1.

A. Template Objective 1

This is a multi-year objective, from 2015 through 2017. Throughout calendar years 2015, 2016, and 2017, residents of [INSERT REGIONAL AREA] Counties will be served by a regional Radon Information Center managed by the [INSERT AGENCY NAME].

B. Six-month reports, emailed by 7/31/15, 1/31/16, 7/31/16, 1/31/17, 7/31/17, and 1/31/18, to the Division of Public Health, documenting the activities and progress toward the negotiated annual target quantities specified in the Context section of this contract. Each report should be emailed as a single file, with all documents, photographs, etc. incorporated in the file, as required for our reports to US EPA.

C. These activities shall be completed in 2015: 1) **OUTREACH VIA MEDIA**: Staff will have issued news releases and other public outreach, stimulating reports on radon risk, testing, and mitigation in major journal and broadcast media. Some of the outreach will have been done during January (National Radon Action Month), for synergy with outreach by other LPHAs, WI DPH and US EPA. Media interviewing the RIC will have been encouraged to also contact local businesses and residents for their radon stories; and to include the RIC telephone number and state website address, www.lowradon.org. 2) **OUTREACH TO PROFESSIONAL AND TRADE GROUPS**: Presentations will have been delivered by staff at meetings, shows, or conferences of groups that need to deal with radon as part of their work, such as realtors, home builders, code officials and health professionals. 3) **RESPONSE TO REQUESTS FOR RADON INFORMATION**: Respond to public requests for radon information and consulting.

4) **RADON PROFICIENCY CERTIFICATION**: National proficiency certification for radon measurement and mitigation will have been maintained by at least one staff working on radon, unless they have attended all recent annual RIC meetings, in which case after eight years of an individual being certified they may let their certification lapse. 5) **TRAINING AND STOCKING OF COOPERATING LOCAL AGENCIES**: Staff will traing cooperating local public health agencies in their region as interest arises and help with follow-up for elevated measurement results as needed. 6) **MEETINGS**: Staff will attend statewide conference calls and meetings of RICs and DPH. 7) **DATABASE DEVELOPMENT**: Staff will have add new results of radon measurements that they facilitated to a database. 8) **FIELD SITE VISITS**: Staff will visit sites to consult and become informed about challenging radon mitigations or measurements as funding and schedules permit.

C.

D. See Context above.

E.

F. Agency records:

Report of DHS bi-annually on the: number of media responses to news releases and other outreach with journal publications and broadcasts: journal and/or broadcast station names; the dates, lengths, and scanned images or the media's website versions of the stories. For Outreach to Professional, Trade and Other Groups needing to know about radon for their work: names of meetings and shows, venues, dates, attendance, and supporting information like announcements and agendas. For Response to Requests for Radon Information and Consulting: A tally of public requests from all channels: telephone, email, walk-in, etc. For Radon Proficiency Certification: Who at the agency is currently certified for radon measurement and mitigation proficiency. For Training and Stocking of Cooperating Local Agencies: A list of local public health agencies in the region and how they are trained and stocked with handouts, detectors and literature as appropriate, with brief information on what they have done. For Statewide and Regional Meetings: meetings RIC staff attended. For Database Development: Summary of measurement results added to the database. Field Site Visits: Number of sites visited.
