1.

A. Template Objective 1

School-Based Fluoride Mouthrinse Program: By December 31, 2014, (insert number) children ages 6 years or older from non-fluoridated communities will participate in a weekly school-based fluoride mouthrinse program administered by (insert name) Health Department.

- B. A report to document, by age and community, the number of children who participated in a school-based fluoride mouthrinsing program administered by (insert name) Health Department.
- C. School-based fluoride mouthrinsing programs are evidence-based prevention strategies that prevent dental caries (cavities). The children targeted by this objective are usually first through sixth graders; however, it is also appropriate for seventh and eighth graders. School-based fluoride mouthrinsing programs are not indicated in fluoridated communities or where the natural fluoride level is at an appropriate level.
- C.
- D.
- E.
- F. SPHERE Community Report to include the data from the following screens: Community Activity (all appropriate fields) and Fluoride Mouthrinse (no detail screen).
- G. Technical assistance is available through the DHS Oral Health Program. Contact Lisa Bell at (608) 266-3201 or lisa.bell@wi.gov.
