Family Care Partnership and PACE Content Edits

Edit Number	Error Category	Program Edit Level	Edit Description
A001A	A	Batch Reject	The submission overlaps an existing accepted submission.
A002B	A	Batch Reject	A C/R record cannot reverse another C/R record
A004A	A	Batch Reject	A record of the same record type and adjustment type cannot reference the same parent record within the same submission.
A005A	A	Batch Reject	A record of the same record type and adjustment type cannot reference the same parent record from a previous submission.
D003D	R	Batch Reject	When the Data Source is a valid Data Source (exists in the master lookup table) then it must be valid for this organization.
D003E	R	Batch Reject	The Data Source must be found in the master lookup table.
D004B	R	Batch Reject	Duplicate Record ID's must not exist within different submissions.
D005A	A	Batch Reject	When the Record Type equals O, the Parent Record ID must be null.
D005B	A	Batch Reject	When the Record Type = C data must be provided in the Parent Record field.
D005C	A	Batch Reject	When the Record Type equals C the data in the Parent Record ID must exist as a Record ID for that organization
D005F	A	Batch Reject	The Parent Record ID cannot equal the Record ID.
D006D	A	Batch Reject	When Record Type equals "O" and the data is provided, the Original ID must equal the Record ID.
D007D	R	Batch Reject	For a denied transaction, Paid Amount must be zero.
D007E	R	Batch Reject	Claim Status must equal P for a member share transaction.
D008B	A	Batch Reject	Comparing numeric fields on a reversal to it's parent.
D008C	A	Batch Reject	The non-numeric data on the reversal adjustment record (CR) must be the same as its parent.
D008F	R	Batch Reject	Reversal adjustment record must exist before a new adjustment record is created.
D009A	A	Batch Reject	When the Record Type equals C, the Adjustment Type must equal R or N.

Revision Date:	11/12/09		C. J. Kooyman (Revision Author)

Edit Number	Error Category	Program Edit Level	Edit Description
D016D	S	Batch Reject	When the Claim Adjustment Reason Code 6 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D018B	P	Batch Reject	MA Billing Provider or Billing Provider ID must be provided.
D018C	P	Batch Reject	The MA Billing Provider ID must equal Submitter Organization ID for a member share transaction.
D018E	P	Batch Reject	When MA Billing Provider ID is provided, MA Billing Provider ID must exist in the master lookup table.
D018F	P	Batch Reject	When MA Billing Provider ID is provided, it must be within date range.
D019B	P	Batch Reject	When Billing Provider ID is provided, the Billing Provider ID Qualifier must be provided.
D019E	P	Batch Reject	The Billing Provider ID Qualifier must be one of the following VALUES: 24, 34, XX or CO.
D019F	P	Batch Reject	When a Health/Medical service is provided (determined by revenue code if supplied else procedure code), then the Billing Provider ID Qualifier or Rendering Provider ID Qualifier must be XX. Edit no longer applies to Self Directed Services.
D019G	R	Batch Reject	When Claim Type is PH (pharmacy), then the Billing Provider ID Qualifier must be "XX".
D020D	P	Batch Reject	When Billing Provider ID-Qualifier is provided, the Billing Provider ID must be provided.
D020E	P	Batch Reject	When the Billing Provider ID Qualifier is "XX", then a valid 10 digit NPI code must be provided in the Billing Provider ID Field.
D021A	P	Batch Reject	Billing Provider Last Name or Organization must be provided.
D024C	P	Batch Reject	The MA Rendering Provider ID must equal the Submitter Organization ID for a member share transaction.
D024D	P	Batch Reject	When the MA Rendering Provider ID is provided, it must exist in the master lookup table.
D024E	P	Batch Reject	When MA Rendering Provider ID is provided, it must be within date range.
D025D	P	Batch Reject	When Rendering Provider ID Qualifier is provided, it must equal 24, 34, XX, or CO.
D025E	P	Batch Reject	When Rendering Provider ID Qualifier is provided, the Rendering Provider ID must be provided.

