – Family Planning

Responsibility of DPH-Women’s Health Family Planning Program

The DPH-Women’s Health and Family Planning Program has responsibility for determination of PROVIDER performance and compliance with all Program requirements, including program guidelines, documentation and submitting appropriate program reports, implementing quality improvement practices, and implementing sustainability practices. The DPH-Women’s Health and Family Planning Program will monitor and review PROVIDER reports, and will conduct on-site visits, and patient health care record reviews.

The DPH-Women’s Health and Family Planning Program will make available training and technical assistance and support through the Wisconsin State Laboratory of Hygiene and the Health Care Education and Training, Inc..
