#### Baseline for Measurement

NAPSACC pre/post survey data was collected in 2010 and 2013 assessing physical activity and nutrition in childcare centers. Additional assessment data will be gathered with this initiative.

#### Context

Obesity prevention is one of the priorities in our CHIPP. We plan to implement Farm to Childcare and hope to work off our successes in implementing Farm to School in Wood County. We plan to:

1. Assess the capacity and feasibility of implementing Farm to Childcare in four childcare centers.
2. Meet with interested childcare centers.
3. Develop goals and an implementation plan for each of four childcare centers.
4. Modify Farm to School communication materials for childcare centers.

We anticipate one barrier being childcare center capacity to expand their programming to include Farm to Childcare. We hope to use our successful experiences from Farm to School to mitigate these challenges.
