Chippewa has identified one of our leading grocery food stores with locations both in Eau Claire and Chippewa counties who we plan to specifically invite for conversation and planning in regards to our local food environment. Perhaps the Eau Claire team has another vendor in mind for partnership as well. We will need to work to get to know the grocery vendor's business better and what they hope to achieve in this community. Challenge Chippewa members and our partners in community health assessment may offer in-kind assistance for strategy development and implementation and may facilitate free media and press coverage. Meeting minutes and documentation of the process will be maintained through the grant cycle.
