### 1.

#### A. Template Objective 1

School-Based Fluoride Supplement Program: By December 31, 2015, (insert number) children ages 6 months through 16 years from non-fluoridated communities will participate in a dietary fluoride supplement program administered by the (insert name) Health Department.

B. A report to document, by age and community, the number of children who participated in a dietary fluoride supplement program administered by the (insert name) Health Department.

C. This program is targeted to children in non-fluoridated communities or rural areas with low natural fluoride in the water. The target population for this program is children from age 6 months to 16 years. Water sources must be tested to determine the fluoride content prior to determining the dosage for dietary fluoride supplements. The dosage for dietary fluoride supplements is established by the American Dental Association (ADA). The ADA Dietary Fluoride Supplement Schedule must be adhered to when administering dietary fluoride supplements for this objective.

C.

D.

E.

F. 1. Wisconsin Oral Health Program Annual Report will be provided and must be completed and submitted with documentation of the number of children, including age and community, who participated in the dietary fluoride supplement program.

2. SPHERE Community Report to include the data from the following screens: Community Activity (all appropriate fields) and Fluoride Supplement (no detail screen).

G. Technical assistance is available through the DHS Oral Health Program. Contact Robbyn Kuester, BSDH, RDH at (608) 266-0876 or Robbyn.Kuester@wisconsin.gov.