Edit Number	Error Category	Program Edit Level	Edit Description
D025F	R	Batch Reject	When Claim Type is PH (pharmacy), then the Rendering Provider ID Qualifier must be "XX".
D026C	P	Batch Reject	When Rendering Provider ID is provided, the Rendering Provider ID-Qualifier must also be provided.
D026E	S	Batch Reject	When Rendering Provider ID is provided then the Rendering Provider Last Name must also be provided.
D026F	P	Batch Reject	When the Rendering Provider ID Qualifier is "XX", then a valid 10 digit NPI code must be provided in the Rendering Provider ID Field.
D027C	S	Batch Reject	When Rendering Provider Last Name is provided then the Rendering Provider ID must also be provided.
D030A	M	Batch Reject	Recipient ID must be provided.
D030D	M	Warning	Recipient ID must exist in the master lookup table.
D030H	M	Warning	When a valid Recipient is provided, it must have Pace Partnership eligibility.
D031A	M	Batch Accept	The Recipient Last Name must be provided.
D032A	M	Batch Reject	The Recipient First Name must be provided.
D035C	S	Batch Reject	When the Diagnosis Code Additional 2 is provided then the code must exist in the master lookup table.
D035D	S	Batch Reject	When the Diagnosis Code Additional 2 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D035E	S	Batch Reject	The Diagnosis Code Additional 2 must be null for member share.
D036C	S	Batch Reject	When the Diagnosis Code Additional 3 is provided then the code must exist in the master lookup table.
D036D	S	Batch Reject	When the Diagnosis Code Additional 3 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D036E	S	Batch Reject	The Diagnosis Code Additional 3 must be null for member share.
D037C	S	Batch Reject	When the Diagnosis Code Additional 4 is provided then the code must exist in the master lookup table.
D037D	S	Batch Reject	When the Diagnosis Code Additional 4 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).

Edit Number	Error Category	Program Edit Level	Edit Description
D037E	S	Batch Reject	The Diagnosis Code Additional 4 must be null for member share.
D038C	S	Batch Reject	When the Diagnosis Code Additional 5 is provided then the code must exist in the master lookup table.
D038D	S	Batch Reject	When the Diagnosis Code Additional 5 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D038E	S	Batch Reject	The Diagnosis Code Additional 5 must be null for member share.
D039C	S	Batch Reject	When the Diagnosis Code Additional 6 is provided then the code must exist in the master lookup table.
D039D	S	Batch Reject	When the Diagnosis Code Additional 6 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).

D040C	S	Batch Reject	When the Diagnosis Code Additional 7 is provided then the code must exist in the master lookup table.
D040D	S	Batch Reject	When the Diagnosis Code Additional 7 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D040E	S	Batch Reject	The Diagnosis Code Additional 7 must be null for member share.
D041C	S	Batch Reject	When the Diagnosis Code Additional 8 is provided then the code must exist in the master lookup table.
D041D	S	Batch Reject	When the Diagnosis Code Additional 8 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D041E	S	Batch Reject	The Diagnosis Code Additional 8 must be null for member share.
D042A	S	Batch Reject	Service Date From must be provided.
D043A	D	Batch Reject	Service Date To must be provided.
D043C	S	Batch Reject	The Service Date To must be greater than or equal to the Service Date From.
D043D	S	Batch Reject	If Claim Type = Pharmacy, Service Date To must be less than or equal to posting date.

Edit Number	Error Category	Program Edit Level	Edit Description
D043F	S	Batch Reject	Service Date To cannot be more than 13 months after the Posting Month
D044C	S	Batch Reject	When Place of Service code is provided, it must exist in the master lookup table.
D044D	S	Batch Reject	When Place of Service Code is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D044E	S	Batch Reject	The Place of Service must be null for a member share transaction.
D044G	S	Batch Reject	If Claim Type = professional, Place of Service must be provided.
D046C	S	Batch Reject	When Procedure Code is provided then the code must exist in the master lookup table.
D046D	S	Batch Reject	WHEN the PROCEDURE Code IS provided AND the code IS IN the master lookup TABLE THEN it must be within DATE RANGE USING runout period END DATE (based ON dates OF service).
D046F	S	Warning	Dates of service are greater than Procedure Code's end date and less than or equal to Procedure Code's grace period end date.
D046G	S	Batch Reject	Procedure Code or Revenue Code is required.
D046H	S	Warning	The Dates of Service are greater than Procedure Code's end date and is less than or equal to Procedure Code's run out period end date
D046K	S	Batch Reject	When Claim Type = Pharmacy, then either a valid NDC Code, or a valid OTC Code is required.
D046L	S	Batch Reject	The Dates of Service must be between the Code Effective From Date and the Code Effective Through Date.
D047C	S	Batch Reject	When Procedure Code Modifier 1 is provided, it must exist in the master lookup table.
D047D	S	Batch Reject	When the Procedure Code Modifier 1 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D047E	S	Batch Reject	When Modifier(s) is (are) provided, the data must start with Procedure Code Modifier 1, and be filled sequentially without gaps.
D048C	S	Batch Reject	When Procedure Code Modifier 2 is provided, it must exist in the master lookup table.

