 Date

Goal I: Identify and engage community stakeholders interested in addressing adolescent health.

Objectives	Activities	Timeline				Measures of Accomplishment	Person Responsible
		S	O	N	D		
<p>Objective 1: Community stakeholders will be identified to form a coalition/partnership to promote and advocate for comprehensive adolescent health education in the community and/or school setting.</p> <p>Objective Rationale: ACHD surveyed the county’s public schools to assess to level and degree of adolescent health education delivered in the school setting, and found that education piece to be severely lacking. The ACHHS Board has made adolescent health education a priority by passing a resolution to have public health lend support to the schools for disease prevention and reproductive health education. Community support is essential to bolster support for the necessity of increased adolescent health education.</p>	<p>Activity 1: ACHD has identified key leadership for this coalition. Those members will participate in training provided by the Healthy WI Leadership Institute to begin crafting an effective message and intervention planning</p>	X				Coalition members will participate in the Community Teams Orientation & Social Ecological Model Webinar.	Carrie Hunt, PHN
	<p>Activity 2: Further individuals/school personnel in each school district will be identified to increase the coalition to a county-wide level.</p>		X			Coalition members will increase by one person per school district (4).	Cyndi Zach, HO; Carrie Hunt, PHN.
	<p>Activity 3: ACHHS Board Members having previously identified as the Reproductive Health Education sub-committee will endorse the coalition.</p>			X		ACHHS Board will publicly endorse the coalition to demonstrate support of the need and effort	Cyndi Zach, HO; Terri Perry, ACHHS Director; Clarence Campbell, ACHHS Board Chair.

	Activity 4:					
	Activity 5:					
Objective 2: Ashland County school districts will review data which identifies adolescent health risk factors.	Activity 1: Coalition members will engage with key school personnel		X		Key school personnel will communicate and interact with coalition members	Coalition members
Objective Rationale: Local school governments and communities will learn the short- and long-term risks to their communities and youth with inadequate health education	Activity 2: Coalition and key school personnel will meet with local school district's governing board			X	School District Superintendent and local governing board will receive data to support need for evidence-based adolescent health education	Cyndi Zach, Health Officer; Coalition Members
	Activity 3: Coalition and key school personnel will present local adolescent health data to each school			X	School District Superintendent and local governing board will receive data to support need for evidence-based adolescent health education	Cyndi Zach, Health Officer; Coalition Members

Goal II: Select and purchase at least two evidence-based programs that would be culturally appropriate for the adolescents of greatest need in your community.				
Objectives	Activities	Timeline	Measures of Accomplishment	Person Responsible

		S	O	N	D		
<p>Objective 1: The Wellness for Life – Empowering Youth Through Health Education will select two evidence-based programs that demonstrate the highest evidence of effectiveness and are appropriate for all racial and ethnic groups.</p> <p>Objective Rationale: Evidence-based programs are sound public health practice.</p>	Activity 1: A teen advisory board will review the purpose of utilization of evidence-based programs			X		Teen participants will demonstrate awareness of utilization of evidence-based programs	AC PH staff; Coalition members; Key school personnel
	Activity 2: A teen advisory board will review the selection of evidence-based programs provided by the Adolescent Health mini-grant				X	Teen participants will engage in discussion surrounding the selection of evidence-based programs.	AC PH staff; Coalition members; Key school personnel
	Activity 3: A teen advisory board and coalition members will select two evidence-based programs to be purchased and used in all schools collectively				X	Two Evidence-based programs will be purchased by the local health department with Adolescent Health mini-grant funding.	AC PH staff
	Activity 4:						
	Activity 5:						

Objective 2: Objective Rationale:	Activity 1:						
	Activity 2:						
	Activity 3:						

Goal III: Develop a sustainability plan to engage youth voice at a local level (using a youth leadership council, peer education program, or teen advisory board).

Objectives	Activities	Timeline				Measures of Accomplishment	Person Responsible
		S	O	N	D		
<p>Objective 1: A teen advisory board will be formed to guide local health department efforts in reaching that population with prevention and wellness messages and education.</p> <p>Objective Rationale: The youth perspective is necessary for local health departments to understand and grasp the process of working with this population</p>	Activity 1: Coalition members will engage with key school personnel		X			Key school personnel will communicate and interact with coalition members	Coalition members
	Activity 2: Key school personnel will identify students most likely to engage with the Coalition and the Local Health Department in a small group setting		X			Student(s) from each county school district will be recognized as potential candidates for a teen advisory board to the local health department	Coalition members
	Activity 2: Coalition and key school personnel will meet with local school district's governing board			X		School District Superintendent and local governing board will receive data to support need for adolescent input into the local health department's outreach and programs.	Cyndi Zach, Health Officer; Coalition Members
	Activity 4: Local health department staff will interview potential teen advisory board members			X		A minimum of one teen student will be selected to participate on the local health department's teen advisory board	Cyndi Zach, Health Officer; Carrie Hunt, Public Health Nurse
	Activity 5:						

Objective 2: Objective Rationale:	Activity 1:						
	Activity 2:						
	Activity 3:
