2015 DPH Consolidated Contract Addendum

This contract addendum is specific to Chippewa County Department of Public Health & Home Care whose principal business address is 711 North Bridge Street Room 121, Chippewa Falls, WI 54729. The contact for the GRANTEE’S Contract Administrator is:

Ms Jennifer Rombalski
711 North Bridge Street Room 121
Chippewa Falls, WI 54729

Telephone: 715/ 726-7900
Fax: 715/ 726-7910
E-mail: jrombalski@co.chippewa.wi.us

Section 6.D Funding Controls

Funding controls are summarized below. The [2015 Consolidated Contract Overview](#) contains current funding controls for all Profile IDs that are part of the consolidated contract.

Payments through June 30, 2015 are limited to 6/12th of the contract with the balance paid after July 1, 2015 based on reported costs up to the contract level. This applies only to the following Profile IDs:

Profile IDs Subject to 6/12 th Funding Controls			
Profile ID	Name	Profile ID	Name
103010	Regional Radon Information Centers	159320	MCH
151734	Oral Health Supplement	159321	Reproductive Health
151735	Oral Health Mouth Rinse	159327	Family Planning
152002	Reproductive Health SLOH	181005	TPCP-WIS-WINS
152020	Family Health-Women's	181012	Tobacco Prevention & Control Program
157720	Childhood Lead		

Payments through September 30, 2015 are limited to 9/12th of the contract with the balance paid after October 1, 2015 based on reported costs up to the contract level. This applies only to Profile ID 154710.

Section 34.A Special Provisions

1. Contract Period

The contract period for Profile 157000 (Well Woman) is limited to January 1, 2015 through June 30, 2015. No expenses incurred after June 30, 2015 will be reimbursed. The [2015 Consolidated Contract Overview](#) contains current funding periods for all Profile IDs that are part of the consolidated contract.

2. Final Report Dates

The due date of the final fiscal report for Profile 150327 (Radon Outreach) shall be sixty (60) days after the Grant Agreement Period ending date. Expenses incurred during the Grant Agreement period on Profile 150327, but reported later than sixty (60) days after the period ending date, will not be recognized, allowed or reimbursed under the terms of this Grant Agreement.

The [2015 Consolidated Contract Overview](#) contains final report due dates for all Profile IDs that are part of the consolidated contract.

Contract Agreement Addendum: Exhibit I

Program Quality Criteria

Generally high program quality criteria for the delivery of quality and cost-effective administration of health care programs have been, and will continue to be, required in each public health program to be operated under the terms of this contract.

This Exhibit contains only applicable quality criteria for this contract.

Contract Agreement Addendum: Exhibit I

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Immunization Program Quality Criteria

- 1) Assessment and surveillance of public health to identify community needs and to support systematic, competent program planning and sound policy development with activities focused at both the individual and community levels.
 - A) Contractees must assure reported vaccine preventable diseases (VPD) are investigated and controlled as detailed in the most current edition Wisconsin Disease Surveillance Manual (EPINET) and/or written disease-specific guidance from DPH (e.g. Pertussis Guidelines). Local Health Departments (LHDs) should maintain regular contact with local required reporters of VPDs to encourage and assure prompt reporting. Contractees should solicit the help of the Wisconsin Immunization Program when needed to help assure that an adequate system is in place to report and investigate VPD.
 - B) Contractees must annually formally evaluate immunization delivery and the use of vaccine preventable disease surveillance systems and improve the use of those systems in their jurisdictions where needed (e.g., the Wisconsin Electronic Disease Surveillance System (WEDSS).
 - C) Contractees must work in collaboration with the Wisconsin Immunization Program to increase the use of existing electronic data collection systems for vaccine record keeping and vaccine preventable disease data systems.
- 2) Delivery of public health services to citizens by qualified health professionals in a manner that is family centered, culturally competent, and consistent with the best practices; and delivery of public health programs for communities for the improvement of health status.
 - A) Contractees must assure the delivery of immunization services in a safe, effective and efficient manner as detailed in the Wisconsin Immunization Program Policies and Procedures Manual and in section 252, HFS 145, Wis. Admin. Code. Contractees must assure the immunization of children is consistent with Healthy People 2020 goals.
- 3) Record keeping for individual focused services that assures documentation and tracking of client health care needs, response to known health care problems on a timely basis, and confidentiality of client information.
 - A) Contractees must use the Wisconsin Immunization Registry (WIR) or an electronic immunization population-based data system that links with the WIR. The data system must have a tracking and recall function to identify children whose immunization records are behind schedule according to the ACIP recommendations. Tracking and recall shall be conducted at least every other month as required by the Wisconsin "Policies and Procedures Manual for Immunization Programs".
 - B) Contractees immunization practice must assure the immunization of children, and share children's immunization records with parents or guardians, schools and day care centers and other healthcare providers as provided by the Wisconsin School Immunization Law HFS 144 (section 252).
- 4) Information, education, and outreach programs intended to address known health risks in the general and certain target populations to encourage appropriate decision making by those at risk and to affect policy and environmental changes at the community level.
 - A) Contractees must engage in community partnerships to identify and address the needs of high-risk populations, reduce racial and ethnic health disparities, and to educate families and the community on the importance of immunizations.

Contract Agreement Addendum: Exhibit I

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

- 5) Coordination with related programs to assure that identified public health needs are addressed in a comprehensive, cost-effective manner across programs and throughout the community.
 - A) Contractees must coordinate immunization services with local child healthcare (service) providers: e.g., WIC projects, Medical Assistance programs, and other local public health programs to assess the immunization status of, refer, and provide immunization services to under-immunized children.
- 6) A referral network sufficient to assure the accessibility and timely provision of services to address identified public health care needs.
 - A) Contractees must develop relationships among public and private healthcare providers to facilitate access by children and families to immunization services. Contractees should work with these providers to assure that current immunization guidelines are followed.
 - B) The LHD should promote the medical home concept by referring vaccine recipients to their medical home provider for subsequent immunizations and coordinate with this medical provider to assure adherence to the recommended immunization schedule.
 - C) LHDs should promote the exchange and sharing of immunization data using immunization registries.
 - D) The LHD will assure adequate surveillance, prompt reporting and epidemiologic follow-up of vaccine preventable diseases. When prompt reporting of a vaccine preventable disease does not occur, the LPHD will formally address the issue with the reporting agency to assure that reports are made according to the latest EPINet Manual.
- 7) Provision of guidance to staff through program and policy manuals and other means sufficient to assure quality health care and cost-effective program administration.
 - A) Contractees will ensure program staff is competent in current immunization program policy and processes, including that provided through the Centers for Disease Control and Prevention (CDC) distance learning course and CDC updates.
 - B) The LHD will follow the Wisconsin "Policies and Procedures Manual for Immunizations" developed and distributed by the Wisconsin Immunization Program, unless otherwise agreed upon; as well as Immunization Policy Memos issues periodically issued from the Wisconsin Immunization Program. The LHD must have written policies on the proper handling and storage of state-supplied vaccine as required by the Vaccines for Children (VFC) Program. These policies must be reviewed with all immunization program related staff on at least an annual basis.
- 8) Financial management practices sufficient to assure accurate eligibility determination, appropriate use of state and federal funds, prompt and accurate billing and payment for services provided and purchased, accurate expenditure reporting, and, when required, pursuit of third-party insurance and Medical Assistance Program coverage of services provided.
 - A) Billing for payment of childhood immunization services is not required under this section.
 - B) LHDs must assure that parents of children who are on Medical Assistance will not be charged a vaccine administration fee or be requested to make a donation for vaccine or vaccine related services. Administration fees cannot be mandatory and clients must be informed that failure to pay the administration fee or make a donation does not preclude them from receiving state-supplied vaccine. This information must be added to immunization advertising materials used by the LHD for state supplied

Contract Agreement Addendum: Exhibit I

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

vaccines. The message must be given to the client in a way and in a language the client understands.

- C) Grantees must screen for insurance eligibility in accordance with current DPH guidelines for state supplied vaccines.
- 9) Data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
- A) Contractees must collect and analyze agency and available private provider immunization data for children 12-35 months of age, school immunization law reports and other available population-based information needed to identify strengths and weaknesses in local delivery systems and plan improvements. Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis.
 - B) LHDs will utilize the WIR for immunization level data analysis.
 - C) LHDs and Tribes will assure staff competence with the WIR system. LHD and Tribal health staff must attend at least one Regional WIR User Group Meetings or Wisconsin VFC Workshops where WIR is included in the agenda. Attendance at these meetings is necessary for staff to maintain a thorough working knowledge of the functionality of the WIR.

Contract Agreement Addendum: Exhibit I

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Wisconsin Well Woman Program Quality Criteria

- 1) Assessment and surveillance of public health to identify community needs and to support systematic, competent program planning and sound policy development with activities focused at both the individual and community levels.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 2) Delivery of public health services to citizens by qualified health professionals in a manner that is family centered, culturally competent, and consistent with the best practices; and delivery of public health programs for communities for the improvement of health status.
 - A) The following information applies only to breast cancer screening: 1) Each coordinating agency must ensure it focuses its breast cancer screening outreach efforts on women ages 50-64. Seventy-five percent of women receiving mammograms should be between the ages of 50 and 64. 2) Each coordinating agency must document attempts to contact annually 100% of the women enrolled in the program, where rescreening is clinically indicated, to arrange mammography rescreening examinations, and must assure that at least 50% of these women are rescreened for breast cancer. 3) Each coordinating agency must follow the program standards for median days between abnormal mammography results and final diagnosis for women enrolled in the program. The median days between an abnormal mammography result and final diagnosis shall be less than 60 days, with not more than 25% over 60 days. 4) Each coordinating agency must document attempts to follow-up 100% of the women reported to have abnormal or suspicious breast cancer screening findings to assure they understand the need for further evaluation and to assist and refer them for appropriate diagnosis and treatment.
 - B) The following information applies only to cervical cancer screening: 1) Each coordinating agency must follow the program standards for median days between abnormal Pap smear results and final diagnosis for women enrolled in the program. The median days between an abnormal Pap smear result and final diagnosis shall be less than 60 days, with no more than 25% over 60 days. 2) Each coordinating agency must document attempts to follow-up 100% of the women reported to have abnormal or suspicious cervical cancer screening findings to assure they understand the need for further evaluation and to assist and refer them for appropriate diagnosis and treatment.
- 3) Record keeping for individual focused services that assures documentation and tracking of client health care needs, response to known health care problems on a timely basis, and confidentiality of client information.
 - A) Each coordinating agency must maintain a paper system or a computerized tracking database of women from its county enrolled in the program. At a minimum, the database should include annual eligibility determination, results of screening services provided, documentation of follow-up in situations of abnormal screening results, and recommended rescreening dates.
- 4) Information, education, and outreach programs intended to address known health risks in the general and certain target populations to encourage appropriate decision making by those at risk and to affect policy and environmental changes at the community level.
 - A) Each coordinating agency must document contacts made to recruit new WWWP clients with special emphasis on women 50-64 years of age. The agency must provide information and education about covered services and rescreening at appropriate intervals.

Contract Agreement Addendum: Exhibit I

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

- 5) Coordination with related programs to assure that identified public health needs are addressed in a comprehensive, cost-effective manner across programs and throughout the community.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 6) A referral network sufficient to assure the accessibility and timely provision of services to address identified public health care needs.
 - A) Each coordinating agency is responsible for recruiting new providers to the WWWP as needed.
 - B) Women diagnosed with breast and/or cervical cancer will be referred to Well Woman Medicaid as appropriate.
 - C) Each coordinating agency must document contacts with each of its WWWP providers as needed, but at least quarterly, to access program status, identify needs, and share information.
- 7) Provision of guidance to staff through program and policy manuals and other means sufficient to assure quality health care and cost-effective program administration.
 - A) There are no separate sub-criterion to this Quality Criteria Category.
- 8) Financial management practices sufficient to assure accurate eligibility determination, appropriate use of state and federal funds, prompt and accurate billing and payment for services provided and purchased, accurate expenditure reporting, and, when required, pursuit of third-party insurance and Medical Assistance Program coverage of services provided.
 - A) Each coordinating agency must ensure accurate eligibility determination whether completed by the local coordinating agency or the provider.
 - B) Each coordinating agency must document attempts to ensure that billing problems between the providers and the fiscal agent are resolved.
 - C) Each coordinating agency is responsible for educating clients on program-covered services and client responsibility for non-covered services.
 - D) Each coordinating agency is responsible for educating providers on the WWWP and billing practices.
- 9) Data collection, analysis, and reporting to assure program outcome goals are met or to identify program management problems that need to be addressed.
 - A) There are no separate sub-criterion to this Quality Criteria Category.

Contract Agreement Addendum: Exhibit II

Program Objectives

(A) Contract Funds, Program/Objective Values, and Other Contract Details

(B) Objective Details

Contract Agreement Addendum: Exhibit II(A)

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Immunization

Program Total Value \$15,824

1 LHD Template Objective \$15,824

By February 15, 2016 81% children residing in Chippewa County Dept. of Public Health's jurisdiction who turn 24 months of age during the contract year will complete 4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hepatitis B, 1 Varicella and 4 Pneumococcal Conjugate (PCV) vaccination by their second birthday.

MCH

Program Total Value \$30,573

1 Template Objective 2 \$15,287

By December 31, 2015, the Keeping Kids Alive Initiative for CDR (FIMR or CDR) for year 2015 will be implemented by the Chippewa Co. Dept. of Public Health in collaboration with community partners.

2 Template Objective 1 \$15,286

Objective Statement: By December 31, 2015, a plan for the Wisconsin Healthiest Families Initiative will be undertaken by the Chippewa County Dept. of Public Health in collaboration with community partners focusing on mental health.

Oral Health

Program Total Value \$2,040

1 Template Objective 1 \$2,040

School-Based Fluoride Supplement Program: By December 31, 2015, 125 children ages 6 months through 16 years from non-fluoridated communities will participate in a dietary fluoride supplement program administered by the Chippewa County Health Department.

WIC

Program Total Value \$259,134

1 Template Objective 1 \$259,134

During the contract budget period of January 1, 2015 through December 30, 2015, the Chippewa County WIC Project will maintain an average monthly participation that is at least 97% of the assigned case load.

Well Woman

Program Total Value \$10,439

1 Template Objective 1: \$10,439

By June 30, 2015, 24 Chippewa County residents ages 35-64 years will be screened through the Wisconsin Well Woman Program.

Total of Contract Objective Values	\$318,010
Total of Contract Statement Of Work Values	\$0

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Immunization

Objective #: 1 of 1

Objective Value: \$15,824

Objective: Primary Details

Objective Statement

LHD Template Objective

By February 15, 2016 81% children residing in Chippewa County Dept. of Public Health's jurisdiction who turn 24 months of age during the contract year will complete 4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hepatitis B, 1 Varicella and 4 Pneumococcal Conjugate (PCV) vaccination by their second birthday.

Deliverable Due Date: 10/31/2016

Contract Deliverable (Evidence)

A Wisconsin Immunization Registry (WIR) generated population based standard benchmark report documenting the number of children in Chippewa County Dept. of Public Health's jurisdiction who turned 24 months of age in 2015 contract year. Reports should be run with a 45 day buffer to ensure that all updated data has been received by the WIR. If the objective is not met, include a report of the accountability targets and the progress achieved including the activities and interventions conducted; include any barriers that may have been identified.

For your information the cohort of children for this objective is:

Date of Birth 01/01/2013- 12/31/2013

Criteria for the 2015 End of the Year Report:

The date of birth for End of Year Benchmark: 01/01/2013 - 12/31/2013

Evaluation date: 01/01/2016

Run date: 02/15/2016

Programs Providing Funds for this Objective

Immunization: \$15,824

Agency Funds for this Objective:

Data Source for Measurement

Wisconsin Immunization Registry Records.

Baseline for Measurement

The 2013 end of year population based standard benchmark report will be used to determine the baseline for the 2015 population based objective.

For the baseline the following parameters will be used to run the benchmark report:

Birthdate Range: 01/01/2011 thru 12/31/2011

Evaluation Date: 01/01/2014

Run Date: After: 02/15/2014

Baseline was 78%.

Context

Children will be assessed using the standard benchmark report for having 4 DTaP, 3 Polio, 1 MMR, 3 Hib 3 Hepatitis B, 1 varicella and 4 Pneumococcal Conjugate (PCV) vaccination by 24 months of age. Progress towards reaching 90% will be measured using a WIR Benchmark report. Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that a child has moved out of your jurisdiction, you cannot remove them from your cohort.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425
Program: Immunization

Agency: Chippewa County Department of Public Health & Home Care
Objective #: 1 of 1

Contract Year: 2015
Objective Value: \$15,824

Guidelines for determining increase needed for progress towards 2015 goals:

2013 Calendar Year Baseline Required Increase:

50-59% - 5% Above Baseline;

60-69% - 4% Above Baseline;

70-79% - 3% Above Baseline;

80-85% - 2% Above Baseline;

86-89% - 1% Above Baseline;

> 90 - Maintain.

Agencies should consult with their Regional Immunization Program Advisor for assistance in determining activities and interventions that will help them achieve the required increase for their population assessment.

Context Continued

Input Activities

The Wisconsin Immunization Program recommends the following activities to help ensure success of this objective:

- Contacting parents of infants without immunization histories
- Tracking
- Coordination of immunization services with other LHD programs
- Sharing information with area physicians
- Requesting that information is entered into the WIR.
- Reminder/recall

The Wisconsin Immunization Program requires a minimum of 3 attempts to personally contact a responsible party.

Only children who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that a child has moved out of your jurisdiction you cannot remove them from your cohort.

Reminder/recall activity is not listed in a particular order and we suggest you use the method that is the most successful for your community:

- Letter
- Phone call
- Home visit
- Email
- Text message

1. SPHERE Report of the MCH Core Competencies
2. SPHERE Partnership Report to include data from the following tab/screen: Partnership Tool. Data entry on this screen includes partner Representation and Contribution of Partnership
4. Evaluation and/or survey tools
5. MCH/KKA Summit attendee list
6. Reporting forms related to Keeping Kids Alive (available at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>)

Baseline for Measurement

Baseline information as identified in the 2015 Keeping Kids Alive Supplement to GAC Objective.

Context

Wisconsin Keeping Kids Alive Initiative Goal: To establish a sustainable, coordinated system to identify causes of all fetal, infant and child deaths, resulting in preventive strategies for community action. See <http://www.chawisconsin.org/>

Note: preventive interventions will be implemented via the Healthiest Families Initiative.

Local infant/child death review teams are part of public health surveillance and are critical to better understanding how and why a child died. We have statistics on how many children die and from what causes, <http://www.dhs.wisconsin.gov/health/injuryprevention>, but often know little about the circumstances leading up to the child's death. These multidisciplinary teams review and acknowledge all child deaths from a prevention standpoint.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Maternal and Child Health Block Grant

Objective #: 1 of 2

Objective Value: \$15,287

In Wisconsin, the Division of Public Health (DPH) works with the Children's Health Alliance of Wisconsin (the Alliance) in an effort to assure all fetal, infant and child deaths have the opportunity to be reviewed with an emphasis on prevention. Current Child Death Review (CDR) teams are expected to follow the Wisconsin Model, known as Keeping Kids Alive in Wisconsin (outlined in the following manual: <http://www.chawisconsin.org/documents/CDRFinal10.13.08.pdf>). Counties will be expected to work with the Alliance and DPH to explore opportunities to review fetal and infant deaths to integrate the Keeping Kids Alive in Wisconsin recommendations into their reviews.

The Fetal and Infant Mortality Review (FIMR) is an action-oriented community process that continually assesses, monitors, and works to improve service systems and community resources for women, infants, and families. Through the review of all fetal and infant deaths we can both better understand the maternal and infant health and social risk factors contributing to these deaths and identify potential protective factors. The FIMR process brings private health care providers, public health, and community service providers together with the intention of examining the current systems that support families during pregnancy, infancy, preconception and interconception.

Local Health Departments may choose this objective to:

1. Initiate a new CDR/FIMR Team in their community where one previously did not exist
(taking into consideration fetal deaths along with infant and child deaths)
2. Assess the fidelity of an existing CDR Team to the Keeping Kids Alive in Wisconsin Model
3. Assess the ability of the community, with an existing CDR Team, to review fetal deaths
4. Implement and evaluate a plan to address issues brought forth from one of the above assessments

Communities choosing this objective are expected to follow the Keeping Kids Alive model. It is anticipated that most communities can develop and implement a new CDR/FIMR team following this model within two years. Additional time may be negotiated as deemed appropriate.

Local public health departments will each participate in training and technical assistance, identification of new community partners and utilization of the Keeping Kids Alive Model.

The WI Healthiest Families Initiative will be utilized to assess the community's current prevention efforts and move review recommendations to action.

Context Continued

Primary Activities: Local public health departments will complete the following activities. Moving to the Wisconsin Healthiest Families objective for prevention activities may be undertaken at any time, as the community sees fit.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Maternal and Child Health Block Grant

Objective #: 1 of 2

Objective Value: \$15,287

Initiation of a New Team

1. Work with staff at the Alliance to receive training on the development and implementation of a death review team and use of the data collection system.
2. Identify and recruit appropriate partners to form a death review team.
3. Implement death reviews in accordance with the Keeping Kids Alive in Wisconsin model, including entering all deaths into the data collection system.
4. Select the Wisconsin Healthiest Families objective to support review recommendations moving to action within your community.

