

# **Data Exchange Modernization (SDX, BENDEX & SOLQ-I)**

**IMAC Presentation**

January 2025

# Overview

Effective February 22, 2025, the Social Security Administration (SSA) data exchange and other pages in CWW will be enhanced to:

- Fix reported data exchange problems and other problems identified during project research
- Decrease discrepancies and alerts
- Improve worker efficiency

# Changes to CWW

# Data Exchange Query Page

The following new query fields will be added to the Data Exchange Query page.

1. View SSA Benefit Change Summary History (BENDEX, WTPY) – when selected, workers navigate to the new SSA Historical Information Summary page.
2. View SSI Benefit Change Summary History (SDX, WTPY, State SSI) – when selected, workers navigate to the new SSI Historical Information Summary page.
3. View SSBC Potential Duplicate Benefits in Another State – when selected, workers navigate to the SSA Details page for ONLY SSBC records.

# SSA Historical Information Summary Page

A new SSA Historical Information Summary page will be added to CWW.

This page is a summary view of historical SSA information containing “true” changes, sorted by income type. “True” changes include changes to the following:

- SSN or SSN Claim Number
- Date of Death
- Income Type or Payment Status
- Gross or Net Benefits amounts
- Initial or Current Entitlement month
- Disability Onset Date
- Dual, Triple Entitlement Claim or Indicator
- Cross Reference Claim
- Over Payment Deduction Amount or End Date
- Direct Deposit Code
- Medicare Eligibility, Entitlement or Termination Date
- Medicare Payor
- Railroad Indicator
- Payee Address or Zip Code
- SSI Overpayment or Garnishment Amount Withheld

# SSA Historical Information Summary Page

## Cont'd

This page is accessed from the Data Exchange Query page after clicking on the view SSA Benefit Change Summary History (BENDEX, WTPY) radio button.

By clicking the magnifying glass the worker navigates to the new SSA Benefit and Medicare Details page.

**Note:** On February 22, 2025, the latest SSA match received for each income type will display as Conversion to create the first record on the summary page.

# SSI Historical Information Summary Page

Like the SSA Historical Information Summary page, the new SSI Historical Information Summary page is a summary view of historical SSI information containing “true” changes. “True” changes include changes to the following:

- Payment Status Effective Date
- SSI Gross Amount
- Gross Federal SSI Amount
- Gross State SSI Amount
- SSI Assistance Amount
- Recoupment Amount (Federal SSI Overpayment)
- Gross SSI-E Amount
- SISS/SISE/CTS Recoupment Amount (State SSI Overpayment)
- Net SSI Amount
- Over/Under Payment Indicator
- State Grandfather Indicator
- MA Eligibility Code
- Eligibility Begin Date

# SSI Historical Information Summary Page Cont'd

This page is accessed from the Data Exchange Query page after clicking on the view SSI Benefit Change Summary History (SDX, WTPY, State SSI) radio button.

By clicking the magnifying glass, the worker will be navigated to the new SSI Benefit Details page.

**Note:** On February 22, 2025, the latest SSI match received will display as Conversion to create the first record on the summary page.

# SSI Data Exchange Payment Details Page (Current)

The following enhancements will be made to the SSI Data Exchange Payment Details page:

1. Source description text will be updated to display:
  - NON WTPY – STATE (Updated weekly)
  - SOLQ-I – Real Time Update (application, person add, renewal)
  - WTPY
2. The null display in the Payment Status/Effective Date row will be fixed to correctly populate the Payment Status/Effective Date or a blank.

**Note:** On occasion, the SSI Data Exchange Details page may be used for historical research as the new SSI Historical Information Summary page is updated with changes over time. Only the last record prior to implementation displays on the new historical summary pages.

# Auto-Update Enhancements

The Unearned Income, Medicare, and Benefits Received pages are auto updated based on the data received in CARES from the SSA via BENDEX/WTPY/SOLQ-I.

- Sometimes the SSA sends Social Security payment information before an individual is entitled to the payment. As a result, BENDEX Begin Date logic will be updated to accurately populate the Begin Month field on the Unearned Income and Benefits Received pages in the future month.
- Currently, SOLQ-I is updating multiple sequences of end dated records. After implementation, if a repeating \$0 amount is received, no sequence will be created or updated for the \$0 record on the Unearned Income and Medicare pages.

# Alerts and Case Comments Enhancements

The following alerts will no longer be created. Instead, a case comment will be entered.

- *370 – FYI SS INCOME UPDATED*
- *371 – NEW SS INCOME ADDED*
- *381 – MEDICARE INFO END DATED*
- *382 – SS INCOME END DATED*

# New Alerts

The following new alerts will be created:

- *635 - VERIFY INDIVIDUAL INCOME TYPE SSRE OR SSDI* will display when the member is receiving SSRE but applied for disability through SSA.
- *636 - CONTACT SSA TO VERIFY THE DEFERRED PAYMENT AMOUNT* will display when the benefit payment status code is a deferred status type.

**Note:** More information about these (and other changes/fixes) will be communicated in a separate SSA DX CARES Bulletin prior to implementation.

# SDX Discrepancy Enhancements

Currently, during the SOLQ-I process, the following discrepancy is created in situations where a Federal SSI payment exists without a State SSI payment:

- Federal SSI – Add State SSI (SISS)

After implementation, this discrepancy will be created with the BENDEX batch process.