Edit Number	Error Category	Program Edit Level	Edit Description
D048D	S	Batch Reject	When the Procedure Code Modifier 2 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D049C	S	Batch Reject	When the Procedure Code Modifier 3 is provided, it must exist in the master lookup table.
D049D	S	Batch Reject	When the Procedure Code Modifier 3 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D050C	S	Batch Reject	When the Procedure Code Modifier 4 is provided, it must exist in the master lookup table.
D050D	S	Batch Reject	When the Procedure Code Modifier 4 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D051C	S	Batch Reject	When the Revenue Code is provided, it must exist in the master lookup table.
D051D	S	Batch Reject	When the Revenue Code is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D052A	S	Batch Reject	Quantity must be provided.
D052F	S	Batch Reject	Quantity must reflect the same sign as the dollar fields.
D052I	S	Batch Reject	Quantity must be null for a member share.
D052J	S	Batch Reject	The Quantity must be greater than or equal to zero for an encounter transaction.
D056A	S	Batch Reject	Charges must be provided for an encounter transaction.
D056B	S	Batch Reject	Charges must be null for member share.
D056E	S	Batch Reject	The signs (+/-) for Charges, Allowed Amount, Total Medicare Paid Amount, Other Payer Paid Amount (Primary), Other Payer Paid Amount (Secondary) and Paid Amount must be the same.
D056F	S	Batch Reject	Charges must be greater than or equal to zero for an encounter transaction.
D057B	S	Batch Reject	Receipt Date must be less than or equal to Posting Date.

Edit Number	Error Category	Program Edit Level	Edit Description
D057C	S	Batch Reject	The Receipt Date must be provided.
D058A	S	Batch Reject	Paid Amount must be provided.
D058D	S	Batch Reject	Paid Amount must be a negative amount for a member share transaction.
D058E	S	Warning	When Claim Status=Paid, and the Sum of Total Medicare Paid Amount plus Other Payer Paid Amount (Primary) plus Other Payer Paid Amount (Secondary)=0 or null, then the Paid Amount must be greater than 0.
D058F	S	Warning	The Paid Amount will be less than or equal to Charges, when both are provided.
D058G	S	Batch Reject	Paid Amount must be greater than or equal to zero for an encounter transaction.
D059B	R	Batch Reject	Posting date must be greater than or equal to Header's begin Posting date.
D059C	R	Batch Reject	Posting date must be less than or equal to Header's End Posting date.
D060C	S	Batch Reject	For a member share transaction, the TPL Paid Amount must equal 0.
D060D	S	Batch Reject	TPL Paid Amount must be provided.
D060E	S	Batch Reject	TPL Paid Amount must be greater than or equal to zero.
D061C	S	Batch Reject	The Allowed Amount must be null for a member share transaction.
D061E	S	Batch Reject	When supplied the Allowed Amount must be greater than or equal to zero for an encounter transaction.
D062E	S	Batch Reject	Support indicator must equal "S" or "C" for an Encounter transaction.
D062F	S	Batch Reject	Support Indicator must equal "N" for member share.
D063C	A	Batch Reject	When Support indicator equals N, then Member Share must equal C, R, S, or V.
D071B	M	Batch Reject	When the Recipient birth date is provided, it must be less than or equal to the FDOS.
D071C	M	Batch Reject	When the Recipient Birth date is provided and the Service Date From is provided, then the Birth date + 150 years must be >= Service Date From.

Edit Number	Error Category	Program Edit Level	Edit Description
D071D	M	Warning	When the Recipient Birth Date is provided and the Recipient is found in the Recipient Master file with a DOB, then the Recipient Birth Date must = DOB in Recipient Master File.
D071E	M	Batch Reject	When both the Recipient Birth date and the Recipient Death date is provided, then the Death date must be >= the Birth date.
D072B	M	Warning	When the Recipient Death Date is provided, it must be less than or equal to the Posting Date.
D072C	M	Batch Reject	When the Recipient Death date is provided and the Service Date To is provided, then the Death date + 2 months must be >= Service Date To.
D072D	M	Warning	When the Recipient Death date is provided and the Recipient is found in the Recipient Master file with a DOD then the Recipient Death date must equal DOD in Recipient Master File.
D072E	S	Warning	When the MMIS recipient Master table has a death date, the death date must be provided.
D073A	S	Batch Reject	When the DRG is provided it must exist in the lookup table.
D073E	S	Batch Reject	When the DRG is provided and found in the lookup table, then it must be within date range(based on dates of service).
D073F	S	Batch Reject	DRG must be null for member share.
D075C	S	Batch Reject	When the Diagnosis Code Principal is provided then the code must exist in the master lookup table.
D075D	S	Batch Reject	When the Diagnosis Code Principal is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).
D075E	S	Batch Reject	Diagnosis Code Principal must be null for member share.
D075F	S	Batch Reject	When any number of diagnoses codes are provided, the data must start with the Diagnosis Code Principal, and each subsequent diagnosis code field must be filled consecutively without gaps.
D076C	R	Batch Reject	When Service Delivery type is a valid Service Delivery type (exists in the master lookup table) then it must be valid for this organization.
D076D	R	Batch Reject	Service Delivery Type must exist in the master lookup table.

