Infection Preventionist Lunch and Learn Series

- A new call series for Infection Preventionists (IPs) of all care settings that:
 - Encourages learning, growing, and networking.
 - Provides education and information that is non-regulatory.
 - Discusses topics relevant to new IPs.
- Each session will have time set aside for Q&A.

Starting a New Role as an Infection Preventionist: Where do I Start?

Become Familiar With Your Facility

- Review the facility's current infection prevention risk assessment, program, goals, and policies.
- Determine what laws and accreditation standards apply to your facility (ex. CMS, WI State Statutes, Joint Commission)
- Set up meet & greets with leaders within the facility

Get Access to WEDSS

- The Wisconsin Electronic Disease Surveillance System allows IPs to investigate and report communicable diseases in Wisconsin.
- For access email: DHSWEDSS@wisconsin.gov

Connecting and sharing health information

Get Access to NHSN

- The National Healthcare Safety Network is used to track and analyze data to reduce or eliminate healthcare associated infections.
- Email Nancy Eberle at nancy.eberle@dhs.wisconsin.gov for questions.

Join APIC

- The Association for Professionals in Infection Control and Epidemiology connects Infection Preventionists with education and resources.
- Create your account online.
