

Administrative Renewals Update

Initial Pilot Results

Criteria	February	March
Number of households with Health Care eligibility due for renewal in the following month	2,030	1,990
Number of households who met the pre-screening criteria for administrative renewal eligibility evaluation	744 (37%)	795 (40%)
Number of households who met the pre-screening criteria for administrative renewal eligibility after second screening	258 (13%)	
Number of households administratively renewed	204 (10%)	

February Exclusion Examples

- Extension, age-related, or other time-limited categories, for example:
 - Extension assistance group without a premium (MAGE) due for renewal (168)
 - Pregnant women (MAGP) with pregnancy due date before renewal date (105)
- BC+ tax deductions (521)
- Open NP or NS EBD Medicaid assistance group with a met or unmet deductible (126)
- Self-employment income (290)
- No or unverified Social Security Number (232)
- Active, non-deleted employment with no new Equifax or old Equifax or SWICA match (395)
- Potential unreported employment income based on data exchange information (251)

IM Central Feedback

There have been no notable questions from members regarding the process or correspondence.

Pilot Activities and Observations

We have been evaluating the results, system performance, and exclusion reasons to determine the need for modifications, recommendations, or additional communication and/or training.

- Actions taken to improve the process:
 - Fixed SWICA interface exception
 - Resolved DWD (New Hire, SWICA) data exchange errors
 - Updating DWD's Wisconsin Employer Database
- Recommendations for IM Workers:
 - Act on alerts to run/close cases, process items, etc.
 - Enter correct FEIN numbers
 - Delete old employment