Change Log

Date	Changes	Changed By	Remarks/Reason
06/30/2007	Document is baselined at version 4. From now on, all changes will be implemented into the baseline document, and documented into the change log.	S Aziz	One time document baselining
07/19/2007	Changed edit description for D061E. Added "When supplied"	R Johnson	Bug 2271
07/25/2007	Changed existing XML tag names to new XML tag names.	R Johnson	Content Edits: WPP
09/12/2007	Document format revisions.	R Johnson	Content Edits: WPP
12/12/2007	Added WPP COB content edits: D103B & C, D104B, C & D, D105B & C, D106B, C & D, D107B & C, D108B, C & D, D109B, C.	R Johnson	WPP Content edits: COB Implementation 01/2008. Refer to Bug 2242.
12/12/2007	Edit D006E description and error message changed to: When Record Type = O or C with an adjustment type of N, Original ID must be provided. MISSING DATA: Original_id was not provided.	R Johnson	FC, WPP & SSI Content Edit: Refer to Bug 2317.
02/22/2008	D109B - Edit has been obsoleted. D109C - Edit severity has been changed from a Batch Accept to a Warning.	R Johnson	Bug 2242 – received email from R Haessly
04/30/2008	Updated the doc to be in sync with the edit management screen in the app	U Raichur	Updating the doc to be published onto the website.
05/30/2008	NPI Edits added (D019G, D025F and D026F). D020E was modified. Removed D098E.	P Schmoller	Bugzilla #2338
09/12/2008	Added Edit D046L for reading HIPPS table for procedure codes.	P Schmoller	Changed per Bugzilla 2363.
11/13/2008	Removed Edit D006C – obsolete.	P Schmoller	Changed per Bugzilla 2385.
11/17/2008	Changed severity to Batch Accept for edits D019G, D020E, D025F and D026F.	P Schmoller	Changed per Bugzilla 2384.
06/04/2009	Added D046G and removed D046I.	P Schmoller	Changed per Bugzilla 2421 and CO 28665.
11/12/2009	Edit A002B. changed edit description wording from "... A C/R record cannot be followed by a C/R record..." to "... A C/R record cannot reverse another C/R record..."	cjkooyman	changed to what is found in production
11/12/2009	Edit D003D. changed edit description wording from "... in the master lookup table), it must be ..." to "...in the master lookup table) then it must..."	cjkooyman	changed to what is found in production
11/12/2009	Edit D004B. changed edit description wording from " Duplicate Record ID." to " Duplicate Record ID's must not exist within different submissions."	cjkooyman	changed to what is found in production
11/12/2009	Edit D005B. changed edit description wording from "... When the Record Type equals N or C, the Parent Record ID must be provided." to "When the Record Type = C data must be provided in the Parent Record field."	cjkooyman	changed to what is found in production
11/12/2009	Edit D005C. changed edit description wording from " When the Record Type equals N or C, the data in the Parent Record ID must exist as a Record ID for that MCO." to " When the Record Type equals C the data in the Parent Record ID must exist as a Record ID for that organization."	cjkooyman	changed to what is found in production
11/12/2009	Edit D006D. changed edit description wording from " When Record Type equals "O" the original ID must equal the Record ID." to "When Record Type equals "O" and the data is provided, the Original ID must equal the Record ID."	cjkooyman	changed to what is found in production
11/12/2009	D007D. Edit severity changed from "Warning" to "Batch Reject". / changed edit description from "The Paid Amount for a denied transaction must be zero." to "For a denied transaction, Paid Amount must be zero.".	cjkooyman	changed to what is found in production
11/12/2009	Edit D007E. Edit severity changed from 'Batch Accept' to 'Batch Reject'. / Edit description changed from "The claim..." to "Claim..."	cjkooyman	changed to what is found in production
11/12/2009	Edit D008B. Edit description changed from " The numeric data on the reversal adjustment record (CR) must be the inverse of its parent." to "Comparing numeric fields on a reversal to it's parent."	cjkooyman	changed to what is found in production

