

**DIVISION OF PUBLIC HEALTH
DPH CONTRACT 30546
AMENDMENT #1**

The Department of Health Services, on behalf of the Division of Public Health and the Oak Creek Health Department agree to amend their original agreement for the following program(s) as follows: Adult Immunization (Profile 155032),.

REVISION: SECTION 5. SERVICES

Additional projects to be completed as detailed in attached Exhibit(s).

Adjustment will be made to the Community Aids Reporting System (CARS) based on the information in the table below.

Agency #	Agency Type	Profile #	Current Contract Level	Contract Change Amount	New Contract Level	Funding Period
472886	760	155032	\$0	\$3747	\$3747	5/1/2016-6/30/2017

All other terms and conditions of the original agreement remain unchanged.

Contract Objective Details - Complete

Contract #: 30546

Agency: Oak Creek Health Department

Contract Year: 2016

Program: Adult Immunization

Objective #: 1 of 1

Objective Value: \$3,747

Objective: Primary Details

Objective Statement (Template Objective)

Select at least one adult immunization objective (A). The Adult Immunization contract cycle will be May 1, 2016 through June 30, 2017 (14 months).

By June 30, 2017, 29% adults aged 19-26 years residing in Oak Creek will have completed the three-dose HPV vaccine series.

Deliverable Due Date: 07/31/2017

Contract Deliverable (Evidence)

A Wisconsin Immunization Registry (WIR) generated population-based standard benchmark report documenting the number of adults in Oak Creek Health Department with an age-appropriate indication during the 14-month contract cycle. Reports should be run with a 45 day buffer to ensure that all updated data has been received by the Wisconsin Immunization Registry (WIR). Include a report of the accountability targets and the progress achieved including the activities and interventions conducted; include any barriers that may have been identified. A summary of progress made on the selected objective(s) will be required at project mid-point.

Date of birth range:

19-26 years: 7/1/1990-6/30/1998

Evaluation date: 6/30/2017

Run date: 8/15/2017

Programs Providing Funds for this Objective

Adult Immunization: \$3,747

Agency Funds for this Objective:

Data Source for Measurement

Directions on how to pull benchmark reports from the WIR:

1. For all objectives: LHDs should choose "Clients Residing in Oak Creek"
2. Choose "All Clients, regardless of whether they met the benchmark report or not".
3. Use the birth date range (outlined above) associated with your objective and the timing of the report you are running.
4. Choose a "Standard Assessment".
5. Use the evaluation date (outlined above) associated with the timing of the report you are running.
6. Select the benchmark that is associated with the objective you chose.

3-Dose HPV Series:

HPV

Adolescent Complete COMPELTE *3*

7. Click "Generate".

Baseline for Measurement

The 2015 end of year population based standard benchmark report will be used to determine the baseline for the current adult population based objective.

For the baseline the following parameters will be used to run the benchmark report:

Date of birth range:

19-26 years: 1/1/1989-12/31/1996

Evaluation date: 1/1/2016 HPV 3,

Run date: 2/15/2016

Context

Adults will be assessed using the benchmark report for having a dose or doses of HPV. Progress towards reaching 90% will be measured using a WIR benchmark report. Only adults who have moved out of the agency's jurisdiction may be removed from the cohort for analysis. Unless you can prove that an adult has moved out of your jurisdiction, you cannot remove them from your cohort.

Guidelines for determining increase needed for progress toward contract cycle goals:

20%-29% - 8% above baseline

30%-39% - 7% above baseline

40%-49% - 6% above baseline

50%-59% - 5% above baseline

60%-69% - 4% above baseline

70%-79% - 3% above baseline

(see next page)

Contract Objective Details - Complete

Contract #: 30546

Agency: Oak Creek Health Department

Contract Year: 2016

Program: Adult Immunization

Objective #: 1 of 1

Objective Value: \$3,747

80%-85% - 2% above baseline

86%-89% - 1% above baseline

greater than or equal to 90% - maintain

Agencies should consult with their Regional Immunization Representative for assistance with determining activities and interventions that will help them achieve the required increase for their population assessment.

Context Continued

Benchmark report generated per grant guidance.

Clients Residing in City: OAK CREEK

Both clients who DID or did NOT meet the selected benchmark(s)

Just consider immunizations as meeting the benchmark

Birth date between 01/01/1989 and 12/31/1996

Selected Gender for Adolescent HPV: All Genders (Female, Male, Unknown)

Evaluation date: 02/15/2016

Adolescent Complete Benchmark

Total clients: 4345; 930 clients (21%) met all benchmark criteria, 3415 clients did not.

Oak Creek will need an 8% increase in eligible resident adults to complete the HPV series. That would translate to an added 374 eligible resident adults completing the HPV series.

Input Activities

The Wisconsin Immunization Program recommends the following activities to help ensure the success of this objective:

Coordination of immunization services with other LHDs.

Requesting that adult vaccine doses administered are entered into the WIR

Reminder and recall interventions (e.g., letter, phone call, home visit)

Attend an Immunization Program-approved adult immunization conference (using up to \$500 of adult immunization grant funds)

Objective: Risk Profile

Accountability Targets

The following Activities are now listed as your Accountability Targets that will assure when complete, that the objective is met even if the objective goal is not: Coordination of immunization services with other LHDs.

Requesting that adult vaccine doses administered are entered into the WIR

Reminder and recall interventions (e.g., letter, phone call, home visit)

Attend an Immunization Program-approved adult immunization conference (using up to \$500 of adult immunization grant funds)
