The Department of Health Services Working to Address
Long-Term Care Workforce Challenges

OUR GOALS
• To increase the number of nurse aides available to work in Wisconsin nursing homes
• To inform the public about the benefits of working in a Wisconsin nursing home and the opportunity to make a difference

FEBRUARY / MARCH 2018 PROGRAM UPDATE

PARTICIPATION TO DATE
  14 Technical colleges with approved nurse aide training programs
  17 Nursing homes with approved nurse aide training programs
  295 Nursing homes that agree to pay $500 retention bonus
  500 Students registered in WisCaregiver Careers

WHAT’S NEW

STUDENT REGISTRATION
We’re off to a great start! In just a few weeks and with limited social media and media, 500 students have signed up to be a part of the WisCaregiver Career program. We are encouraged by the large number of individuals who are taking the first step to begin their career as a caregiver in Wisconsin nursing homes and taking advantage of this great opportunity.

MEDIA LAUNCH – APRIL 30, 2018
Watch for the launch of our media campaign for WisCaregiver Careers on April 30 by Pigorsch Media Design! The comprehensive marketing package will use radio, television, Twitter, and Facebook to highlight the benefits of the program and feature staff in Wisconsin nursing homes talking about the rewards of caring for Wisconsin’s elders.

WEBINAR SERIES WORKFORCE SOLUTIONS
Beginning March 1, the Department of Health Services (DHS) began hosting a series of webinars featuring nursing home staff and other experts in the field sharing their best practices for successful recruitment and retention of staff.

Our inaugural webinar featured Denise Boudreau-Scott, speaking on the importance of employee engagement. The webinar was very well received, with over 160 staff tuning in. The recording and PowerPoint from the webinar can be found at https://www.dhs.wisconsin.gov/caregiver-
The April 5 Workforce Solutions webinar will feature Jill Gengler, Nursing Home Administrator at Colfax Health and Rehabilitation Center, and Cagney Martin of North Central Health Center, speaking on **Best Practices for Facility Recruitment and Retention**. Join us on April 5 from 1:30-2:30 p.m. at https://connect.wisconsin.gov/wiscaregiver_career/.

**Jill Gengler, Nursing Home Administrator.** Jill Gengler is the NHA at Colfax Health and Rehabilitation Center (CHRC). She joined the organization eleven years ago and is honored to have been selected to lead a facility with such a long-standing reputation for quality and care.

In her service to CHRC, Jill has managed a Medicare certification, completed a conversion to a not-for-profit organization, and directed a successful capital campaign and the construction of a new expanded health care campus. She currently manages the skilled nursing facility, community-based residential facility, residential care apartment complex, and independent care services provided at the new campus.

Jill received her degree in health care administration from the University of Wisconsin – Eau Claire and started her career in Milwaukee with a large health care organization where she held a variety of roles, including Assistant Administrator, Executive Director, and Director of Special Projects.

She currently resides in Bloomer with her husband, Steve, and their three beautiful daughters --- Lauren, Stephanie, and Jessica.

**Cagney Martin, Nursing Home Staff Development.** “The summer I graduated from high school, I decided to take the CNA class. Since my grandmother was a CNA and so was my mom, it seemed like the thing I should do. I worked at North Central throughout my college years in that role. After graduating with a degree in psychology, I took a Life Enrichment Coordinator position with North Central on our dementia neighborhoods. Last year, after nine years in life enrichment, I was offered the Nursing Home Staff Development position. Currently, I train all new CNAs and provide continuing education to all our current CNAs.”