11/12/2009	Edit D008C. Edit description changed from "The non-numeric data on the reversal adjustment record (CR) must be the same as its parent." to " Comparing alpha and date fields on a reversal to it's parent.".	cjkooyman	changed to what is found in production
11/12/2009	Edit D008F. Edit description changed from "The reversal adjustment..." to "Reversal adjustment ..."	cjkooyman	changed to what is found in production
11/12/2009	Edit D009B. Edit description changed from " When the Record Type equals O or N, the Adjustment Type must be null." to "When Record Type = O Adjustment Type must be null."	cjkooyman	changed to what is found in production
11/12/2009	Edit D010D. Edit description changed from "When the Record Type equals O, the Adjustment Type Detail must be null." to " When the Record Type = O, the Adjustment Type Detail must be null".	cjkooyman	changed to what is found in production
11/12/2009	Edit D011C. Severity changed from 'Batch Accept' to 'Batch Reject'. Edit description changed from " When a Claim Adjustment Reason Code is provided, the code must exist in the master lookup table." to " When the Claim Adjustment Reason Code is provided then the code must exist in the master lookup table.".	cjkooyman	changed to what is found in production
11/12/2009	Edit D011D. Severity changed from 'Batch Accept' to 'Batch Reject'. /	cjkooyman	changed to what is found in production
11/12/2009	Edit D011G. Severity changed from 'Batch Accept' to 'Batch Reject'. / Edit description changed from ' When multiple Claim Adjustment Reason Codes are provided, the data must start with Claim Adjustment Reason Code field and the additional Claim Adjustment Reason Codes must sequentially fill the additional fields without gaps.' to ' When Claim Adjustment Reason Code(s) is (are) provided, the data must start with Claim Adjustment Reason Code, and be filled sequentially without gaps.'.	cjkooyman	changed to what is found in production
11/12/2009	Edit D011H. Edit severity changed from 'Batch Accept' to 'Batch Reject'. / Description changed from ' When Claim Type is Non-pharmacy (i.e., Dental, Institutional, Outpatient or Professional) and Paid Amount is less than Charges, Claim Adjustment Reason Code must be provided.' to ' When Claim Type is Institutional or Professional (i.e., non-pharmacy and non-dental) and Paid Amount is less than Charges, Claim Adjustment Reason Code must be Provided.'.	cjkooyman	changed to what is found in production
11/12/2009	Edit D011I. Severity changed from "Batch Accept" to "Batch Reject".	cjkooyman	changed to what is found in production
11/12/2009	Edit D012C. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from ' When a Claim Adjustment Reason Code 2 is provided, the code must exist in the master lookup table.' to ' When the Claim Adjustment Reason Code 2 is provided then the code must exist in the master lookup table.'.	cjkooyman	changed to what is found in production
11/12/2009	Edit D012D. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from "... lookup table, it must also be within the date range (based on service dates)." to "... lookup table, then it must be within date range (based on dates of service).".	cjkooyman	changed to what is found in production
11/12/2009	Edit D013C. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from "When a Claim Adjustment Reason Code 3 is provided, it must exist in the master lookup table." to " When the Claim Adjustment Reason Code 3 is provided then the code must exist in the master lookup table."	cjkooyman	changed to what is found in production
11/12/2009	Edit D013D. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from "...lookup table, it must also be within..." to "... lookup table, then it must be within..."	cjkooyman	changed to what is found in production
11/12/2009	Edit D014C. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from " When a Claim Adjustment Reason Code 4 is provided, it must exist in the master lookup table." to " When the Claim Adjustment Reason Code 4 is provided then the code must exist in the master lookup table.".	cjkooyman	changed to what is found in production
11/12/2009	Edit D014D. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from " When the Claim Adjustment Reason Code 4 is provided and the code is in the master lookup table, it must also be within the date range (based on service dates)." to " When the Claim Adjustment Reason Code 4 is provided and the code is in the master lookup table, then it must be within date range (based on dates of service).".	cjkooyman	changed to what is found in production
11/12/2009	Edit D015C. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from " When a Claim Adjustment Reason Code 5 is provided, it must exist in the master lookup table." to " When the Claim Adjustment Reason Code 5 is provided then the code must exist in the master lookup table."	cjkooyman	changed to what is found in production
11/12/2009	Edit D015D. Severity changed from "Batch Accept" to "Batch Reject". / Edit description changed from " When the Claim Adjustment Reason	cjkooyman	changed to what is found in production