Improvement of a Current Team

1. Utilize the standardized tool created by the Alliance to complete an assessment of the current review teams, fidelity to the Keeping Kids Alive Model and ability to incorporate fetal death reviews into the current structure.
2. Implement and evaluate strategies to improve the death review team according to needs identified in the assessment.
3. Select the Wisconsin Healthiest Families objective to support review recommendations moving to action within your community.

Input Activities

Required activities to support assessment and planning and implementation steps include the following:

1. Complete an initial agency assessment of MCH Core Competencies and enter in SPHERE by January 31, 2015; review at mid-year; and update in SPHERE by contract reporting deadline.
2. Participate in education to support the ongoing development of MCH Core Competencies.
3. Identify existing and new community partners, their contributions, and level of collaboration via the Partnership Tool in SPHERE.
4. Participate in the 2015 Wisconsin Healthiest Families and Keeping Kids Alive Summit.
5. Utilize the Keeping Kids Alive in Wisconsin model including entering data into the data collection system.
6. Participate in MCH Program evaluation efforts throughout the contract year.
7. Engage in activities with community partners to accomplish assessment and/or planning and implementation, as identified in the 2015 Keeping Kids Alive Supplement to GAC Objective.
8. Request technical assistance from Children's Health Alliance of Wisconsin and/or MCH contract administrator as needed.
9. Promote the MCH Hotline.
10. (Optional) Participate in a Learning Community.

Contract Deliverable (Evidence)

1. A completed baseline assessment of agency core competencies by 1-31-15, updated throughout the year and completed by marking Final for Contract Year by 1-31-16.
2. A completed Partnership Report for the Focus Area(s) that directly align with the objective.
3. Documentation of the number of life course trainings held, audience, and the number of participants in Sphere.
4. Completed evaluation surveys as requested by the MCH Program.
5. Documentation of agency participation in the MCH/KKA annual summit.
6. A completed Wisconsin Healthiest Families Report related to the step identified in the Objective Statement.

Reporting forms are available at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>.

Programs Providing Funds for this Objective

Maternal and Child Health Block Grant: \$15,286

Agency Funds for this Objective:

Data Source for Measurement

1. SPHERE Report of the MCH Core Competencies
2. SPHERE Partnership Report to include data from the following tab/screen: Partnership Tool. Data entry on this screen includes partner Representation and Contribution of Partnership
3. SPHERE Community Report to include data from the following screens: Community Activity (all appropriate fields), Intervention: health Teaching; Subintervention: Life Course Framework
4. Evaluation and/or survey tools
5. MCH/KKA Summit attendee list
6. Reporting forms related to selected step(s) for Wisconsin Healthiest Families (available at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>)

Baseline for Measurement

Baseline information as identified in the 2015 Wisconsin Healthiest Families Supplement to GAC Objective.

Context

Note: This work will be accomplished over multiple years with progressive steps negotiated annually. The populations to be served are all infants and children, children and youth with special health care needs, and expectant and parenting families with young children with a special focus on those at risk for poor health outcomes.

All local health departments need to propose reasonable use of their allocated MCH dollars. Those agencies receiving greater allocations of MCH dollars will be expected to provide multiple steps, focus areas, input activities, and/or objectives.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Maternal and Child Health Block Grant

Objective #: 2 of 2

Objective Value: \$15,286

Goal: To assure that all families in Wisconsin have access to a coordinated, integrated and sustainable system of services and supports focused on health promotion and prevention. For more information go to:
<http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>.

Focus Areas: The focus areas for the Wisconsin Healthiest Families Initiative includes: family supports, child development, mental health, and safety and injury prevention. Go to
<http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems/WHFdefinitions.htm> for definitions. Agencies need to identify separate objectives for each focus area selected.

Framework: Key concepts of the Life Course Framework link to the Wisconsin Healthiest Families Initiative. The focus is on early childhood because it is a critical, sensitive period with life-long impacts on health. The objective promotes a plan for a community system that supports early childhood health and development that can build on protective factors and reduce risk factors for young children and families. Collaborations with community partners are important because the broader community environment strongly affects the capacity to be healthy. The lead for this work may vary from one community to the next and from one focus area to the next. Strengths of community partners should be promoted and supported through strategies identified by the collaborating partners. It is expected that education and/or training and utilization of the Life Course Framework concepts will be provided and implemented on an ongoing basis with community partners.

Outcomes: See sample outcomes at: <http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems/WHFdefinitions.htm>.

