Date

Goal I: Identify and engage community stakeholders interested in addressing adolescent health.

Objectives	Activities	Timeline				Measures of Accomplishment	Person Responsible
		S	O	N	D		
<p><b>Objective 1: Decrease the number of teen pregnancies.</b></p> <p>Objective Rationale: In 2013 10.2% of the births in Sawyer County were women &lt;20 years of age.</p>	<p>Activity 1: Work with the Sawyer County clinics to offer Long Acting Reversible Contraception (LARC) placement without parental consent, just as other birth control is prescribed.</p>				X	<p>Increase number of LARC placements in teens.</p>	<p>Jessica Bjork Eileen Simak</p>
	<p>Activity 2: Meet with Superintendent and key staff of each Sawyer County School.</p> <p>Present Sawyer County adolescent health data to each school.</p> <p>Work with the Sawyer County Schools to have a public health nurse in the schools, providing reproductive services that are responsible and medically accurate.</p>	X				<p>A public health nurse will be in the Sawyer County Schools offering reproductive health services on a routine basis.</p> <p>Increase human papillomavirus (HPV) vaccine rates for Sawyer County adolescents.</p> <p>Each school superintendent will meet and receive information on Sawyer County adolescents. Use sign in sheets and agendas.</p> <p>Adolescent health data will be received and reviewed by each school.</p>	<p>Jessica Bjork Eileen Simak</p>
	<p>Activity 3: Work with Sawyer County Child Protective Service workers</p>				X	<p>Meet quarterly with Sawyer County Child Protective Service to see how many of the teens they</p>	<p>Jessica Bjork Eileen Simak</p>

	to educate them on the importance of teens they work with, being on birth control.					are working with are on birth control and how to continue to improve the numbers.	
	Activity 4: Work with Sawyer County physicians from each clinic, to assist with working with the schools in supporting teaching responsible and medically accurate reproductive health in the schools.				X	Quarterly meetings of Sawyer County school and physicians from all clinics to review adolescent health services access needs of each school through review of local data.  Identify attendance of stakeholders at school meeting(s).	Jessica Bjork Eileen Simak
	Activity 5: Sawyer County Public Health will designate and design a teen friendly reproductive health waiting room for clients.					A fully completed and designed teen friendly reproductive health waiting room, for clients at Sawyer County Public Health.	Jessica Bjork Eileen Simak
<b>Objective 2: Decrease the number of Sawyer County adolescents with STI/STD's.</b>  Objective Rationale: In 2013 Sawyer County had 2.3% of STI's were someone in the age range of 10-14 and 41.9% STI's were someone in the age range of 15-	Activity 1: Work with the Sawyer County Schools to increase sessions of school STI education for high school students.				X	STI education will be presented to Sawyer County students on a regular basis in the class room setting.	Jessica Bjork Eileen Simak
	Activity 2: Work with the Sawyer County Schools to have a public Health nurse in the schools, providing adolescent services.				X	A public health nurse will be in the Sawyer County Schools offering adolescent health services on a routine basis.	Jessica Bjork Eileen Simak

19.							
	Activity 3: Sawyer County Public Health will designate and design a teen friendly reproductive health waiting room for clients.				X	A fully completed and designed teen friendly reproductive health waiting room, for clients at Sawyer County Public Health.	Jessica Bjork Eileen Simak
