

Wisconsin Department of Health Services

Division of Public Health (DPH) Bureau of Communicable Diseases & Emergency Response SPRING SEMINARS 2014

- WHAT:** A one-day regional seminar on communicable disease issues in Wisconsin, held in three DPH regions.
- WHO:** The seminar is intended primarily for local, tribal, and regional public health officials who are working in communicable disease surveillance, control, and prevention. Infection control professionals are also encouraged to attend.
- PURPOSE:** To improve the surveillance and control of communicable diseases in Wisconsin by presenting new data and discussing emerging issues with key public health partners.
