

2016 Wisconsin Healthiest Families Supplement to GAC Objective

Objective Statement: By December 31, 2016, implementation and evaluation activities for the Wisconsin Healthiest Families Initiative will be undertaken by the agency in collaboration with community partners focusing on _____ (Select one focus area: family supports, child development, mental health or safety/injury prevention).

Note: The Wisconsin Healthiest Families objective will be available for one final transition year in 2016. Agencies must be at the implementation and evaluation/sustainability step to continue with this objective. If WHF activities do not address a new MCH performance measure, the agency is required to also select a new objective related to breastfeeding, safe sleep, developmental screening, smoking, adolescent suicide and/or adolescent transport-related injury.

Baseline		
Describe the coalition or collaborative group supporting your MCH work.		
Identify topics the coalition is addressing for the focus area. (Examples of Safety/Injury Prevention topics are suicide prevention, safe sleep, distracted driving.)		
Identify specific 4 th quarter activities for 2015.		
Describe how the previous year's work will direct the coalition's 2016 activities.		
Input Activities related to the selected step identified in the objective statement:		
Agency Activities How will the agency work with partners to accomplish implementation and evaluation activities?	Responsible Person Who will carry it out?	Timeframe When will it take place and for how long?
