

**DIVISION OF PUBLIC HEALTH
DPH CONTRACT 30514
AMENDMENT #1**

The Department of Health Services, on behalf of the Division of Public Health and the Douglas County Department of Health & Human Services agree to amend their original agreement for the following program(s) as follows: Adult Immunization (Profile 155032).

REVISION: SECTION 5. SERVICES

Additional projects to be completed as detailed in attached Exhibit(s).

Adjustment will be made to the Community Aids Reporting System (CARS) based on the information in the table below.

Agency #	Agency Type	Profile #	Current Contract Level	Contract Change Amount	New Contract Level	Funding Period
16	730	155032	\$0	\$4027	\$4027	5/1/2016-6/30/2017

All other terms and conditions of the original agreement remain unchanged.

Contract Objective Details - Complete

Contract #: 30514

Agency: Douglas County Department of Health & Human Services

Contract Year: 2016

Program: Adult Immunization

Objective #: 1 of 1

Objective Value: \$4,027

Objective: Primary Details

Objective Statement (Template Objective)

Select at least one adult immunization objective (A). The Adult Immunization contract cycle will be May 1, 2016 through June 30, 2017 (14 months).

By June 30, 2017, 26% adults aged 19-26 years residing in Douglas County will have completed the three-dose HPV vaccine series.

Deliverable Due Date: 07/31/2017

Contract Deliverable (Evidence)

A Wisconsin Immunization Registry (WIR) generated population-based standard benchmark report documenting the number of adults in Douglas County with an age-appropriate indication during the 14-month contract cycle. Reports should be run with a 45 day buffer to ensure that all updated data has been received by the Wisconsin Immunization Registry (WIR). Include a report of the accountability targets and the progress achieved including the activities and interventions conducted; include any barriers that may have been identified. A summary of progress made on the selected objective(s) will be required at project mid-point.

Date of birth range:

19-26 years: 7/1/1990-6/30/1998

Evaluation date: 6/30/2017

Run date: 8/15/2017

Programs Providing Funds for this Objective

Adult Immunization: \$4,027

Agency Funds for this Objective:

Data Source for Measurement

Directions on how to pull benchmark reports from the WIR:

1. For all objectives: LHDs should choose "Clients Residing in (your jurisdiction)" and Tribes should choose "Clients Associated with (your tribal health division)".
2. Choose "All Clients, regardless of whether they met the benchmark report or not".
3. Use the birth date range (outlined above) associated with your objective and the timing of the report you are running.
4. Choose a "Standard Assessment".
5. Use the evaluation date (outlined above) associated with the timing of the report you are running.
6. Select the benchmark that is associated with the objective you chose.

Tdap:

Hep B Influenza Pneumo-Poly Td Tdap Zoster

Adult COMPLETE UTD COMPLETE UTD *1* 1

3-Dose HPV Series:

Hep B HPV Meningo MMR Td Tdap Varicella

Adolescent COMPLETE 1 1 2 UTD 1 2

Adolescent Complete COMPLETE *3* 1 2 UTD 1 2

7. Click "Generate".

Baseline for Measurement

The 2015 end of year population based standard benchmark report will be used to determine the baseline for the current adult population based objective.

For the baseline the following parameters will be used to run the benchmark report:

Date of birth range:

19-26 years: 1/1/1989-12/31/1996

Evaluation date: 1/1/2016 (for Tdap, HPV 3, Zoster and Pneumococcal

Run date: 2/15/2016

(Douglas County Baseline: 18%)

Context

Adults will be assessed using the benchmark report for having a dose or doses of HPV. Progress towards reaching 90% will be measured using a WIR benchmark report. Only adults who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that an adult has moved out of your jurisdiction, you cannot remove them from your cohort.

Guidelines for determining increase needed for progress toward contract cycle goals:

(see next page)

Contract Objective Details - Complete

Contract #: 30514

Agency: Douglas County Department of Health & Human Services

Contract Year: 2016

Program: Adult Immunization

Objective #: 1 of 1

Objective Value: \$4,027

20%-29% - 8% above baseline
30%-39% - 7% above baseline
40%-49% - 6% above baseline
50%-59% - 5% above baseline
60%-69% - 4% above baseline
70%-79% - 3% above baseline
80%-85% - 2% above baseline
86%-89% - 1% above baseline

greater than or equal to 90% - maintain

Agencies should consult with their Regional Immunization Representative for assistance with determining activities and interventions that will help them achieve the required increase for their population assessment.

Context Continued

Douglas County will engage in two outreach events, providing HPV prevention education throughout the contract period.

Douglas County will partner with at least one local clinic to provide education and outreach activities.

Input Activities

The Wisconsin Immunization Program recommends the following activities to help ensure the success of this objective:

Coordination of immunization services with other LHDs and/or tribal health clinics.

Sharing information on the Adult Immunization Standards with local health care providers (e.g., during educational sessions or coalition symposiums)

Requesting that adult vaccine doses administered are entered into the WIR

Reminder and recall interventions (e.g., letter, phone call, home visit)

Work with local health care providers to establish standing orders for adult immunization

Use the available billing toolkit to implement a system to bill insured clients for immunization services provided

Attend an Immunization Program-approved adult immunization conference (using up to \$500 of adult immunization grant funds) and plan for disseminating information gathered during an educational session with local health care providers (e.g., during educational sessions or coalition symposiums)
