Baseline		
Provide the rationale for selecting the objective and strategy. Include supporting data.		
Describe the coalition or collaborative group supporting your MCH work.		
Input Activities		
Agency Activities	Responsible Person	Timeframe
How will the agency work with partners, including consumers/families, to implement/evaluate the selected strategy? Instructions: 1) Include core activities identified in the GAC objective, and 2) Identify agency-specific activities.	Who will carry it out?	When will it take place and for how long?