Context Continued

Primary Activities: The Wisconsin Healthiest Families Initiative will be implemented in collaboration with community partners. Sequential steps will be implemented to complete: 1) assessment, 2) plan, 3) implementation, and 4) evaluation and sustainability. These steps will be completed over multiple years. Reporting documents for these steps are located at:
<http://www.dhs.wisconsin.gov/health/mch/EarlyChildhoodSystems>.

Step 1: Assessment - Complete a community, population focused assessment that identifies the community program needs or other resources related to family supports, child development, mental health, and/or safety and injury prevention within the agency's jurisdiction. Assessment of multiple focus areas can be reported on one Assessment Findings form.

Step 2: Plan In collaboration with community partners, develop a plan that addresses the strengths and gaps identified in the assessment completed in Step 1. The plan should promote integrated, multi-sector service systems to assure services are easily accessed by expectant families and families with infants and young children, with special focus on those at risk for poor health outcomes. Coalitions/collaboratives will identify strategies and specific activities that map out their process to complete the initiative. The plan will be reported as a Community Logic Model (with one logic model submitted for each focus area) and must reflect the activities of the agency and partners.

Step 3: Implementation The agency and partners will implement strategies and activities identified in the plan completed in Step 2 to strengthen the system of early childhood services. Step 3 will be reported on the Implementation Report with one report submitted for each focus area addressed by the agency and partners.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425

Agency: Chippewa County Department of Public Health & Home Care

Contract Year: 2015

Program: Maternal and Child Health Block Grant

Objective #: 2 of 2

Objective Value: \$15,286

Step 4: Evaluation and Sustainability ζ Evaluate the impact on the community of the strategies and activities implemented and identify how this system will be sustained long term.

Input Activities

Required activities to support assessment, planning, implementation, and evaluation/sustainability steps include the following:

- Complete an initial agency assessment of MCH Core Competencies and enter in SPHERE by January 31, 2015; review at mid-year; and update in SPHERE by contract reporting deadline.
- Participate in education to support the ongoing development of MCH Core Competencies.
- Identify existing and new community partners, their contributions, and level of collaboration via the Partnership Tool in SPHERE.
- Provide and implement education and/or training and utilization of the Life Course Framework on an ongoing basis with community partners and enter in SPHERE.
- Participate in MCH Program requests related to evaluation efforts throughout the contract year.
- Participate in the 2015 Wisconsin Healthiest Families and Keeping Kids Alive Summit.
- Engage in activities with community partners to accomplish assessment, planning, implementation and/or evaluation/sustainability, as identified in the 2015 Wisconsin Healthiest Families Supplement to GAC Objective.
- Request technical assistance from MCH contract administrator as needed.
- Promote the MCH Hotline.
- (Optional) Participate in a Learning Community.

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425
Program: Oral Health

Agency: Chippewa County Department of Public Health & Home Care
Objective #: 1 of 1

Contract Year: 2015
Objective Value: \$2,040

Objective: Primary Details

Objective Statement

Template Objective 1

School-Based Fluoride Supplement Program: By December 31, 2015, 125 children ages 6 months through 16 years from non-fluoridated communities will participate in a dietary fluoride supplement program administered by the Chippewa County Health Department.

Deliverable Due Date: 10/31/2016

Contract Deliverable (Evidence)

A report to document, by age and community, the number of children who participated in a dietary fluoride supplement program administered by the Chippewa County Health Department.

Programs Providing Funds for this Objective

Oral Health: \$2,040

Agency Funds for this Objective:

Data Source for Measurement

1. Wisconsin Oral Health Program Annual Report will be provided and must be completed and submitted with documentation of the number of children, including age and community, who participated in the dietary fluoride supplement program.
2. SPHERE Community Report to include the data from the following screens: Community Activity (all appropriate fields) and Fluoride Supplement (no detail screen).

Baseline for Measurement

In 2013, we completed 104 fills despite our negotiation for 125. Being 21 short in 2013, we added this to our contract in 2014 to make our contracted number this year for 146. However, we currently have 105 fills for 2014 and do not anticipate meeting the objective of 146. Given the history of our numbers and our outreach to increase numbers, we will re-negotiate to be more realistic in 2015.

Context

This program is targeted to children in non-fluoridated communities or rural areas with low natural fluoride in the water. The target population for this program is children from age 6 months to 16 years. Water sources must be tested to determine the fluoride content prior to determining the dosage for dietary fluoride supplements. The dosage for dietary fluoride supplements is established by the American Dental Association (ADA). The ADA Dietary Fluoride Supplement Schedule must be adhered to when administering dietary fluoride supplements for this objective.

