Our path to implementing this resource in our community is to collaborate with our local club house "Painting Pathways" to identify two appropriate individuals to be certified as a Peer Counselor. When the individuals have completed their certification, the Mental Wellness Coalition will work with mental health providers in the community to integrate the peer counselors into their treatment plans.

The Wisconsin DHS Division of Mental Health and Substance Abuse Services (DMHSAS) oversees the certification of Certified Peer Specialists which allows individuals to work within programs to provide peer support. DMHSAS adheres to Federal guidance that Peer Specialists must have supervision by a mental health professional, must be coordinated within the context of coordinated service plans and have continuing education. Therefore, Certified Peer Specialists are expected to work within the mental health and substance abuse services system programs that can provide the supervision and coordinated care required; not independently outside of the system programs.
