Data Source for Measurement

Agency report to be entered into an electronic data collection tool to be provided by the WI Division of Public Health.

Baseline for Measurement

In 2015, 4 community/school gardens were either developed or enhanced through prevention funding to improve access to fruits and vegetables.

In 2015, the NuAct Coalition partnered with area organizations to promote healthy eating and physical activity programs that encourage children and adolescents to engage in healthy behaviors.

Input Activities

Based on the positive outcomes from previous years and the continued interest in the community to have an organization (NuAct) to help pursue strategies that will not only help to prevent and manage obesity in children and adolescents, but also improve the nutrition and physical activity environments, the NuAct Coalition proposes to implement 2 strategies: 1) improve access to fruits and vegetables, and 2) promote healthy food choices and physical activities in Waupaca County. Specific strategies to develop new, and enhance ongoing, community/school gardens; to partner with farm 2 School to promote local produce in classrooms; to partner with area park and rec departments to promote physical activity programs; to promote healthy food choices at local events in Waupaca County.