Context Continued

Input Activities

Activities to meet this objective include outreach to/recruitment from WIC and schools as well as PNCC clients. In addition, outreach has been conducted in the past to child care sites. Individuals and families contact the health department to request refills. When appropriate, staff go through and recall families who have not received a fill for over a year. Staff monitor the contract on a regular basis throughout the year.

Objective Statement

Template Objective 1:

By June 30, 2015, 24 Chippewa County residents ages 35-64 years will be screened through the Wisconsin Well Woman Program.

Deliverable Due Date: 10/31/2016

Contract Deliverable (Evidence)

An agency generated report to document an unduplicated count of Chippewa County residents ages 35-64 years who received screening services through the Wisconsin Well Woman Program.

Programs Providing Funds for this Objective

Wisconsin Well Woman: \$10,439

Agency Funds for this Objective:

Data Source for Measurement

Agency records.

Baseline for Measurement

Context

Screening services supported by the Wisconsin Well Woman Program include breast cancer and cervical cancer. Refer to the program boundary statement and program updates for exceptions for women ages 35-44.

The Wisconsin Well Woman Program also provides staged assessment for Multiple Sclerosis for high risk women.

Context Continued

Input Activities

Women who meet program guidelines and are currently enrolled will be recalled for re-enrollment. Women who meet program guidelines and are referred by physicians, clinics, public health and other community agencies will be enrolled using the Forward Health partnership website. All enrollees will be offered appointment assistance. Follow-up will be done with women who are diagnosed with breast or cervical cancer while enrolled in WWWP to assure enrollment, through Forward Health, into the Well Woman Treatment Program if clients meet the criteria.

Addendum II 2015 WI Wins Outreach Activities

Below is a list of acceptable media and public outreach activities. WI Wins and/or Smokecheck.org must be a significant focus of all outreach activities. Although this list contains many ideas for outreach activities, it is not exhaustive. To assure an original outreach activity will qualify toward the required objective, please contact the Youth Access Program Coordinator.

Media Outreach Activities:

- Participate in on-air or print interviews
- Send a press release to local daily, weekly, or monthly newspaper
- Share local story with newspaper, television or radio
- Submit Letter to the Editor (LTE) to local newspaper
- Send WI Wins Public Service Announcement to television or radio stations (contact Youth Access Program Coordinator for copy)
- Call into community talk radio shows or morning shows
- Submit a WI Wins update for local newsletters
 - Community
 - High School
 - Health Department
 - Local Coalitions (not including Tobacco-Free Coalition)
 - Neighborhood Watch
 - Places of Worship
 - Chamber of Commerce

Public Outreach Activities:

- Arrange for presentations to civic leaders or community groups
 - Board of Health, County/City or Town Board, School Board, PTA/O, Crime Prevention Committee
 - District Attorney, local government officials, legislators
 - Law Enforcement Agencies
- Send letters or emails to local public leaders about retailers and clerks who succeed in making a difference in their community. Encourage them to call, send a note or pay a visit to the stores thanking the owners/clerks
- Work with a local youth group to send thank you cards to local clerks and retailers who obey the law
- Actively involve coalition members in promoting WI Wins and/or Smokecheck.org
 - Have volunteers canvas local retailers with WI Wins leave behinds (e.g. SmokeCheck.org promotional card and ID reference card, Smoke Check OTP information sheet, etc.)
- Send direct mail to retailers
 - Must contain program information about WI Wins and/or Smokecheck.org
 - Must include specific community or county compliance check information (e.g. rates)
 - Can include information about OTPs and the importance of checking IDs

All WI Wins outreach should have a positive focus. Suggested messages and tactics for outreach may include:

- *Provide details of WI Wins and Smokecheck.org to include what they are, what they do and why they are important*
- *Recognize retailers and clerks who are making a difference in their community by not selling tobacco*
- *Highlight a retailer who uses Smokecheck.org with all their employees*
- *Have a reporter ride along on compliance checks*
- *Provide compliance check results*
- *Youth's perspective on their involvement in compliance checks*
- *Thank retailers and clerks for not selling*

Contract Agreement Addendum: Exhibit II(B)

Contract #: 27425 **Agency:** Chippewa County Department of Public Health & Home Care
Program: Tobacco – WI Wins

Contract Year: 2015

- *Increase awareness of OTPs available in the community and the importance of existing youth access laws/WI Wins program*
